By Associated Press.

LONDON, Aug. 11.—The British warship Ramsey has been sunk in the North Sea by the German steamer Meteor, it was officialyy announced tonight. The Meteor, as she was being chased by British vessels, was blown up by her commander, the statement adds.

The text of the statement follows:

"H. M. S. Ramsey, Lieutenant S. Raby, R. N. R., a small armed patrol vessel, was sunk by the German armed fleet auxiliary steamer Meteor on the 8th of August in the North Sea. Four officers and 39 men were saved."

BERLIN, via London, Aug. 11, 4:10 p. m.—The German war office announced today the occupation of the fortress of Benjamineow, which lies to the east of Novogeorgievsk, the Russian stronghold on the Vistula, northwest of Warsaw.

SLAVS MAY EVACUATE KOVNO

By Associated Press.

LONDON, Aug. 11, 1:06 p. m.—The German attack on the fortress of Kovno has been pressed close. Reuter's correspondent at Petrograd points out that the village of Piple, on which the Germans have retained their hold, notwithstanding the fierce counter-attacks of the Russians, is only six miles west of Kovno. It lies on the left bank of the Niemen.

Preparations are under way for the possible evacuation of the fortress. All military supplies and government properties have been removed and factories are being dismantled.

A Zeppelin has appeared for the first time over the fortress of Dvinsk on the Dvina, 110 miles southeast of Riga. The airship circled the ramparts.

DARDANELLES STRATEGIC

By Associated Press.

LONDON, Aug. 11, 12:47 p. m.—Recognition of imperative importance to the allies of forcing the Dardanelles, as the shortest road to retrieving Russian reverses and regaining the initiative now in the hands of Germany, is demonstrated amply by the sudden landing of British forces in the vicinity of Karahali, on the north of the Gulf of Saros, and resumption of the offensive both at the southern end of Gallipoli peninsula and north of Gaba Tepe.

The Australians and New Zealanders recently have been strengthening their positions at Geba Tepe. The new landing place on the Gulf of Saros being on the flank and rear of the Bulair lines, if developed, would menace the strong Turkish defenses across the neck of the peninsula. Coming at this time, when there is so much discussion whether Germany will attempt to crush Serbia preparatory to linking forces with Turkey by way of Bulgaria, these developments at the Dardanelles assume a special importance.

RUSSIANS STILL HIT HARD.

As yet there is no proof that the Germans have withdrawn, or are preparing to withdraw, any considerable proportion of their forces from the eastern front. On the contrary, the offensive which led to the fall of Warsaw has not been relaxed and

BELIEVE MYSTERY MAN IS COLLEGE TEACHER

By Associated Press.

SAN JOSE, Aug. 11. — "Harry Walker," who is believed to be Cecil F. Lavell, instructor in the Ohio State University at Columbus, O., showed signs of returning memory of his affairs today. Since he came under the care of physicians at the county hospital a week ago it has been found that his description tallies with that of Lavell as given to the police when he disappeared in Canada November 24, 1913.

Lavell, if it is he, has described accurately Columbia and other universities and has shown in other ways that he spent much time with educators in the East. He has made efforts to remember something of his wife, but he said his mind is vague on all things closely touching him.

Physicians, however, state that they are confident their care of him will strengthen his memory.

RECORD AT COLUMBIA.

COLUMBUS, O., Aug. 11.—Professor Cecil F. Lavell, who, it is believed, has been found in San Jose, Cal., suffering from loss of memory, was a teacher in the college of education at Ohio State University when he disappeared in November, 1913. He had been "borrowed" from Columbia University.

Professor Lavell went to Canada and was last seen at a small town, where

MAGNIFICENT PILE WILL CROWN SIERRA

Mrs. Anita M. Baldwin, daughter and heiress of the late California horseman, E. J. ("Lucky") Baldwin, and mistress of Anoakia and Santa Anita Rancho, near Los Angeles, is to build a magnificent summer hotel and a splendid summer home on the shores of Lake Tahoe. She made this announcement here today upon her return from a two-weeks' visit to the lake. She has already worked out her own tentative plans for the new investments and has them ready to turn over to the contractor.

The hotel will be one of the most pretentious and costly summer hotels in the West, according to Mrs. Baldwin's description. It will be erected on the old Baldwin property, close to the site of the present Hotel Tallac, which Mrs. Baldwin also owns. It will be fireproof throughout and will be constructed of hollow tiles, faced with granite.

It will be built in the general style of a Norman castle.

"The majesty of the scenery around Tahoe," said Mrs. Baldwin, "demands a 'stronghold' of such a character. A Swiss chalet would look too puny and couldn't be made absolutely fireproof, and there would be no economy in building such a structure where there is so little fire protection. My new hotel will contain all that implies comfort, convenience, safety and sanitation. I am working on the

VILLA GANG THREATENS WOMAN

Mrs. H. Stenzel of San Leandro Has Narrow Escape

Mexican Horsemen Circle Auto in Race Through Sand

After facing scores of dangers, known and unknown, and undergoing all of the hardships incident to traveling through a war-torn nation, Mrs. H. Stenzel, wealthy woman of the San Lorenzo district, returned to her home near San Leandro today, after narrowly escaping capture, imprisonment and possible death at the hands of a band of Villistas.

The attempted capture of Mrs. Stenzel and her two children was made more than 100 miles from the California-Mexico border, when a band of the wild horsemen who roam about bleeding Mexico, practicing their guerilla warfare, sighted the Stenzel machine and gave chase on fleet cow-ponies. The big car was handicapped in the race by the depth of the sand in the roads through the desert country, and it was only after an exciting chase of 20 miles that the party left the pursuing Mexicans behind.

Mrs. Stenzel is a motoring enthusiast. Undaunted by the tales of war and its horrors, she left here a month ago with her two children and a chauffeur and motored into the cactus land of revolutions. The little party drove to Mexico City, Mrs. Stenzel at the wheel for many hundred miles of the way. Little or no trouble was encountered on the trip to the Mexican capital, although many heartrending sights were encountered by the autoists.

CARRANZA OFFERS HELP.

After remaining in Mexico City for several days the party started on its return journey. One of the chiefs of the Carranza, or Constitutionalist, faction courteously placed one of his men in the tonneau of the car, with instructions to remain with the party until the California line was reached, that he might serve as a bodyguard to the woman and her two children.

"We had no trouble out of the ordinary until we got to within 100 miles of the border," Mrs. Stenzel said today, calm despite her experiences. While plodding along through a desert, in which the roads were almost impassable because of the sand, we suddenly saw a band of horsemen

Belated Discovery of Suicide Is Made

James Phillips of San Francisco committed suicide at the Hotel Menlo about three days ago and the fact was not discovered until this afternoon. He left many letters, stating that he had seen all that he wanted to and that no one will ever see any more of him. The letters are of a rambling nature. Several empty whisky flasks were found in the room. It is believed he shot himself through the head. A revolver with one empty shell was found beside him. Deputy Coroner Brennan will make a thorough investigation.

U. S. REVISES WESTERN R. R. RATES

Interstate Commerce Decision Affects Over 2300 Roads

Freight Tariff Raised and Lowered by Commission

WASHINGTON, Aug. 11.—The Interstate Commerce Commission granted today a portion of the freight rate increases asked by the western railroads and refused to sanction others.

The advances which the roads are allowed are comparatively small. On the items which would have netted the greatest revenue, the increases were denied.

On the ground that their income was too low, the roads asked for increases in carload rates on commodities, but did not ask for any uniform advance. Their program would have increased their income approximately $10,000,000 a year.

The majority of the commission in refusing the principal increases took the view that some of the roads which were in straits suffered from bad management and financial oppressions.

RAILROADS AFFECTED.

Cosmissioners Daniels and Harlan, the minority, agreed with all the increases granted, contended that others should have been allowed, and held that improper financial management should not debar the roads from receiving reasonable rates for service.

The decision affects all the roads west of the Mississippi River and in the southwest. Indirectly it affects every railroad in the United States.

The commission summarized its findings as follows:

COMMISSION'S DECISION.

The commission summarized its decision as follows:

"Proposed increased carload rates grain and grain products considered as one commodity not justified.

"Proposed increase from 30,000 pounds to 40,000 pounds in the minimum carload weight of grain products justified.

"Proposed increased carload rates on live stock not justified.

"Proposed increased carload rates on packing house products and fresh meats, except as indicated between points on the Missouri River, not justified.

"Proposed increased carload rates on fertilizer and fertilizer materials not justified.

INCREASE JUSTIFIED.

"Proposed increased rates on bituminous coal except as to South Dakota points, justified. The rates on coke here proposed which are the same as on coal, justified.

"Proposed increased carload rates on brewers' rice and less than carload rates on domestic rice justified.

"roposed increased carload rates on broom corn not justified.

"Proposed increased import rates and proposed increases in carload minima from Gulf ports justified.

"Proposed increased carload rates on fruit and vegetables justified.

"Proposed increase carload rates on hay and straw where not in excess of Class C justified.

Armed Guards Watch Mrs. Rockefeller's Grave

CLEVELAND, O., Aug. 11.—The body of Mrs. John D. Rockefeller today is buried in Lakeview cemetery here. The utmost secrecy surrounded the interment, and armed guards have been stationed at the grave. The body arrived here yesterday from Sleepy Hollow, near Tarrytown, N. Y., where it had been in the John D. Archbold vault since Mrs. Rockefeller's death, March 12.

BERKELEYANS MAY IMPORT LIQUOR

BERKELEY, Aug. 11.—In an opinion submitted today to Police Chief Vollmer, City Attorney Frank D. Stringham holds that liquor may be delivered to anybody in this city, provided it is sent from a point outside the state. Henceforth, according to Stringham, any Berkeley citizen can be his own importer without fear of running athwart the law.

"I advise you," declares Stringham, "that unless a decision to the contrary is hereafter rendered by the Supreme Court of the United States, that carriers may deliver liquors which are shipped from other states to patrons in Berkeley for their own personal use, but such liquors are delivered at the risk of the carrier with reference to their subsequent use and to the time when title passes. Such interstate transportation may be continuous and goods cannot, for example, be shipped to other points in the state and reshipped to Berkeley, even in the original package."

MARAUDERS INVADE TEXAS

By Associated Press.

BROWNSVILLE, Tex., Aug. 11.—Forty or fifty Mexicans were in a running fight this afternoon about 12 miles from Harlingen with a detachment of soldiers reinforced by a citizens' posse. These same Mexicans were seen earlier in the day trotting their horses westward toward Mercedes. There were then about 40 of them.

New 'Army of Liberation'

By Associated Press.

BROWNSVILLE, Texas, Aug. 11.—Officers here today, when informed of the Washington report that Carranza soldiers have been crossing into Texas, said that they have information that for several days thirty to forty Mexicans daily have been crossing into Texas. Some of them appeared to have been Carranza soldiers. Many carried three cartridge belts.

Rangers today captured in Hidalgo county, west of here, a flag bearing the words in Spanish: "Army of Liberation for Mexicans in Texas."

Three Battleships Sent

WASHINGTON, Aug. 11.—Secretary Daniels late today denied reports that the Atlantic fleet at Newport, Rhode Island, had been prepared to sail for Mexican waters, but announced that he had ordered the battleships New Hampshire, Connecticut and Louisiana to await further orders in "southern waters."

Secretary Daniels said the situation at Vera Cruz might be such that it would be necessary to send the battleships there. He added that generally unsettled conditions in southern waters required the presence of greater naval forces.

CORNISH, N. H., Aug. 11.—President Wilson left here at 3 o'clock this afternoon for Washington to confer with officials there on the Mexican situation and other official business.

Carranza Defies Conference

By Associated Press.

WASHINGTON, Aug. 11.—General Carranza, through his Washington agents, notified Secretary Lansing today that "the Mexican people view with displeasure" any attempt tending to frustrate the success of Carranza's armed forces. Carranza's message referred to the Pan-American conference and was taken as plainly signifying that he would not agree with its action toward Mexican affairs.

Carranza also has sent a similar notification to the diplomatic representatives of all the Latin-American republics participating in the Mexican conference, saying that any attempt between them and the American government to solve the internal situation of Mexico "would involve an act which could not be looked upon with levity, as it would mean on the part of the Latin-American nations the acceptance of the precedent that they can take part in any civil affairs of a sister nation with the co-operation of the United States, something undesirable, not only insofar as it may affect the relations between the Latin-American nations themselves, but also because it might involve the moral support of any future decisions which grow out of similar conferences."

Communication Is Defiant

Carranza's communication was regarded as little less than a defiance of the United States in its effort to bring all the Mexican factions into a conference for peaceful settlement of Mexican affairs.

What the next move of the Pan-American conference in session in New York today would be in the face of Carranza's warning that he intended to brook no outside interference in Mexican affairs was eagerly awaited.

In a letter to Secretary Lansing, Elesio Arredondo, Carranza's Washington agent, expresses surprise that a Pan-American conference had undertaken to devise a plan for the pacification of Mexico, and says reports to that effect "have caused the Constitutional government to feel justly alarmed." He declared he had been instructed by Carranza to communicate to the secretary on the subject.

Text of Pronunciamento

coming toward us. The men looked suspicious, several of them starting to unsling their carbines as they advanced. I told my chauffeur to make all speed ahead. Later we learned that the horsemen were members of a wandering band of Villa's army.

CAR IS SURROUNDED.

"The horsemen gained on us. The car could make no headway in the sandy roads. We almost came to a standstill when the powerful car sank to its hubs in the sand. Half a dozen horsemen circled the car and attempted to block its progress by bringing their ponies to a stop before it. An added burst of power, however, saved the party. The machine shot ahead, scattering the horsemen to right and left.

"The guard who had been sent with us wanted to shoot at the pursuers, but I dissuaded him, knowing that if he did so the horsemen would open fire on us. I expected that they would do so anyhow, after their futile attempt to stop our flight, but, for some unaccountable reason, they did not do so.

"We soon reached better roads, and quickly left the horsemen behind. When near the border I dismissed our brave guard, and we continued on our way to Oakland and on to our home without further adventure."

Mrs. Stenzel and her children seem none the worse for the adventurous trip through the fighting fields of Mexico. Mrs. Stenzel is entertaining a large number of friends this afternoon, who are calling on her to congratulate her on her escape from the hands of Villaistas.

"That's the narrowest escape I've ever had," Mrs. Stenzel said in reference to the pursuit. "I'm sure I don't know what would have happened if they'd captured us. They wouldn't have gotten us without a fight, though."

Mrs. Stenzel and her chauffeur were heavily armed throughout the trip, but had no occasion to use their weapons.

Wickham's Trial for Murder Continued

While William Wickham is on trial before a jury for the murder of John Springer, the property of the aged Sunol rancher is to be sold by Public Administrator H. B. Mehrmann, petition for the sale having been filed in the Superior Court.

Witnesses testified today of having seen Wickham with between $300 and $400 on the Sunday following the murder. He was then in lower Broadway in Oakland. In the store of M. Silverman the defendant bought a new suit of clothes and left a purse in the old one. The merchant found it and declared that Wickham had told him that it contained $140. Charles Quay, a chance acquaintance, testified that Wickham wanted him to go "joy riding" with him and had displayed a quantity of $20 gold pieces. The testimony of E. H. Maguire, who is now in Oregon, was read. It was to the effect that the deponent had seen Wickham with nearly $400.

The case will probably go to the jury tomorrow.

Contempt Motion in U. R. R. Case Argued

SAN FRANCISCO, Aug. 11.—Attorneys for the United Railroads and for the municipality began arguments this morning before Superior Judge Crothers in connection with an application for an order to show cause why Mayor James Rolph Jr., Superintendent Cashin of the city's railroad, and three members of the board of public works should not be punished for contempt of court for refusing to remove the "C" and "D" cars from lower Market street.

Superior Judge Seawell, in whose court the United Railroads' case is pending, was not present today and Judge Crothers volunteered to hear the application.

OFFICIAL WAR STATEMENTS

FRENCH

By Associated Press.

PARIS, Aug. 11, 2:33 p. m.—The French war office this afternoon gave out a report on the progress of hostilities as follows:

"In the Artois district there was spirited cannonading last night and close to Souchez a German attack with bombs was repulsed.

"From the Argonne there has been reported a very violent bombardment of our positions to the east of the road from Vienne le Chateau to Binarville.

"On the remainder of the front the night passed quietly."

RUSSIAN

By Associated Press.

PETROGRAD, via London, Aug. 11.—The following review was issued last night following the issue of details concerning the assault on Kovno, which the Germans undertook Sunday:

"The enemy began an attack on the front of our works from the village of Piple to the Elisenthal front on the River Iessia. With siege artillery they began a bombardment at midnight, utilizing guns up to sixteen inches. The hurricane of fire lasted not less than two hours and our batteries answered energetically.

"About 3 o'clock in the morning the assaulting columns, in close formation, marched against our positions. By a concentrated fire, the explosion of mines and gallant counter-attacks by our troops, the enemy was thrown back along the whole of the front. The weakened Germans, who suffered enormous losses, were hurled back into the neighboring ravines, where they apparently began to prepare a fresh assault.

"Sunday noon the enemy's fire increased with terrible intensity, but this protracted and destructive hurricane from most powerful guns failed to shake our troops, who firmly withstood the hail of projectiles showering upon them. Our artillery valiantly supported our heroes.

"This incessant cannonade lasted all day. At nightfall columns, which had been continuously massing in front of our positions, again rushed to the assault, the attacks lasting two hours and succeeded in taking part of our trenches on the lines of the advanced position, which his fire had swept. But afterward, by the heroic efforts of our reserves, which had been brought up, the Germans were repulsed with heavy losses.

"The enemy retained only the works near the village of Piple, which were won at the cost of enormous efforts and losses."

TO OPEN TRAINING CAMP FOR CITIZENS AT S. F.

SAN FRANCISCO, Aug. 11.—Colonel James B. Irwin, department adjutant of the western division of the United States Army, has received instructions from Secretary of War Garrison to open a military training camp for business and professional men similar to that recently started at Plattsburg, New York. Headquarters will be established at the Presidio, where regular army officers will be in charge of the work of training the citizens who desire instruction in the manual of arms. The study period will continue for four weeks, and the camp will be opened next week.

Secretary Garrison's consent to the creation of the camp was gained through appeals by Mayor Rolph, Henry T. Scott, Frank B. Anderson and others prominent in the business and professional life of San Francisco. Various civic and commercial organizations, as well as big business concerns, have announced that they will open a campaign among their members and employes for enrollment in the new camp.

PUBLIC SHOWS INTEREST IN GREEK PRODUCTIONS

The unprecedented advance orders for seats for Miss Anglin's forthcoming Greek performance in Berkeley, would indicate that the discriminating theater-going public are vastly interested in the trilogy of Greek plays in English which Miss Anglin has been preparing for the past two years.

The opening performance of the series will be given on Saturday night when the "Iphigenia in Aulis" will be the play, the second of the series will be the "Medea" which will be presented on Saturday night, August 21, and the final performance, the "Electra," will be Saturday night, August 28. There are yet good seats to be obtained for all performances at the various sale places in San Francisco, Oakland and Berkeley. The musical settings, the work of the great composer Walter Damrosch, have been rehearsed under his personal direction. He will also conduct his orchestra of sixty pieces at each performance.

the position of the retiring Russians is still perilous.

Partial dismantling of Vilna, preparatory to evacuation, as reported from Petrograd, is somewhat puzzling to British commentators, inasmuch as the Russians assert they have repulsed German attacks around the fortress of Kovno, which is 60 miles northwest of Vilna.

The Zeppelins reported yesterday over Holland, sailing in the direction of the Scottish coast, have not been heard from.

POPE FORBIDS WAR PRAYERS

By Associated Press.

ROME, Aug. 10, via Paris, Aug. 11. —Pope Benedict has determined to make a new appeal for peace, according to the newspaper Roma, which declares the Pontiff is resolved to use every means within his power to bring about the desired result. He will ask the help of the Episcopate, and, the newspaper asserts, is even considering the convocation of a universal council of the church at Rome.

The Roma, which does not give its authority, asserts it has been informed the Pope will forbid all representatives of the church in belligerent countries, under pain of excommunication, from offering prayers for victory, from asking blessings for the combatants, or even administering the sacraments to those responsible for a continuation of the war.

The same newspaper claims to have information to the effect that the Pope has made a personal appeal to the President of the United States, the presidents of Switzerland and of the Central and South American republics, as well as to the kings of Spain and the Scandinavian countries, asking them to join with him in an effort to obtain at least a truce preparatory to the opening of peace negotiations.

ALLIES LAND 50,000 TROOPS

By Associated Press.

CONSTANTINOPLE, via Berlin, Aug. 11, by wireless to Sayville.—Enver Pasha, the Turkish minister of war, declared today that, according to his information, the entente allies in their latest operations at the Dardanelles had landed three divisions of troops, composing about 50,000 men. The losses among them, however, he asserted, already had been very heavy.

Enver Pasha's statement was made in an interview with a correspondent of the Associated Press. The Turkish war minister said:

"I am fully confident that we will be able to keep the allies in check on the Gallipoli peninsula, even if other large reinforcements are coming. We knew that the allies' action of two days ago was due and we prepared for it, with the result that we were not caught naping.

"According to my information, the allies landed three divisions, about 50,000 men. No doubt part of them no longer count, considering the heavy losses they sustained in attacks incident to the new offensive. The allied losses have been very heavy so far in this new attempt to force the Dardanelles."

GRAND DUKE IN COMMAND

By Associated Press.

LONDON, Aug. 11, 10:40 a. m.—The Grand Duke of Mecklenburg, according to the Athens correspondent of the Star, has been appointed commander-in-chief of the Turkish forces in the Dardanelles, succeeding Field Marshal Liman von Sanders.

Field Marshal von Sanders has been one of the leading figures in the re-organization of the Turkish military system brought about in recent years under German tutelage. With Field Marshal von der Goltz, also a German, he has been active in directing the Turkish army during the war, and for a time was in charge of the Ottoman forces at the Dardanelles. It was reported last month that he had been seriously wounded in a battle on Gallipoli peninsula.

The Grand Duke of Mecklenburg-Schwerin is a general of the Prussian cavalry and a brother-in-law of the German crown prince.

Reports of Starving Mexicans Increase

By Associated Press.

MEXICO CITY, July 31, via Vera Cruz, August 8, via Laredo, Texas, Aug. 11 (delayed in transmission).—Eight deaths by starvation, all children, have been reported by the police station of the second ward. The general hospital has also reported deaths by starvation, though the number was not made public.

A police court record was brought to the attention of the American Red Cross representatives today as illustrative of the extreme misery prevailing among the lower classes because of the want of food. A woman was brought into court charged with stealing a dog. The defendant's pleas was that the animal was stolen for the purpose of feeding it to her children. The judge dismissed the woman.

LONDON, Aug. 9 (delayed by censors).—Announcement was made here today that the American tank steamer Petrolite had been taken into a British port.

Ship news reports gave the arrival of the Petrolite on August 7 at Kirkwall, Orkney Islands, to which she evidently was taken by the British naval authorities. The Petrolite is owned by the Standard Oil Company. She changed registry from German to American after the outbreak of the war.

Gold Seekers Cause Fire at Lytle Creek

By Associated Press.

SAN BERNARDINO, Aug. 11.—Fire again broke out today in the brush covering the Lytle creek canyon watershed and A. P. Meyer, forest ranger, reported to Superintendent Fred Joken here that prospectors who wanted to clear the ridges and mountain sides to facilitate the search for gold were responsible.

Gold was found in the canyon some time ago. Since then forest rangers have found evidence that two previous fires were started to make easier the search for gold-bearing ore.

MacMullen Renews the Charges

C. Stuart MacMullen, city revenue expert, in a verbal report to the city council sitting as a board of equalization today, made charges of incompetency against City Auditor L. H. Clay, and members of his board and submitted figures purporting to show that the city assessments on real estate in eighteen blocks of Oakland's business district is $605,900 less than it was the past fiscal year, and that it is exceeded by the county assessment in the total of [illegible].

As the result of the report Mayor Davie announced that the council would, [illegible] from now on, sitting as a board of equalization, to make up the difference between the city and county assessments on these properties and otherwise equalize all assessments in the city. MacMullen told the board that this tax would be impossible because the law limits the time in which such work may be done. The board will, however, work on the matter until the time limit is up.

The meeting was full of personalities, indulged in by MacMullen, Mayor Davie and Clay, and broke up on instruction of the mayor in the middle of a statement by the city auditor.

MacMULLEN TAKES FLOOR.

It was just as the board was about to adjourn that MacMullen took the floor.

"The day before yesterday," he said, "I reported to this board that there were four pieces of Southern Pacific property which were non-operative and not on the roll, although they were assessable by the city. Mr. Clay yesterday took occasion to make a hurrah in which he proved that these assessments were on the roll. Now I went and took a look over the block books and I have found some interesting facts. I will read to the board my discoveries:

"In block 78 I find that the assessment on real estate alone for 1915-16 is $15,600 less than it was for the fiscal year 1914-15; block 77, $16,000; block 88, $13,700; block 28, $15,000; block 90, $17,000; block 127, $9050; block 18, $90,100; block 119, $35,900; block 114, $60,250; block 144, $18,600; block 145, $27,450; block 157, $44,300; block 158, $105,500; block 169, $58,400; block 150, $4450; block 176, $79,-500; block 177, $11,100; block 190, $4100.

"This, gentlemen, is a total of $605,900, less than the assessment on these same blocks the last fiscal year. The county's assessments on these identical blocks for real estate exceeds that of the city by $2,400,000. This property is from Seventh to Fourteenth street on Clay and Jefferson streets, and to Twentieth street on Broadway and Telegraph with a few blocks on Franklin and Webster streets.

CLAIMS DECREASE SHOWN.

"I then went up to the assessor's office to secure a total assessment on real estate for these two years. The land value is $82,179,700. Last year it was $82,415,900. This year there was exempted property owned by Mills College and the postoffice totaling $154,000, which leaves a net decrease of this year's assessment over last year of $85,200. The county assessor's valuation for Oakland's real estate shows a gain this year over last year of $1,223,580.

"This must mean," continued MacMullen, "that the difference in taxation is to be paid by the owners of residence property and not by the big business men of the city."

"No," said MacMullen, "it is not possible. What we really need is a complete re-organization and re-adjustment of assessments throughout the entire city; these inequalities exist all over town."

"I am willing to work twenty or twenty-two hours a day," Jackson said, "if we can repair these mistakes. I am in favor of sitting with other members of the board and holding meetings until the time limit is up so that we may do all in our power to readjust and correct these faulty assessments. We are getting nowhere with this conversation. Let's cut out the personalities."

"Now with regard to personalities," MacMullen interrupted. "I am basing my statements regarding the S. P. trouble on what I read in The Tribune yesterday."

"Oh, I say," said Edwards, "let's cut out these personalities."

"I don't mind the personalities,' said Mayor Davie. "I want to know all about this. I also went to know what is wrong with the assessor's office."

CLAY PRODS EXPERT.

"All right," said Clay, "if you want to know what is wrong you have got a perfectly good expert that you are paying good money to tell you what is wrong. Why don't he get busy? I don't care to take a lot of wild statements like he is making now. I want him to produce expert testimony and we will see what is wrong."

"Well, we will produce it all right," the Mayor said.

"Well, produce it," Clay retorted.

"Let's catch up with this work as much as possible," said Commissioner Jackson.

"So say we all of us," chimed in the Mayor.

"I am not pleading any defense," said Clay. "Those books represent my judgment. There are a lot of defects, yes. There will continue to be. I am not perfect by any means. I came into this office and found the work half done. I have worked hard and done the best I could.

"Now it is very easy to offer criticism. When it is just, it is an education to us, and I don't object to it, but I do object to wild remarks such as are being made by MacMullen."

"They are not wild remarks," interrupted Mayor Davie. "You started the ball rolling yesterday, and this is the natural result."

MAYOR ENTERS TIFF.

"That is not true," Clay said. "I did not start the ball rolling."

"You certainly did, retorted the Mayor. "You got up here and made a large speech about your reputation, etc."

"The people of Oakland seem to like my reputation well enough," said Clay. "I will stand on it. Mr. McMullen—"

"Mr. Clerk," interrupted the Mayor, looking over Clay's head, "is there anything else before this board?"

"Yes," said Clay, "you listen to me. I am not through yet. I claim this property that MacMullen speaks of is non-operative so far as my office is concerned, and I instructed Mr. Kennedy recently to place it on the assessment books in spite of the fact that the state board of equalization has declared it to be operative and therefore assessable and taxable by the state. Well, I met John Mitchell, a member of the board of equalization, a few days ago and I told him about this property and my view of it. He said to me, 'You haven't got a chance to get that property. The state needs something to assess and tax as much as you do.' Now, that is all I have to say."

"I want to go back to this Southern Pacific matter. I asked two deputy assessors of Mr. Clay's office, to make me a list of taxable property of blocks 173, 191 and 192. These are the blocks in which the S. P. property is located. The list that these deputies gave me did not include the property which I claim is non-operative and should therefore be assessed by the city. Now, yesterday, after Mr. Clay had made his wonderful speech, his deputy, Kennedy, who is the man who really does the work, came up to me and he said, 'Mac, I owe you an apology. Five years ago I made a mistake about this S. P. property. I am not sure that I have them in the right place on the block book this year, but I think they are.'

"Well, after considerable searching we found these pieces in volume 2 of the block books. They should have been in volume 7. Kennedy told me he was ashamed of this and admitted it ought to have been corrected long ago. That is the reason that I did not have this property on my list when I reported to council the day before yesterday.

"In spite of Mr. Clay's statement of yesterday, I will maintain that the southwest corner of Fourteenth and Webster streets, is non operative property and should be assessed by the city council at $150,000. I can prove that it is non-operative property although it is listed as operative property and taxes are collected by the State.

"It is ridiculous for any assessor to assume that this corner is not non-operative property. Now I will show where Mr. Clay don't know his business. In block 173 there are six pieces of property which he has assessed in this way:

"For Mr. Clay's information," continued MacMullen, "I will tell him that there are other pieces of S. P. property which are non-operative and which he has on his toll. There are a bootblack stand and florist shop on Thirteenth street near Webster which is not being taxed by this city or county. The fact is that: That the S. P. Company is saving, because it is not properly assessed, $6000 a year, which should be paid to the city and county in taxes. You, Mr. Clay, have no right to conclude that this is operative property."

"Lot 9, at $9500, and lots 10, 11, 12, 13 and 14 at $15000 each. Lot 9 is nearer Broadway than any of the others and any one with a grain of sense knows that it is the most valuable of the six. Can you explain that, Mr. Clay?"

CLAY NOT A WITNESS.

"I am not on the witness stand," retorted Clay. "Go ahead, Mr. MacMullen, you are making a bully speech. It is up to you and this board if you want to raise those assessments."

"Well, you made a hurrah speech yesterday," MacMullen retorted, "in which you tried to build up a reputation on the block books."

"I don't need to build up a reputation on the assessments in these block books. I guess the people of Oakland know that," Clay answered.

"Is it possible for us to raise these assessments where they belong?" Mayor Davie asked MacMullen.

"Well, if you try to do that you will have to give every one of the affected property owners a hearing with attorneys, if they desire them and they could block this board and keep it from performing its duty as the law limits the time in which this work can be done," MacMullen answered.

HAS ALL ADDRESSES.

"The law compels you, Mr. Assessor," said MacMullen, "to have the postoffice address of each property owner in the block book. This has not been done."

"Well, I don't know about that," Clay said. "I do know, though, that searchers of records come to my office to get addresses of property owners which they have no difficulty in obtaining."

"All of these addresses are on the stubs of the tax bills," interrupted W. H. Dwyer, one of Clay's deputies. "This has been done in this office for the past nine years and Oakland is the only city in the state where such a complete list of postoffice addresses of property owners is kept."

"What I want to know is, what has that to do with the law?" broke in Mayor Davie.

"Pardon me, Mr. Mayor," Dywer answered, "I just like to see the section of the law which says what Mr. MacMullen says it does."

"All right, Mac," the Mayor said. "You hear what he says. He is one of these 'show me' boys. You go ahead and show him. Show it to this other fellow, too," and he pointed to Clay.

"What I want to know is this," interrupted Mr. Jackson, "is it possible to make these corrections this year?"

Acting on the recommendation of the City Attorney's office, the board cancelled a $5000 assessment against the Farmers' and Merchants' bank for solvent credit. The city attorney held that the assessment had been made on promissory notes which were not the property of the bank, but were being merely held in trust for the owners by the institution. Officers of the bank had filed a complaint with the board.

The board refused to reduce an assessment on the home of Agnes M. Marsh, at 1637 Twelfth street. The reduction asked was from $500 to $700.

Ship for S. F. Beached; Russian Bark Sunk

By Associated Press.

LONDON, Aug. 11, 12:25 p. m.—The British steamer Rosalie, of 2725 tons net, which sailed from Shields on August 10 for San Francisco, has been beached. Her crew was saved.

The Russian bark Baltzer, 343 tons in which were the captain and seven men has reached land safely.

The Baltzer, which was owned in Riga, was last reported as having sailed June 15 from Gulfport for Cork.

BOUND FOR OREGON.

SAN FRANCISCO, Aug. 11.—The British steamer Rosalie, reported to have been beached after leaving Shields, England, yesterday was bound for Portland, Ore., where she was to load grain for Hauser & Co., for shipment to England.

Swoboda Proceedings Recommended Dropped

By Associated Press.

PARIS, Aug. 11.—Major Jullien of the Paris permanent courtmartial has closed his inquiry into the case of Raymond Swoboda, and has recommended to the military governor of Paris that the proceedings be dropped. Swoboda, who claims to be an American citizen, was first taken into custody on suspicion of being responsible for the fire at sea aboard the French line steamer La Touraine, and later was accused of espionage. He was cleared of the first charge, and no convincing proof was found against him on the second. His release from custody probably will be ordered soon.

War Inflicts Losses on News Publishers

By Associated Press.

LOS ANGELES, Aug. 11.—Speaking today in behalf of the American Newspaper Publishers' Association before the annual convention of the International Typographical Union here, H. N. Kellogg declared that the European war had inflicted great losses on the newspaper publishers during the past year. He said that the Typographical Unions had appreciated the conditions, and either had refrained from making new demands or had cheerfully renewed old contracts, and for this he expressed the thanks of his organization.

Germans Deny Naval Action at Riga Gulf

By Associated Press.

AMSTERDAM, via London, Aug. 11. —Replying to the Russian report of a naval attack against the gulf of Riga by a German fleet of great strength, a semi-official statement issued in Berlin states that no great action was undertaken, but that the German warships merely were reconnoitering to determine the position of Russian mines. It is asserted that two small mine-sweepers were the only vessels lost.

Judge Langdon Tries First Criminal Case

By Associated Press.

SAN FRANCISCO, Aug. 11.—In the same court where he prosecuted his first criminal case after being elected district attorney ten years ago, Superior Judge William Langdon heard his first case since his appointment to the bench here this morning. He was named superior judge of Stanislaus county by Governor Johnson on August 5 and today in department 11, sitting for Judge Griffin, began the trial of Joseph Bernon, charged with felonious assault.

Dies on Stand While Seeking Her Divorce

By Associated Press.

TACOMA, Aug. 11.—While testifying against her husband in a divorce case today, Marian Elizabeth Hutchins, aged 60, was stricken with paralysis and died in a few moments. Her husband had alleged that some time ago when he had had a stroke of paralysis his wife had left him to suffer alone. She was denying this when stricken.

CLUB REJECTS BUILDING PLAN

Modern Building Will Not Be Erected on Present Commerce Chamber Site.

Acting on the recommendation of a special building committee, the directors and members of the Oakland Commercial Club last night definitely rejected a plan for the construction of a modern building on the site of the present Chamber of Commerce structure at Thirteenth and Harrison streets. These actions were taken at separate meetings, held in the Hotel Oakland.

The plan was for the issuance of shares to the 1800 members of the organization, the money to be derived to be spent in the erection of a modern seven-story building to be occupied by the Commercial Club and all other large civic and commercial organizations of the city. The expenses of upkeep of the building were to have been maintained by the Commercial Club for the first two years.

Both the directors and members adopted the report by unanimous vote. The chief reason for the abandonment of the building plan is that the present times are so stringent as to financial matters that difficulties would be encountered in securing the needed funds. The special building committee which made the report against the plan consisted of George W. Hatch, chairman; T. B. Bridges, Curtis Wright Jr., D. E. Perkins and John W. Phillips.

A. S. Lavenson presided at the membership meeting. After the members had voted on the report, Joseph E. Caine, managing director of the Commercial Club, told of the many activities of the organization and of the many things it had accomplished and proposed to do for the advancement of the city.

Noted Speaker at Immigration Congress

By Associated Press.

SAN FRANCISCO, Aug. 11.—Speakers of state and national prominence were on the program to speak before the International Immigration Congress here today. Among them was Dr. David Starr Jordan, chancellor of Leland Stanford University, whose topic was "After the War—What?"

The subject chosen by Simon Lubin, president of the California State Immigration and Housing Commission, was "The State and the Immigrant," while George L. Bell, executive secretary of the commission, was on the program to discuss "The Work of the California State Commission."

Right to Ship Arms Upheld in U. S. Note

WASHINGTON, Aug. 11. — The American note rejecting the contention of the Austro-Hungarian government that the action of the United States in permittin gthe exportation of munitions of war to enemies of the Germanic allies "is not in consonance with the definition of neutrality" was on its way today to Vienna. Ambassador Penfield probably will present it to the Austrian government tomorrow.

The note, it was said, re affirms the position of the United States that American exporters have a right under international law to send war supplies to belligerents able to purchase and receive them.

Airmen Must Cease Flights Over Canada

By Associated Press.

OLYMPIA, Wash., Aug. 11.—Secretary of State Lansing notified Governor Ernest Lister of Washington yesterday that the Candaian government, through British Ambassador Spring-Rice, had complained that Washington aviators were flying over British Columbia territory violating an order in council issued last September. The secretary of state warned airmen that the troops of Canada were under arms and regrettable incidents might occur if the practice of flying over Canadian territory continued.

Warsaw Palaces Mined; Kaiser Fears Death

By Associated Press.

AMSTERDAM, Aug. 11. — Fear that he would be killed by a mine prevented the emperor of Germany from entering Warsaw at the heels of the retreating Russians, it was learned today.

The Kaiser intended to rush into the city at the head of his conquering troops, but rumors reaching the German secret service that the palaces of the Polish capital had been mined ,and that agents of the Czar had received orders to detonate the mines when the Kaiser was over them. At the urgent request of his advisers the emperor cancelled his plans for an immediate entry.

Hot Alarm Clock Is Cause for Complaint

Valdemar F. Johnson discovered a unique way of arousing his wife in the morning. He set fire to papers in her bedroom, according to the complaint of Hansine Johnson, which was filed today.

"This will drive you out," Johnson is declared to have told his wife, when he wanted her to get up.

In addition to this Mrs. Johnson says that she returned home a couple of times unexpectedly and found that her husband had a woman visitor.

Gen. Auguste Killed In Battle in Hayti

WASHINGTON, Aug. 11.—General Auguste, at the head of 200 troops, attacked St. Marc last Saturday and was repulsed by a Haitien committee of safety. Rear-Admiral Caperton reported today that General Auguste and four of his followers were killed. Admiral Caperton reported uneasiness around Port Au Prince and Cape Haitien that may cause trouble.

Stanford-Santa Clara Game Is Set for Nov. 13

STANFORD UNIVERSITY, Aug. 11. —The big game of the rugby season between Stanford and Santa Clara University, will be played at San Francisco, November 13, it was announced today. Germans Discover New Paper-Making Method

DRESDEN, via London, Aug. 11, 11 a. m. — German scientists have discovered a method of making print paper without cellulose. It is alleged that tests have proved this new method better than the old and will still cheapen prices and make Germany independent of foreign countries for this article.

MRS. BALDWIN TO BUILD LAKE CASTLE

Stately Structure on Shore of Tahoe Is Her Project.

(Continued From Page 1)

plans now in order to place them immediately in the hands of my contractor."

Mrs. Baldwin's summer home, which will be erected in the vicinity of her new hotel, will be as commodious and splendid as her new Anoakia residence, which is said to have cost $1,000,000. It will be built of fireproof tile, faced with virgin logs, and will include a boathouse, bathhouse and garage. The main building will consist of a huge living-room, library, dining-rooms and a dozen or so bedrooms. Mrs. Baldwin, who is an artist and musician of unusual talent, passed most of her recent stay at Tahoe working out the plans for her new home.

Mrs. Baldwin further plans to establish a new transportation service from Truckee to the lake and a steamer service on the lake that will compete with the Truckee and Tahoe Railway and Steamship Company, which now controls all the passenger and freight traffic facilities to and around the lake. With reference to this matter, Mrs. Baldwin said:

TALLAC FREEDOM.

"We are now charged 50 cents a hundred pounds on freight by the 'opposition,' so I will put on automobile trucks, a fine lake steamer, barges, etc., and make the Tallac side of the lake absolutely independent."

Mrs. Baldwin will install a fine and speedy launch on the lake for her private use.

One of the old land-marks of Lake Tahoe and a relic of pioneer days in that region is being demolished by this business-like daughter of the man who spent and made a part of his great fortune there. The old sawmill at the southern end of Fallen Leaf lake, which "Lucky" Baldwin erected thirty years ago, is to be torn down. In its place will rise a modern, hollow-tiled, log-faced "camp."

"I love the trees," says Mrs. Baldwin, "and I never could understand why my father, who loved them, too, erected the sawmill on Fallen Leaf lake, as to run one successfully you must of necessity take the best trees."

When all her projected improvements have been completed Mrs. Baldwin plans to open Tallac as an all-the-year-round resort. It is beautiful all the year round and there are sports and divertisements for all.

DREAMS TO BUILD.

"I have dreams for Tallac and I will make them come true," says Mrs. Baldwin.

Upon all the improvements of her big estate at Los Angeles Mrs. Baldwin has put the stamp of her personality and has got into them what she desired and not what some architect thought best. She promises to do the same thing at Lake Tahoe.

The improvements she plans will be the most extensive and costly that have been performed in Tahoe in years. The present Hotel Tallac is leased for the season to a San Francisco restaurateur, and as soon as the summer closes work on the new hotel will be initiated.

Mrs. Baldwin has returned to San Francisco to put everything in place at her stables and exhibit of blooded livestock at the Exposition. She is accompanied by her two children, Miss Dextra and Baldwin McClaughry.

Frye Note Expected to Close Controversy

By Associated Press.

WASHINGTON, Aug. 11.—Administration officials today were hopeful that the American reply to the last German note regarding the sinking of the American ship William P. Frye, dispatched to Berlin last night, would result in a settlement of the dispute growing out of the incident. The communication probably will be given out for publication Saturday.

The United States, it is said, agrees to accept payment for the Frye, as proposed by Germany, the amount to be fixed by a German-American commission, although it reiterates that destruction of the vessel was in contravention of the Prussian-American treaty of 1828. Acceptance of the commission method makes an appeal to arbitration at The Hague unnecessary.

Martinique Damaged by Violent Storm

By Associated Press.

PORT DE FRANCE, Martinique, Aug. 11.—Considerable damage was done along the waterfront here by a violent storm with a heavy wind from the west, which broke last eevning. The sea rose high and docks were flooded and merchandise destroyed. News from the interior regarding the effect of the storm is lacking, as the telegraph lines are down.

HEALTH AND STRENGTH

Come From Eating the Food of Health

You should never lose sight of the great fact that your food should not only nourish you, it should keep you "fit" without the aid of medicine.

We cannot afford to tamper with Nature's food supplies. Nature knows better than we do what our bodies require for health and strength. Then why rob the whole wheat of its most nutritive properies?

What excuse is there for white flour? Just for the sake of looks, we remove the best part of the grain—the gluten. Nature intended that bread should be made from whole wheat, with nothing removed but the chaff.

There is a prepared food, made from whole wheat, which is not only an excellent substitute for bread, but also takes the place of meat to a great extent.

This ready-to-serve food is called "FORCE"—and it's fine, especially in hot weather. If you want to start right, and keep right throughout the day, try "FORCE" for breakfast. Eaten with fruit or berries, it beats bacon and eggs all hollow. At all good grocers.—Advertisement.

SAY NEW FLYNN APPEAL WILL SEE ORGY EVIDENCE

Beardsley Protests the Removal of Deputy Clerks

James F. Flynn, former corporal of police, last night filed a petition with the civil service board for a re-opening of his appeal, made two years ago, against the order of discharge which severed his connections with the police department. Flynn was discharged by F. C. Turner, former commissioner of public health and safety, following a scandal over the sale of liquor after hours on the night of the annual police ball at Idora Park. The order of discharge was sustained at a hearing before the civil service board.

Mysterious intimations that new testimony would be introduced, reflecting upon the honesty of the testimony produced against Flynn at the former hearing, were made by Attorney Phil Carey who, with Judge A. L. Frick, represents the petitioner.

"We have learned things in the past thirty or forty days which we did not know before," explained Carey. "Lips have been unsealed by recent events. Things have been revealed which we could not know before. Lips were sealed at the time of the former hearing and we could not know that this testimony was available. Had the petitioner known it, the testimony would have been introduced."

Flynn was discharged for insubordination and conduct unbecoming an officer. He had engaged in an altercation with [illegible] and also in one with Captain Thorwald Brown. It was alleged at the time that Flynn was under the influence of liquor.

HINT AT ORGY FALSE.

Friends of Flynn now say that they have proof that other members of the police department engaged in what was almost an orgy, and that it was due to the irresponsible actions of others that the trouble occurred which led to Flynn's dismissal.

A formal petition was filed by Flynn, which cast a reflection upon the former civil service commissioners, who tried Flynn's case, the statement being made that he had not been fairly dealt with.

Attorney Carey declared last night that this impression was due to the unfortunate wording of the petition, and was not intended as an attack upon the former board. He stated that he considered that so far as the evidence formerly produced went, Flynn had received a fair hearing, but that the board had not at that time all the evidence obtainable before it.

"I shall file an amended petition," explained Carey. "It is not our intention to infer that the former board did not give Mr. Flynn a full and just hearing. We feel that the former board did all in its power, but that it could not have all the facts, and Mr. Flynn's friends did not know at that time that this evidence was available."

President Roscoe D. Jones of the present board had objected to a reopening of the case on the ground that the petition attempted to cast a slur upon the action of the former board, without presenting any proof whatever in support of the allegation. The portion of the petition to which he objected read as follows:

"That said F. C. Turner caused witnesses to be produced, who gave testimony in support of said charges and that your petitioner caused witnesses to be produced at said hearing who testified that said charges were without foundation and that said witnesses so produced by your petitioner were people of respectability and character and whose word and testimony was and is entitled to full faith and credit and that the testimony of said witnesses so produced on behalf of your petitioner established the fast that your petitioner was innocent of the charges so made as aforesaid. That nevertheless the said Civil Service Board did, by its order made and filed on the 22nd day of November, 1913, confirm the said order of the said F. C. Turner suspending your petitioner from the office of corporal and that thereupon your petitioner was discharged and dismissed from said office and from the Police Department of the City of Oakland.

EVIDENCE NOT RIGHT.

"That said finding of said Civil Service Board was not sustained by the weight of evidence produced at said hearing, but was against the weight of evidence produced at said hearing, and was therefore without any warrant, authority or foundation in law or in fact.'"

Attorney Carey agreed to withdraw this portion of the petition, or to amend it.

The Civil Service Board has a rule that when a case has once been heard and closed, that appeal for a re-opening must be made within a certain time limit, or the matter is finally terminated. Two years have elapsed since this hearing. Jones said:

"I would like to call to your attention certain points of law. It is necessary to have an end of litigation. A man cannot sleep on his rights. If he shall have had his day in court, and he has been fairly and fully heard, the matter should be closed."

President Jones asked some authority should be presented that the board has any power to reopen the case, as there is a rule as to re-hearing, which has not been complied with. The matter was continued for one week for the presentation of such authorities.

OAKLAND TRIBUNE THANKED.

Whereas, We recognize in the daily press of this city an instrument of great usefulness to the cause of stability and efficiency in the administration of civic affairs, and

Whereas, The press has contributed valuable service in that direction in the past,

Resolved, That the thanks of this organization of the Civil Service Employes of the City of Oakland are justly due and they are hereby extended to The Oakland Tribune and the Oakland Enquirer for the encouragement and aid they have given us by the publication of our doings as matter of news and by their editorial comments in favor of good municipal government which it is our aim to secure.

Resolved, That the president and secretary be directed to transmit this resolution to The Tribune and the Enquirer on behalf of our organization.

ASK CO-OPERATION.

Whereas, In accordance with a nation wide movement for the improvement of the administration of public affairs, the City of Oakland has aligned itself on the side of good government through the establishment of the principles and practice of civil service, whereby merit and efficiency of its employes shall supersede the corrupt spoil system and,

Whereas, to this end the principles of civil service have been incorporated in the Charter of this city, and,

Whereas, We, the organized Civil Service Employes of the City of Oakland, confidently look to the great body of right thinking citizens to sustain and carry to further effectiveness this most desirable reform, therefore be it

Resolved, That we declare it to be the purpose of this organization to keep ever in the first place the highest interests of our employer, the City of Oakland, and to this end to endeavor to free the individual employe from danger of unjust removal and in every way to promote individual efficiency.

Resolved, That it is our purpose in the future as in the past to respect our superiors in the right exercise of their functions and to continue to render the best that is in us of service to the city, but that we intend by all lawful means to resist encroachment upon the system of merit and efficiency as opposed to making political patronage the spoils of office

Resolved, That in this effort we ask the sympathy of our fellow-citizens and their co-operation by interest shown in public affair, by their efforts rightly to inform themselves upon issues as they arise, and by throwing their influence at all times on the side of genuine civil service administration.

Resolved, That anything less than this must inevitably result in the substitution of ignorance, inexperience, general incompetency and evil intent for technical skill, familiarity with conditions, and singleness of purpase in municipal affair.

The question as to the civil service standing of employes in the City Clerk's office was taken up at length by the board, but decision was deferred after the argument by attorneys until next week. It is practically decided, however, that the appeals of F. L. M. Hus and Louis Zimmerman, discharged deputy city clerks, will be sustained, and that they will be placed on the re-instatement list. This does not mean that they will necessarily be restored to their former positions, but merely that they shall be the first chosen in case of a vacancy in a similar position in any civil service employment in the city.

The question as to whether they shall be restored to their former places hinges upon the decision as to whether the Civil Service Board shall assume jurisdiction over, and so classify, the positions of deputies in the City Clerk's office now held by the successors of the two discharged clerks. These are W. W. Chapelle and W. C. Wilkinson.

QUESTION CLERKS' STATUS.

Is the City Clerk's office placed by the charter under civil service? That is the fundamental question. The answer rests upon the further question as to the duties and functions of the employes therein. The charter provides specifically that all the executive and administrative powers, authority and duties of the city, not otherwise provided for, shall be divided into five general departments,' and that all the offices and employments, not specifically excepted therefrom, in these five general departments, shall be subject to civil service.

The City Attorney holds that the duties of the City Clerk and his deputies are not executive or administrative, but are merely ministerial, and so do not come under this automatic assignment to the five general departments. Attorney C. A. Beardsley, former City Attorney, representing the Municipal Civil Service Employees' Association, holds that the functions of this office are both executive and administrative, and so must come under this provision of the charter.

"When a petition is filed by residents under the liquor ordinance provisions, for the removal of a saloon," said President Jones to Colonel W. H. O'Brien who represented the City Attorney's office. "The City Clerk then has to go out and verify these signatures. He must survey the district to see whether they are within the prescribed area. He throws out some and retains others. Do you consider these functions merely ministerial or are they not rather executive and administrative?

"In like manner with a recall or initiative petition? Thousands of signatures have to be verified by the great register and the petitions have to be subjected to various tests. It is manifestly impossible that the City Clerk shall perform all these functions in his own person. Some of the work must devolve upon his deputies and assistants. Is this work, in your opinion, merely ministerial?"

QUESTIONS BOARD'S POWERS.

Colonel O'Brien held that the duties were merely ministerial, and asked permission to present authorities and citations to prove his contentions. He also questioned the jurisdiction of the Civil Service Board in the matter under consideration, declaring that the case should be adjudicated, if anywhere, by the courts.

"This board has not the right or power to review the acts of the city council," declared O'Brien.

"We take it that the Civil Service Board was created and appointed for the purpose of wisely and impartially carrying into effect the provisions of the charter," said President Jones, summing up the situation. "This board does not wish to assume powers not given by the charter. It is not in conflict with any other body in the city government.

"The board is an independent agency for promoting and aiding good government. It is called upon to consider the employments in the city government, to classify them and standardize them, and to hear the appeals of employes who may be aggrieved, or who may have been discharged.

"We take it that the civil service board is here to co-operate with all other departments. Civil service was adopted by the freeholders of this city because for a long time students of civil government have realized that certain remedies were necessary to cure ills resulting from the political administration of civic affairs. The only agency that seems to have had a far reaching effect is that of civil service, whether in municipality, county, state or nation. It has been adopted in all advanced cities.

FAIRNESS TO EMPLOYES.

"We take it that the freeholders had in mind that some system ought to be adopted to better the service, that there should be greater fairness to employes, that the employes should not be granted continuity in office through political favor, but should be accorded the right of continuity in return for good service.

"Having adopted civil service as a policy, there would be a tendency to make it rather inclusive. Section 27 of the charter assigns all executive and administrative places of employment to the five departments, and Sections 72 and 80 place these departments under civil service making specific exceptions of certain chief officials and others. The city clerk's employes are nowhere excepted from civil service.

"If the employes in this office perform any executive or administrative functions, then they should clearly be assigned to one of these departments, and are under civil service. If we find that this is not the case, they are not under civil service. But we must look past the small technical matters in dealing with civil service and resolve our doubts on broad principles wherever possible."

Beardsley filed the following letter reviewing the case:

"For some time past Mr. Hus has held the position of 'deputy city clerk" provided for by ordinance 51 N. S., and Mr. Zimmerman has held the position of "deputy city clerk," created by ordinance 796 N. S. Both positions have been classified by this board and treated as within the classified service of the city.

On July 23, 1915, the council passed ordinance No. 888 N. S., repealing all ordinances creating places of employment in the office of the city clerk, and at the same time creating in the city clerk's office "two positions of deputy clerk at a salary each of $125 per month." It is my opinion that these new positions of deputy clerk are but a continuation of the positions of deputy city clerk, held by Mr. Hus and Mr. Zimmerman.

REFERS TO CHARTER.

"I do not understand that there is any claim that the orders of removal of appellants were legal or justified, except upon the theory that the places of employment involved here were not in the classified service of the city. The question is one of construction, and the purpose of a consideration of this question should be to ascertain the intention of the charter framers. In seeking to ascertain that intention, it should be borne in mind that, unless there is some reason why employes in the city clerk's office should not be subject to the restrictions or entitled to the benefits of civil service while practically all other city employes are thus subject and entitled, it is not to be, and should not be, lightly assumed that the charter framers intended to make any such distinction. And, as a matter of fact, it seems that there is more reason for putting the employes in the city clerk's office out of politics and under civil service than in the case of most city employes, because of the intimate connection of the employes in the city clerk's office with election matters."

PLAN FOR CLAY'S OFFICE.

A plan of re-organization for the office of City Auditor and Assessor I. H. Clay, to effect a considerable saving and obtain greater efficiency, was presented by Efficiency Expert W. P. Smith, who has been working with Clay and his assistants for the past several months, in fact, since Clay's election to the office, to plan out a better organiztaion for the office.

The plan of re-organization, which involves equalizing and standardizing salaries, and the elimination of two or more positions, was taken under advisement.

Auditor Clay asked that a survey be made of the work of his stenographer, Miss Louise Lind. Miss Lind recently asked for an increase of salary. Clay considers that the volume and quality of the work may justify an increase.

The board decided to call an examination for senior bookkeeper and also a promotional examination for engineer in the fire department.

HIS BULLET NOT ONE THAT KILLED

Tong Man Escapes Murder Charge Before Judge Samuels.

Because his bullet was not the fatal one of ten shots which entered the body and head of old Lia Kwai Chun, who was murdered July 15 in Oakland, Yar Dor Sun, a Bing Tong gunman, will not have to face a charge of murder. The charge was reduced today by Judge George Samuels to assault with a deadly weapon with intent to commit murder.

Yar Dor Sun was held to answer on the lesser charge for trial before the superior court, bail being fixed in the sum of $1,000.

The murder occurred the first day of the tong war between the Bing Kongs and Suey Dongs. Lia Wwai Chun was mistaken by the Bing Kong highbinders for a member of the rival tong, and three gunmen were seen to discharge their weapons at him.

Yar Dor Sun was seen to fire his revolver within a foot of the old man's head. The Chinese died of his wounds, but Dr. C. A. de Pue testified that the wound in the head was not the one which caused death, but it was one of the nine other wounds which proved fatal. Yar Dor Sun had been charged with murder. The charge was reduced. Attorney Lin Church appeared for the alleged highbinder.

The preliminary hearing of the charge of murder against Damascus G. Gallur, the aged musician who shot and killed Augustus Hotchkiss, a money lender, was deferred till Monday, on account of the lengthy hearing in the Chinese case.

DIDN'T KNOW BILL WAS AMENDED

Proposed Non-Partisan Law Petition Backers Discover Word Was Eliminated.

SACRAMENTO, Aug. 11.—The backers of the referendum petition against the proposed non-partisan law did not use the same copy of the bill for their petition as finally amended and signed by the Governor.

This is the explanation given at the Capitol for the petition containing the word "Congressional" in a place where it does not appear on the bill signed by Governor Johnson.

The bill circulated throughout the State for signatures to hold up its going into effect until the people can vote upon it was presumed to be the last amended copy, but it was discovered today that the Senate committee finally dropped out the word before sending it for executive approval.

Secretary of State Jordan says he is not worrying about it, but if "anybody has a kick coming he can take it to the courts."

Elevator Accident Suit Being Tried

SAN FRANCISCO, Aug. 11.—Mrs. Della R. Fitting of Alameda, widow of Harold H. Fitting, civil engineer, killed in the fall of an elevator in the California-Pacific building, January 6, appeared as plaintiff in a suit for $100,000 today against Marguerite Merrill, the owner of the structure. Mrs. Fitting is acting for herself and her 13-months-old babe and a jury was empaneled to hear the case in Judge Hunt's court. This is the first of several actions against Mrs. Merrill.

STUMP STOPS AUTO GOING DOWN BANK, AND WOMEN ESCAPE

PLACERVILLE, Aug. 11.—A new automobile, owned by John Kometzki of Stockton, was wrecked on the state road below the Weber creek bridge about 5 o'clock yesterday afternoon, and the two occupants, Mrs. Kometzki and Mrs. John Brown, miraculously escaped death when the machine was saved from a precipitous drop of several hundred feet to the creek bottom by a large oak tree stump.

The husbands of the women were in a separate automobile driving ahead, and they had just rounded a dangerous curve when one of them happened to look back and saw Mrs. Kometzki throw her hands into the air when their car left the road. Mrs. Kometzki had been driving the car during the day, but in reaching the foothill country, where the road winds in and out with many sharp curves, she seemed to lose control.

At the top of the grade approach the Weber bridge she saw the men's car only 75 feet ahead and feared she would run it down. Her car was traveling about 25 miles an hour. She turned to the left and struck the water drain ditch and finally the car stopped against the stump. The steering wheel was broken and much machinery under the car bent and twisted, including the front axle. The two women were badly shaken up, but retained their seats. Mrs. Brown had a small gash on her cheek from the broken wind shield. The women were brought to town in their husbands' car and taken to Wrenn's sanatorium for treatment of minor bruises.

he hired a rowboat. For a time it was feared he had been drowned, but later it was established that he had been seen at other points and that his mental status was not normal.

No one could be found here who knew Mrs. Lavell's maiden name, but it was found that her given name was not Lucille, but Catherine. Her middle initial, however, was F. She is said to have a brother who is a professor in the University of Toronto and she herself is now living at 155 Walmer road, Toronto.

NEW YORK, Aug. 11.—A general alarm for Professor Cecil F. Lavell was issued by the police here at the time of his disappearance in November, 1912. No trace of him, however, has been found. At police headquarters today it was said that no word had been received concerning the aphasia victim at San Jose.

Perfumer Deported for Selling Germans

PARIS, Aug. 11.—The permanent court martial at Marseilles has sentenced Henri Bacine, a millionaire perfume distiller of Mentone, to perpetual deportation and payment of costs of the proceedinsg for supplying essence of neroli and 500 tons of olive oil through a Lausanne firm to a famous perfumer of Cologne.

t if the American government will know the true situation in xico it would understand that the only possible, just and ac- ptable solution would be to leave the revolution to follow its ural course until the complete victory of the party represent- greater necessities and popularity.

"The Constitutionalist government represented by Mr. Car- za abstains from passing any comment on the conferences t are being held because it has no knowledge of their charac- , or of the conclusions which may have reached and because does not want to afford the supposition that they tacitly con- nted to interests, but at the same time it considers its inter- s due to inform the American government of the displeasures h which the Mexican government and people would view any which would tend to frustrate the success practically accom- shed against the reactionary factions by the Constitutionalist ny representing the hopes and ideals of the Mexican people."

Secretary Garrison telegraphed today to General Funston he uld send all the troops available if the general needed them. e secretary said General Funston had not asked for more ops and that none had been ordered to Texas or been given lers to be in readiness to move. The War Department has re- red to General Funston for report all calls for more troops, in- ding that of the American consul at Nuevo Laredo.

Carranza evidently had been misinformed that Brazil refused participate and sent a message to Rio Janeiro expressing his atification. He took occasion, however, in the note to Brazil assail the Brazilian minister in Mexico City who is now leav- for the United States.

"I regret to say that Minister Cardoso de Olivera," said Car- nza, "has been one of the persons who have brought the great- evil on the republic of Mexico, and who in a certain way may responsible for the present status of our relations with the vernment of the United States."

Argentina already has replied to Carranza's protest saying: he Mexican people should regard the conference as a proof of endship for Mexico."

00 CARRANZA MEN CROSS U. S. BORDER

Associated Press.

WASHINGTON, Aug. 11.—Reports ve reached here that more than 00 Carranza troops from the com- nd of General Navarette, in the ate of Tamaulipas, have moved er into Texas, in the territory sur- unding Brownsville, and have scat- ed into bands to rally Mexicans in e state with the announced pur- se of beginning an uprising. They e reported to be under command of an Delos Santos, Vicente Davila d Carlos Garcia. War department ficials would not discuss the report, it it was said to be in their posses- n and probably would be one ason for moving our troops to the rder, which is under serious con- mplation.

Orders probably will go out soon army posts to hold troops in read- ss, if not actually to move them.

Under Major-General Funston's mmand on the border are about 000 troops. At other posts in con- ental United States are about ,000 more mobile troops. It was ing suggested today that if the need troops became imperative it might necessary to use National Guards- en.

The Carranza Agency announced day that General Carranza had sent tes to Argentina and Chile pro- sting against their participation in e Pan-American conference.

ANSING REASSURES AMERICAN CONFEREES

Associated Press.

NEW YORK, Aug. 11.—Secretary ansing assured the Latin-American plomats who gathered here today discuss plans for the restoration peace in Mexico that the United ates in sending battleships to Vera ruz intended only to afford protec- on to foreigners and furnish them place of refuge. He explained that e action should not be construed affecting the effort of the United ates to bring peace by peaceful eans in Mexico.

The diplomatic representatives of razil, Chile, Argentina, Bolivia, uatemala and Uruguay and Secre- ry Lansing met here today to act n a plan which has for its aim the estoration of peace in Mexico. An ppeal to Mexicans of all factions to ubordinate personal and selfish in- rests to the national welfare of exico has been prepared. Both resident Wilson and Secretary ansing have given it their ap- roval, and after today's conference n details of phraseology and the ngth of time in which it should be r, the communication will be dis- ibuted throughout Mexico to leaders nd officials, civil and military.

The situation that has arisen at era Cruz, where anti-foreign dem- nstrations are reported, gave the iplomats some concern, but they ere confident that when the appeal as made public the misconstruction their purposes would be removed. The conference probably will adjourn late today, after the appeal is finally approved.

REPORTS DISQUIETING.

This explanation was deemed necessary because of the widespread reports that the United States was planning to use force in Mexico at this time. The assembled diplomats, representing Brazil, Chile, Argentina, Bolivia, Guatemala and Uruguay, then discussed with Secretary Lansing details of the appeal to be issued to the Mexican people urging a peace conference of all factions, through which a provisional government would be established that could be accorded formal recognition.

Dispatches telling of Carranza's notification to the American republics that he considered the Pan-American peace plan an infringement on Mexican sovereignty were read informally by the conferees before the session began, and the only comment made was that General Carranza evidently had not been accurately informed of the purposes of the United States and the Latin-American countries, and that when he was fully and authoritatively advised there would be no grounds for the assumption that any efforts are being made to interfere with the internal affairs of Mexico.

FOUR ARE SLAIN IN BORDER CONFLICTS

By Associated Press.

BROWNSVILLE, Texas, Aug. 11.—Little lessening of activities on the part of the Mexican ranch raiders in the Rio Grande valley was indicated in reports reaching here in the last 24 hours, which told of numerous attacks by the bandits and of several skirmishes between the Mexicans and soldiers. Ten men were reported to have been killed in the fighting yesterday and last night, bringing the death list since the commencement of the outrages by the raiders up to nearly 20.

The ten reported dead include one United States trooper, four Americans, believed to be members of the bandit bands, and five Mexicans.

The trooper was killed last night at Palm Gardens, near Mercedes, Texas, when he with several other cavalrymen was attacked by Mexican bandits who appeared suddenly from the darkness, shot at the soldiers and quickly disappeared. The Mexicans, according to reports, had cut the telephone wire connecting Palm Gardens with Mercedes. A farmer found the break, connected the wires and reported the shooting to Mercedes. Additional soldiers and a posse of citizens immediately left for Palm Gardens. News of their possible meeting of the bandits was awaited today.

The latest trouble to be reported occurred at Sebastian, Texas, early today, where two Mexican bandits captured by the ex-rangers last night attempted to escape and were shot and killed.

WIRE FOR TROOPS FOR LAREDO SECTION

By Associated Press.

LAREDO, Tex., Aug. 11.—A request for more troops in the Laredo district because of bitter feelings of some Mexicans over the non-recognition of Carranza was wired the state department today by United States Consul Alonzo B. Garrett at Nuevo Laredo, opposite here.

Passengers arriving from Tampico today reported that four American residents of that city have been sentenced to long penitentiary terms, charged with counterfeiting. It was reported that these Americans had been placed aboard the Mexican gunboat Bravo and sent to Vera Cruz.

QUIET IS RESTORED AGAIN IN VERA CRUZ

By Associated Press.

WASHINGTON, Aug. 11.—Reassuring dispatches from Vera Cruz to the state department today said the governor had given out a public statement deprecating the anti-foreign demonstration and incendiary speeches and that quiet was restored.

Fear of serious consequences of such demonstration led to the sending of the battleships Louisiana and New Hampshire to Vera Cruz last night.

DENY ANARCHY IS RULING VERA CRUZ

By Associated Press.

HOUSTON, Texas, Aug. 11.—Denial of many statements in the appeal sent out by the American Society of Mexico calling attention to conditions in Mexico City is made in a cable message from Vera Cruz received last night by the Carranza consul at Galveston. The message says:

> "The constitutionalist officials deny certain statements made by the American Society of Mexico. They state that instead of anarchy holding sway in the city order has been restored. Life and property are guaranteed and there have been no outrages of any kind since the entry of Gonzales.
>
> "Red Cross gent O'Connor had been in the city for a month, but during that time he never had made an effort to take food there. He himself stated that his only mission was to investigate and report.
>
> "Three asylums for indigents have been opened in Mexico City. The government in the city continues to sell food below cost price and soup is being distributed free. Red Cross Representative J. B. O'Connor states that the constitutionalist government is co-operating with him in every way."

SAYS FLEET REPORT IS BASED ON ERROR

By Associated Press.

HOUSTON, Texas, Aug. 11.—"It is understood in Vera Cruz that official inquiry will be instituted regarding the statement made in Washington July 27 to the effect that Consul Canada reported that eight Mexican naval vessels were taking away troops which were coming in here from the interior," says a cable message from Vera Cruz received last night by the Carranza consul at Galveston.

The message continues:

> "It is not understood how Canada could make such a statement as all vessels in the harbor are in plain view from the windows of the consulate. No such number of war vessels has been here and only one had sailed within a fortnight. No troops have come from the interior and the vessel that left only carried her usual complement of men."

WARSHIPS IN S. F. BAY PREPARE FOR SERVICE

SAN FRANCISCO, Aug. 11.—Uncle Sam's warships in San Francisco harbor are getting ready for possible service in Mexico. The two admirals in the port, Admiral Pond of the Pacific reserve fleet and Admiral Fullam of the Atlantic reserve fleet, which conveyed the Annapolis cadets through the Panama Canal on their visit to the Exposition, last night held conferences with the commanding officers of all ships under their command.

This is a step that is significant at this particular juncture of the Mexican crisis. It is unusual for the captains of the various warships to be summoned in a body unless the admiral has some information of a confidential nature to impart to them.

There are three battleships, four cruisers, one receiving and training ship and one supply ship now in San Francisco Bay. The battleships are all known as battleships of the second line.

The battleship Oregon, Captain J. M. Reeves commanding, is already in commission and is attached to the Pacific fleet under Admiral Howard, whose flagship is the Colorado, now at San Diego.

DISGUISED AS LAD, GIRL ESCAPES FROM INDIAN BANDITS OF MEXICO

MISS ROSE DEL MANCHO, DAUGHTER OF A SPANISH PLANTER OF ZAPATA, MEX., AND HEROINE OF A SERIES OF UNUSUAL ADVENTURES.

PRETTY SPANIARD WALKS TO SAFETY AFTER MANY PERILS

LOS ANGELES, Aug. 11.—After a remarkable escape from Indian-infested territory in Mexico, followed by a long cross-country trip on foot, Miss Rose Del Mancho, daughter of a wealthy Spanish plantation owner of Zapata, Mex., passed several anxious hours here yesterday.

Attired in a natty khaki riding suit, leggings, and a wide sombrero, Miss Del Mancho attracted much attention as she stood from early morning until late in the afternoon at the corner of First and Broadway, peering anxiously up and down the street.

Miss Del Mancho came here from San Bernardino last night. She expected Mrs. B. R. Calkins of No. 1521 Campbell street, Alhambra, to meet her but through a misunderstanding Mrs. Calkins failed to keep the appointment. Miss Del Mancho did not know the new address of Mrs. Calkins, who had recently moved and was at a loss as to what to do until her missing friend was located.

DRESSES AS BOY.

Miss Del Mancho left her father's plantation last December, when the outbreaks of the Indians made it unsafe for her to remain longer in the war-ridden territory. Disguised as a Mexican lad she made her way overland to the border and after several adventures took up her residence in San Diego with the family of Jose Miguel, formerly her father's attorney.

A few months ago Sr. Miguel moved with his family to Ohio. Miss Del Mancho, unwilling to go farther away from the border and expecting that her father would be compelled to flee to the United States at any time, resolved to remain in San Diego with some newly-made friends.

After a short stay in San Diego, Miss Del Mancho set out on foot for San Bernardino, where she has an uncle living. After a short visit in San Bernardino, during which time she won a horse, saddle and bridle and considerable notoriety by a record mountain climb, Miss Del Mancho set out on the horse for Yuma.

Returning from Yuma to Niland she was taken for a fugitive from Mexico and caused considerable activity among the officials of the various localities through which she passed.

CRACK PISTOL SHOT.

Miss Del Mancho is a crack pistol shot, and in all her desert trips she carries a brace of pistols. She speaks Spanish, English and Turkish fluently and can understand several other languages. Besides being an accomplished musician she possesses some talent as an artist.

"I have been accustomed to the hills and desert from my earliest youth and love to ride and walk," she said. "I always had a horse and could go anywhere. In all my trips I have never had any serious unpleasantness and although I am always armed while in the desert I have never had to use a gun to protect myself.

"The only thing that bothers me is that I meet so few people with whom I can become friends. People stare at me as if I were a different sort of person, but seldom does any one speak to me. They seem to be afraid of me."

Lime and Tuberculosis

Dr. Roberts Bartholow, former professor in Jefferson Medical College, Philadelphia, says in his Materia Medica (1895), on pages 215 and 216: "Clinical experience has shown that it (referring to a calcium salt) possesses the ill-defined property known as alterative, removes certain toxic or morbific materials and secures their secretion by the organs of elimination. * * * The testimony which has lately been published in respect to its curative powers in consumption is certainly very striking."

He does not refer to testimony regarding Eckman's Alterative, since the medical profession never publicly recommends proprietary remedies. However, many cases of consumption seem to have yielded to this remedy.

This success may be due largely to the fact that in Eckman's Alterative a calcium (lime) salt is so combined with other valuable ingredients as to be easily assimilated by the average person. It contains neither opiates, narcotics nor habit-forming drugs, so is safe.

KILLS SELF AFTER ATTEMPT AT ARSON

Caught Sprinkling Gunpowder in Store, Cuts Throat in Jail.

ABERDEEN, Wash., Aug. 11.—With a knife which he had concealed in his shoe, Adam Schubert, who was arrested yesterday for setting fire to his store, committed suicide today by cutting his throat in jail here.

Schubert confessed, according to the police, to having attempted to destroy his stock by sprinkling gun powder over it and setting it on fire. Firemen quenched the blaze before it reached a trail of powder, the explosion of which would have endangered their lives. Schubert left two letters, one to his family in Pittsburg and another to Anton Pista, socialist member of the city council, in which he renounced socialism and trade unions.

EAGLES INITIATE.

RICHMOND, Aug. 11.—Dr. H. N. Barney and M. J. Mulligan were initiated into Point Richmond Aerie, F. O. E. last night. Preparations were entered into for the celebration of Eagles day tomorrow at the Fair. The local Eagles will attend in a body. The drum corps is practicing daily for their appearance in the parade. The Eagles will leave the Southern Pacific station tomorrow morning on the 5:30 train for San Francisco. On August 15 the Alameda Eagles have announced that they will give a picnic at Grand Canyon Park. The local birds have been invited to attend.

SPARKS FIRE GRAIN FIELD.

RICHMOND, Aug. 11.—Sparks from a passing engine set fire to the grain field of J. T. Silva east of Pinole yesterday afternoon and before the flames were extinguished had destroyed several hundred acres of grain and several farm buildings.

MOTHERS WILL ATTEND.

MELROSE, Aug. 11.—A delegation from the Jefferson School Mothers' Club will attend the next meeting of the Melrose Heights' Mothers' Club with a request that the members join in assisting in a benefit entertainment to be held shortly at the Jefferson school.

RICHMOND, Aug. 11.—The Richmond Club entertained at whist yesterday afternoon. Mrs. Pearce, Mrs. George W. Cushing, Mrs. Paul Gonner, Mrs. Mary Lucas, Mrs. Charles Johnson and Mrs. Ripley participated.

HIGH SCHOOL LAD LOSES EYESIGHT

Frank Serpa, Son of Capitalist, Will Pay for Prank With Loss of Sight.

RICHMOND, Aug. 11.—Frank Serpa, son of a San Pablo capitalist and land owner, will lose the sight of his left eye as the outcome of a dare. Serpa, with a number of students of the Richmond high school, was passing the Andrade orchard when some luscious fruit attracted his attention.

Serpa took a stick and attempted to knock down some of the fruit when the stick broke and on the rebound a jagged point entered the left eye.

The lad was hurried to a hospital, where an operation was performed. Doctors believe there is no chance to save the sight.

THRONG AT ENTERTAINMENT.

RICHMOND, Aug. 11.—Fraternal hall was crowded to the doors last evening when the young women of Our Lady of Mercy church entertained with a short musical program, whist and dancing. The committee in charge was composed of Miss Mary Casey, Miss Anna Kenny, Anna Smith, Dineen, Evelyn Payne, Alice Woods, Elizabeth Honsell, Julia Waite, Mary Waite, Margaret Maloney, Kathleen McGrath and Julia New.

WOMAN IS RELEASED.

RICHMOND, Aug. 11.—Mrs. C. Turner, wife of the apartment house janitor, held on a charge of stealing a $250 diamond ring from Mrs. A. Schumacher, has been released from custody. Turner is still awaiting his preliminary examination. He is accused of having already served four terms in state prisons.

STAGS ELECT OFFICERS.

RICHMOND, Aug. 11.—The newly organized Drove of the Order of Stags has chosen its officers for the first term. The newly named rulers will be installed in about ten days when there will be large delegations of the members of the new order from Vallejo and Santa Rosa present.

AUTO MAN IS INJURED.

RICHMOND, Aug. 11.—Leon H. Cobb was painfully injured when an automobile he was repairing backfired and threw him to the ground. He suffered severe lacerations of his arms and side which required the attention of a physician.

BEST TREATMENT FOR CATARRH; S. S. S. REMOVES THE CAUSE

Specialists in Catarrh troubles have agreed that it is an infection of the blood. The laboratories of the S. S. S. Co., at Atlanta, have proven it. Once you get your blood free from impurities—cleansed of the Catarrhal poisons, which it is now a prey to because of its unhealthy state—then you will be relieved of Catarrh—the dripping in the throat, hawking and spitting, raw sores in the nostrils, and the disagreeable bad breath. It was caused, in the first place, because your impoverished blood was easily infected. Possibly a slight cold or contact with someone who had a cold. But the point is—don't suffer with Catarrh—it is not necessary. The remedy S. S. S., discovered over fifty years ago, tested, true and tried, is always obtainable at any drug store. It has proven its value in thousands of cases. It will do so in your case. Get S. S. S. at once and begin treatment. If yours is a long standing case, be sure to write the S. S. S. Co., Atlanta, Ga., for free expert medical advice. They will tell you how this purely vegetable blood tonic cleanses the impurities from the blood by literally washing it clean. They will prove to you that thousands of sufferers from Catarrh, after consistent treatment with S. S. S., have been freed from the trouble and all its disagreeable features and restored to perfect health and vigor. Don't delay the treatment. Take S. S. S. at once.—Advertisement.

NEW ROAD WORK CONTRACTS LET

Highways in Many Counties Soon to Be Constructed.

By Associated Press.

SACRAMENTO, Aug 11. — The State Highway Commission yesterday let contracts for 47.7 miles whose total cost will approximate $300,000, accepted 31.57 miles of highway and adopted plans for the construction of 20.6 miles of road.

The contracts accepted, the price and the engineer's estimate are as follows:

Tulare county, between Goshen and Visalia, 4.4 miles, $30,377, estimate $35,-[illegible]. In the same county, between the westerly boundary and the Southern Pacific grade, 3.9 miles, $14,612, estimate $17,923.

San Luis Obispo county, between Atascadero and Paso Robles, ten miles, $57,-509, estimate $71,7[illegible].

Monterey county, between Greenfield and Camphora, 11.7 miles, $54,597, estimate $63,019.

Santa Barbara county, between Gaviota and Zaca station, 11.4 miles, $74,-586, estimate $62,162.45.

Colusa county, through the town of Arbuckle, 3 of a mile, $5778, estimate $5,879.

Marin county, between Bridell and St. Vincent, four miles, $21,255, estimate $[illegible]8,256.

The Highway Commission accepted work as follows:

Kern county, between Bakersfield and sections one and six, 12.90 miles. Orange county, from Irvine to Santa Ana 7.4 miles. Merced county between Merced and the southerly boundary, 11.19 miles.

Work is proposed as follows:

In Sonoma county between Sonoma creek and the easterly boundary, 4.4 miles, and between Reclamation and Sonoma creek, 8.1 miles, and in Sacramento county between McConnell and the railroad crossing near Galt 7.5 miles.

When Baby Has the Croup.

When a mother is awakened from sound sleep to find her child who has gone to bed apparently in the best of health struggling for breath she is naturally alarmed. Yet if she can keep her presence of mind and give Chamberlain's Cough Remedy every ten minutes until vomiting is produced, quick relief will follow and the child will drop to sleep, to awaken in the morning as well as ever. This remedy has been in use for many years with uniform success. For sale by Osgood Bros. Drug Stores.—Advertisement.

Continuing, Mr. Barrett writes: "Your exhibit is certainly a revelation as to what can be done with a hardware display and an inspiration to amateurs."

Great numbers of hardware merchants have voiced their amazement at the unlimited advantages this exhibit offers in new selling and display ideas. No conception of this masterpiece-in-hardware can be formed through description; it must be seen and studied before an impression can be made. There's a standing invitation to all hardware merchants to visit the KEEN KUTTER exhibit in the Manufacturers' Palace at the Exposition. Be sure to see it.

MRS. ARTHUR LANGGUTH OF PORTLAND, WHO IS VISITING OAKLAND.

It is all very well to talk of natural distinction and women who would "look well in anything." Most of them wouldn't. Anyway, women who do contrive to look well in anything would look so wonderfully much better in other things and those who still lack distinction in beautiful gowns would be so very much worse in "anything." It is quite simple.

For any one who doubts the importance of clothes there is a curious proof of it in the Metropolitan Museum of New York, where a "fashion show" has just been added to the art treasures. An interesting acquisition of thirty fair "lady dolls," gowned in the modes of two centuries, smiling vacuously in their strange environment.

There are the first fashions, designed in 1690, when clothes just were made in a prevailing style. There are full flaring skirts of heavy brocade, enormous sleeves and close-laced bodices, that develop finally into graceful clinging chiffons of the empire period, and so on down to ruffled taffeta and tarleton.

The remarkable point is that while the dolls are all alike, smiling the same vacuous smiles, no one would suspect it. In the diversity of costume and coiffure, the likeness of their faces is altogether lost. The bisque ladies seem distinctly different types, but it is only their clothes.

WOODWARD-TODD WEDDING.

Society is keenly interested in the marriage this evening of Miss Gwendolen Woodward, daughter of Mr and Mrs. Frank J. Woodward, to James Hamilton Todd Jr., which will take place at the Woodward home in Piedmont avenue. Both families are prominent and although a limited number of guests will attend the ceremony and reception, there will be hundreds of good wishes for the young people, who are favorites in the younger set of Oakland and Berkeley. Miss Woodward is very pretty and will be a charming young bride in her white gown and veil. Her sister, Miss Phyllis Woodward will be maid of honor and Miss Margaret Atkins, daughter of Mr and Mrs. Henry Atkins will be a flower girl. Benjamin Moore will be best man. The bride's grandfather, Rev Ervin Chapman of Los Angeles, will read the marriage service. The decorations will be elaborate and beautiful and many of the attractive details have been planned by the young bride, herself.

☼ ☼ ☼

IN ROSS VALLEY.

After their wedding in the last week of August, Miss Marguerite and Mr Curtiss Barbour are to occupy a place in Ross Valley near that of Mr and Mrs. Donald McClure (Margaret Moore), the latter of whom will be matron of honor at the wedding. Mrs McClure and Miss Von Adelung have been devoted friends since their school days it is a great pleasure to both that their homes will be near each other for a time. Mr Barbour has leased a pretty bungalow until the first of December, when he and his bride will return to Oakland and plan the new home they will build early next year. The McClures will go to San Francisc in December and will establish their home across the bay.

Miss Von Adelung returned yesterday from a visit to Mr Clure in Ross, where Mr. Barbour was also a week-end guest.

☼ ☼ ☼

DINNER ON FLAGSHIP.

Admiral Charles Fremont Pond, who makes his home at Cloyne Court in Berkeley, will give a dinner this evening on board the flagship, South Dakota. His guests will be a number of the visiting navy officers who are with their ships which are anchored at the exposition. The half dozen battleships are an imposing fleet that give an added interest to the Marina where uniformed officers are constantly landing, and embarking in the trim little launches.

☼ ☼ ☼

MISS POLK ENTERTAINED.

Miss Daisy Polk, who is visiting Mrs George McNear at her home in Linden street, is being entertained at many informal affairs. She is going to Burlingame later in the season to visit Mr and Mrs. Willis Polk and plans to remain in California until next spring, when she will probably return to England.

☼ ☼ ☼

ENTERTAINED IN SOUTH.

Mrs. George Doubleday of Piedmont and her grand daughter, Miss Memory Doubleday, are visiting Mr and Mrs. Calvin E. Allyn and their daughter Mrs Gertrude Allyn Long at their beautiful place in Pasadena. Miss Pauline Long gave an al fresco luncheon for Miss Doubleday a few days ago. The table was placed in a picturesque corner of the grounds near a fountain and was decorated with trailing vines and baskets of fruit. Miss Doubleday sang several times after luncheon and the hostess, after the luncheon, at which 16 guests were entertained.

☼ ☼ ☼

STATIONED AT PORTSMOUTH.

Surgeon and Mrs. Robert Hoyt (Lucile Cook), are at present stationed at Portsmouth, Va., but are awaiting orders that will take them to a new station. It is hoped they may come to California, where Mrs. Hoyt has many relatives and friends. She is the daughter of Mrs. Lincoln Karmany of Mare Island and a grand daughter of the late Mrs Henry Butters.

☼ ☼ ☼

IN SAN FRANCISCO.

Mrs. Patrick Poland and Miss Mary Boland, the sister and niece of Mrs Oscar Sutro of Piedmont and of Miss Nellie O Sullivan have come from their home in Los Angeles to spend several months in San Francisco. They have taken a flat at Green and Steiner streets. Miss O Sullivan, who is visiting the Yosemite with Miss Gladys Wickson, will return to Piedmont the middle of August.

☼ ☼ ☼

MISS CHILDS RECOVERING.

Miss Emmeline Childs, who made many friends in Piedmont when she visited Mrs. Willard Williamson a few months ago, is slowly recovering from a very serious illness at her home in Los Angeles. Miss Childs was operated on for appendicitis and was dangerously ill for a time following the operation. Her mother, Mrs. O. W. Childs, canceled all her social engagements for several weeks, but to celebrate her daughters' return from the hospital, gave an informal garden tea to some of her intimate friends a few days ago.

☼ ☼ ☼

SIVITING SHERWOOD HOME.

Mr. and Mrs. Harry Sherwood are entertaining Mrs. Jennie Sherwood of New York who is their house guest in Berkeley for several weeks. Mrs Sherwood lived in San Francisco until a few years ago, when she went east to establish her home, and she is greeting many old friends in California.

☼ ☼ ☼

IN THE EAST.

Mr and Mrs Philip Gordon, formerly of Piedmont, are in the east and at present are visiting the former's brother-in-law and sister, Dr. and Mrs. Snook of the navy at Fisher's Island. Mrs. Snook was Mrs Isaac Upham of Piedmont before her second marriage. Mr and Mrs. Gordon will return to San Francisco in September, when Miss Emilia Gordon, who has been visiting relatives in the South, will return to Miss Ransom's school.

☼ ☼ ☼

WEDDING IN ST. PAUL'S.

This morning at 11 o'clock at a quiet ceremony in St. Paul's church, Miss Charlotte Cowie, daughter of Mr and Mrs. George H. Cowie of San Leandro, was married to Dr. Tilden Manzer of Oregon. The bride is a graduate of the University of California, having taken her degree at Christmas, and is a member of the Alpha Omicron Pi Sorority. Dr Manzer is a graduate of the College of Medicine of Kentucky and is practicing his profession at Powers, Oregon, where the young couple will reside.

☼ ☼ ☼

MRS. MILLER A HOSTESS

Mrs. H M. A. Miller will be the next hostess in honor of Mrs. George T. Marye, her entertainment being a luncheon planned for tomorrow at the Francisca Club.

☼ ☼ ☼

LUNCHEON FOR MRS. TOWER.

Mrs Louis Monteagle will give a luncheon in honor of Mrs. Charlemagne Tower next Tuesday afternoon at her home in Pacific avenue. The following day Mrs Tower, with her two daughters and son, will leave for the Yosemite and from there will return east. They plan to spend the remainder of the summer at their beautiful country estate in New York.

☼ ☼ ☼

GAYLEYS TO RETURN.

Professor and Mrs Charles Mills Gayley, with Miss Betty and Miss Mary Gayley, are expected to arrive in Berkeley this week from a year's sojourn in England and New York. Miss Mary Gayley, who is a talented artist, has been studying painting in London. She is one of the belles of the younger set in Berkeley and will be diligently welcomed by her friends.

☼ ☼ ☼

WEDDING IN BERKELEY.

The wedding of Miss Ruth Seifkes and Mr Andrew Jensen took place last evening at Trinity Methodist church and was followed by an informal reception at the home of the bride's mother, Mrs. M. A. Seifkes, in Berkeley. The bride wore a costume of white satin and lace and a long tulle veil caught with a wreath of orange blossoms. Miss Lorraine Harrison of San Francisco was maid of honor in a gown of Nile green taffeta and lace and carrying an armful of roes. The and carrying an armful of roses. The Lodi Miss Clara Neill, Miss Leota Brovine and Miss Edith Bennett. They wore gowns of apricot colored taffeta and carried garlands of flowers and ferns. C. G. Dickson was best man. Mr. and Mrs Jensen will pass their honeymoon in the south and early in September will establish their home in Oakland. Jensen is assistant to Rev. Francis J. Van Horn at the First Congregational church.

MAKES PLEA FOR FRENCH PRISONERS

Are Forced to Work in Malarial Swamps. Is Statement of Marquis.

By Associated Press.

PARIS, Aug. 11.—The Marquis de Vogue, president of the Central Committee of the French Red Cross, has sent a formal protest to [illegible], president of the International Red Cross Committee at Geneva, against alleged measures of reprisal taken by the German government against French prisoners of war in retaliation for alleged mistreatment of German prisoners. This protest, dated August 4, is based on a report by Baron Danthouard, the plenipotentiary accredited by the French government to represent the French Red Cross at war prison camps.

Baron Danthouard states that a thousand French prisoners have been taken from camps at Erfurt, Ohrdruff, Darmstadt, Friedrichsfeld, Munster and Marsenburg and sent to the Hanovarian swamps, "a region of notorious unhealthfulness, there to be employed in draining and clearing land. For most of these men, unaccustomed to such work this is physical and mental torture and killing fatigue in the misery of improvised quarters. This barbarous penalty is [illegible] with the undisguised purpose to terrorize their families and exercise through them moral pressure on French public opinion and government."

DENIES ANY CAUSE.

To prove that these reprisals are without cause, Devegus cites a report by the Swiss colonel Marval, deputed by the Red Cross to examine French prison camps, wherein Marval says "Labor conditions surrounding prisoners in both Morocco and France are normal and in conformance with humanitarian laws."

Devegue says further that the only German prisoners ever interned in Dahomey were those captured in Togoland Kemeroun where the climate is similar to that in Dahomey. All these prisoners, he says, have been transferred to Morocco.

TRAMPS SET FIRE TO GRASS FIELDS

Pastures Near Crockett Are Ablaze: Three Thousand Acres Ruined.

CROCKETT, Aug. 11. — Fire, which is believed to have been started by tramps, is sweeping over a score of ranches and dairy pastures. More than 3000 acres of valuable grazing ground has already been ruined and several hundred head of cattle are thought to have been cremated. A strong wind is prevailing, and the flames are rapidly working toward several large grain fields.

The fire started on the ranch of Thomas Murphey. Ranches belonging to Edward Hannah and James Stewart caught next, and others followed. Two hundred employes of the Hawaiian-American sugar refinery were rushed to the aid of the farmers in an effort to stop the flames. Several hundred cattle on the various ranches were turned loose, and the fire fighters gave their attention to saving the buildings, in which they were successful.

No estimate of the damage can be made, but it is believed that it will reach into thousands of dollars.

CHARGED WITH PLOTTING AGAINST FISH CANNERS

By Associated Press.

BELLINGHAM, Wash., Aug. 11.—Joe Bruke and Frank McLain, said to be of Seattle, are held at the county jail on the open charge of being implicated in a plot against the fish canners at Blaine. The two men were arrested last night by the county authorities in connection with the discovery yesterday of thirteen sticks of dynamite, with fuse and cap attached, near the Japanese bunkhouse of the cannery of J. Smiley & Co. The suspects are said to have gone to Blaine a month ago from Seattle by way of Anacortes, where an anti-Japanese trouble occurred on July 30. Both men admit that they attended secret meetings at Blaine held for the purpose of deciding means of driving out the Orientals, but deny that they advocated violence.

Sheriff Wilson Stewart is now looking for a third man, a stranger, who is alleged to have been the leader of the anti-Japanese movement.

BENEFITS THAT FOLLOW CONVENTIONS IS THEME

"Opportunities for Oakland" will be the subject of a prelude address to be given next Sunday morning in Oakland Golden Gate Methodist church by Captain William I. Day, who will tell of the permanent helpful results conventions will be to Oakland.

Captain Day will also discuss the subject of "Religion as an Element of Prison Reform" and tell what advances have been made in recent years in practical reform by such organizations as the Western Social Workers' League and the American Prison Association, both of which organizations will hold their conventions in Oakland in October. The Rev. George A. Price, pastor of the church, will preside and introduce the speaker.

NEW MAYOR IS HALED BY N. Y. CHINATOWN

NEW YORK, Aug. 11.—A spare little Chinaman with a wrinkled, grinning face and close-cropped gray hair alighted from a taxicab today at 15 Pell street, where he was greeted by Chinatown's influential citizens. Yee Wong Ging, as he is known, had just come all the way from Canton, China, to assume his religious and civil duties as mayor of Chinatown, which title Chinatown dwellers have bestowed upon him in the place of Yee Bow Kong, who died last April.

CHILD HIT BY AUTO.

Pioneer Theatrical Manager Passes Away

CHARLES P. HALL, WIDELY-KNOWN THEATRICAL MAN, WHO DIED IN OAKLAND THIS MORNING.

Following an illness of several months, the last few weeks of which were without hope of his recovery, Charles Hall, probably the oldest theatrical manager in the United States, pioneer of theater managers in the West and for many years manager of the Macdonough Theater, died early this morning in his room at the Hotel Oakland. Hall was 74 years of age. For 33 years he had been actively identified with the theatrical activities of California, operating one of the first chains of California theaters, including show houses in Oakland, San Francisco, Sacramento, Stockton and other cities. A close associate of Klaw & Erlanger and other noted Eastern producers, he was familiarly known among theatrical men as the "grand old man" of California's theaterdom.

MANAGER OF MACDONOUGH.

Some fifteen years ago he assumed the management of the Macdonough Theater in Oakland, first operating it in conjunction with his other houses and later exclusively. He sold his interests in the house about four years ago, when illness compelled him to retire from active business. He took a keen interest, however, in theatrical affairs even to the time of his last illness, and held many conferences with Eastern managers in his rooms at the Hotel Oakland, where prominent theatrical magnates often came to him for advice and guidance on California ventures.

For some time past he had been under the care of Dr. Austin F. Clark, and a few weeks ago went to Boyes Springs, where it was hoped the change in treatment might be beneficial. On his return he sank rapidly, and for some days had been in a semi-conscious condition. Death came this morning while the veteran theater manager was asleep. Arrangements for the funeral are now being made.

BORN IN EXETER.

Born in Exeter, N. H., Hall first began his theatrical career as a young man in circuses, and as a treasurer for different Eastern theaters. He came to California after serving several years as treasurer of a Philadelphia house, his first venture being in San Francisco with Al Hayman, one of the old theatrical producers. They took over the old Bush Street theater, which he managed at the time of the famous Hoyt plays were produced there, and, in fact, retained charge of it until the San Francisco fire.

Fifteen years ago he was married to Fannie Bowman, then a noted actress. She survives him, as does also a brother, Colonel John D. Hall, U. S. A., retired, of Washington, D. C. He came of a family well known in army circles, many of his relatives being army men.

BROUGHT NOTED STARS.

During his management of the Macdonough Hall brought to this city many of the most famous attractions in the theatrical world. Sarah Bernhardt has played in several of his theaters and John Drew, Robert Mantell and others of the noted actors of the American and European stage have appeared under his auspices. He was instrumental in bringing to Oakland the first of its big attractions of the past three decades and was responsible for Oakland's present high place on the theatrical map as perhaps is no other manager.

During the past few years he was prominent in civic life, and took a keen interest in the work of commercial organizations and politics, although seldom active on account of his ill health. He was an enthusiastic motorist, and he and Mrs. Hall were familiar figures in the streets with their automobile.

Mrs. Hall will continue to live at the Hotel Oakland.

TO REPEAT FLAG DRILL FOR N. E. A.

Teachers and Scholars Who Participated Requested to Appear for Rehearsal.

The school children of Oakland who participated in flag drill exercises, including the human flag number, will repeat these exercises for the N. E. A. congress here at the Municipal Auditorium on Tuesday at 1 o'clock. G. H. Pfund, director of physical training, requests that all teachers and scholars who participated make this demonstration a success. There will be one rehearsal at the Auditorium on Saturday at 10 a. m. Principals are requested to designate two teachers to attend the rehearsal and demonstration.

Children will meet their teachers at their respective schools and go to the Auditorium with them. Pupils and teachers are requested to assemble at the east end of the Auditorium, facing south. Thirteen lanes will be laid out, indicating the colors and the number of pupils assigned to each. Pupils take up with their teachers the matter of dress.

The flag drills will be given in the following order:

Columbia, The Gem of The Ocean, The Battle Hymn of the Republic, The Pledge of Allegiance and the Salute of the Flag, America, The Waving of the Human Flag to Marching Through Georgia.

NATIONAL ELIMINATION TENNIS GAMES POSTPONED

By Associated Press.

CHICAGO, Aug. 11.—Rain prevented the second round of the national elimination tournament in doubles which was to have been played on the tennis courts of the Onwentsia Club, Lake Forest, today. The challenge round between G. M. Church of Princeton and Alex. Squair of Chicago for the western championship in singles will be played Friday.

WATER LET OVER NEW $5,000,000 SPILLWAY

By Associated Press.

GREAT FALLS, Mont., Aug. 11.—Water was let over the spillway of the $5,000,000 dam at the Big Falls of the Missouri river, 14 miles from here, today. The dam has been two years and eight months under construction.

U. S. CANNOT LIMIT AUTO FERRIAGE

Ruling Enables Boats to Handle Heavy Traffic Across Bay.

SAN FRANCISCO, Aug. 11. — United States Supervising Inspector of Steamboats John K. Bulger has received definite advice from Washington, D. C., to the effect that the department of commerce has no authority to limit the number of automobiles carried on ferryboats on the bay, and that the extent of the authority of the department stops when automobiles are transported in accordance with the provisions of the law.

The principal fight in this matter of automobile traffic on ferryboats has been with the Northwestern Pacific railroad, which, for years, has arbitrarily laid down the rule that no more than four machines will be carried on one trip to Sausalito. On holidays this has resulted in an unnecessary congestion on the Embarcadero and long waits for those excursionists who planned to take motor trips through Marin, Sonoma, Mendocino and other northwestern counties.

The Taxpayers' League has announced the following program of speeches to be made in Oakland this week on "Taxation and the Recall of Two Commissioners": This evening at the Lockwood school, East Fourteenth street, W. B. Simmons, E. A. Sherman, E. L. Arnest, W. H. Creighton, Dr. Herrick. Thursday evening, Cosmos hall, Eleventh and Jefferson streets, Dr. Herrick, H. C. McPike, S. C. Reynolds and Hugh Craig; Friday evening, Emerson school, Fifty-second and Broadway, H. Craig, H. C. McPike, J. McCausslin, P. Sorenson and Dr. Herrick. Friday evening, Dewey school, Thirty-fifth avenue and East Fourteenth street, Dr. Herrick, H. C. McPike, J. H. Somers and E. A. Sherman.

CLUB FAVORS REINSTATEMENT.

FRUITVALE, Aug. 11.—The Allendale Mothers' Club at its last meeting unanimously endorsed the proposal to reinstate Miss Alice Baxley as principal of the Allendale school. The club held Miss Baxley had been done an injustice in being removed from this situation. Following its business meeting the club enjoyed a social time. Mrs. M. Russell and Mrs. E. May formed the entertainment committee for the day.

Acceptable Peace Manifesto Issued

Germany's Demand Is Land From Foes

By Associated Press.

BERNE, via Paris, Aug. 11, 4:45 a. m.—The Tagwacht prints the text of a manifesto issued by a group of German professors and intellectuals enumerating their ideas of the only acceptable peace terms. These must insure the free expansion of German culture, industry and commerce. Belgium, for military and commercial purposes, must be subject to Germany. France must cede to Germany all territory north of a line from Belfort to the mouth of the river Somme, and pay a large indemnity. Russia must cede Poland and the greater part of the Baltic provinces and other territory in lieu of indemnity, which she could not pay.

BOARD TO DECIDE UPON ACOUSTICS

Echoes May Ring, and Then They May Not, in School Assembly Halls.

Echoes in the assembly halls of the new Oakland schools shall continue to repeat lessons with the classes—unless the Board of Supervisors comes to the rescue. Several items of from $100 to $200 for correction of acoustics in halls, were placed on the budget by the Board of Education this morning with marks for the guidance of the supervisors, who will be asked whether or not they are to be permitted.

A lively tiff occurred at the committee meeting this morning over the payment of S. H. Pickard, the expert employed to install the business system for the schools. He was employed at a salary of $10 per day.

"I suggest that we find out just how long Mr. Pickard has worked," said Miss Brown, "and then pay him on, say, an eight-hour day basis. Is that the intention?"

"Were Professor Cubberley or Mr. Dolge paid that way?" asked Edwards.

"Well, they spent all their time at the work," said Miss Brown.

"I never saw them doing it," said Cook. "I think they just dropped in once in a while."

HEARING ON BUDGET.

"Dolge spent half a day in my office," said Purchasing Agent Harry Bridgman.

"Do I understand that you are going to oppose Mr. Pickard's appointment?" asked Edwards.

"I did not say that," said Miss Brown.

"What Pickard has done has real value," remarked Aber. "Dolge and Cubberley gave us a lot of reports, but Mr. Pickard has given us something tangible—he has gone in and made us a system—and we need it. He has given us a business basis for work."

The session this morning was mostly devoted to hearing the details of the budget, which will be completed this week. The board also heard Mrs. Andker in a complaint against the moving of classes from the Lafayette to the Vocational school.

"The ladies object because there is no playground, and because they take pride in their own school," declared Mrs. Andker. Miss Brown suggested that the board make a play ground out of the front yard.

WITHDREW PROTEST.

"Give it a trial," she urged. "You will find it will work out all right."

"It's going to save the taxpayers $5000," said Commissioner Edwards.

The women withdrew with the understanding that they will renew the protest should the experiment not prove a success. Superintendent Barker pointed out that the move will permit the removal of the temporary buildings from the Lafayette school playgrounds.

A rough estimate of the expenses for maintenance and betterment of every school in the city, this not including extra work, was filed for consideration by Superintendent Barker and Secretary Pratt. This, which is to serve as a working sheet for the final consideration of the budget, and which will be passed on during the week, following its inspection tonight, is as follows:

NEW PHONE OPERATOR FOR CITY CAUSES TILT

Edwards Vainly Opposes Jackson Ordinance

An ordinance creating a position of Assistant Operator in the fire alarm and police telephone building on the shores of Lake Merritt was introduced today by Commissioner F. F. Jackson. Passage of the ordinance was opposed by Commissioner W. H. Edwards of the department of revenue and finance, who stated that as the department had succeeded in getting along efficiently for the past two years without this extra service, he did not see why the increase should be made, especially in view of the desperate efforts that are being made to keep down the tax rate.

Commissioner Jackson explained that Fire Chief Whitehead had recommended the creation of three new positions, that City Electrician C. E. Hardy had finally agreed to be satisfied with two, and that he himself, in the interest of economy rather than efficiency, had cut the number down to one new position at $100 a month.

HARDY EXPLAINS WHY.

There have been three operators who have had charge of the fire alarm Central transmission board working on three, eight hour shifts. They receive the fire alarms by telephone and box signals and transmit them to the fire companies. In his report to Dr. Jackson, City Electrician Hardy said.

"In operating as we do with the manual system, which is established as a standard throughout the country for cities having a population of over 100,000, every alarm that comes in, whether by telephone or from a fire alarm box, is transmitted by the operator to the fire department. If the operator, while alone in the station at night, should suddenly become seriously incapacitated from any cause, and unable to perform his duties, the entire fire alarm system of the city would become for the time being, ineffective and useless, and the public practically without means of communicating an alarm to the fire department. Furthermore it is a physical impossibility for one man to handle with proper efficiency and dispatch, the operating condition that accompany a large fire particularly during the early part of the night on account of the great number of telephone calls that follow an alarm. This statement would apply equally to day operation but during the day working hours there are usually other employes present and frequently one who can lend assistance under such conditions.

"In my opinion the above elements of danger should at least be eliminated in connection with night operation. The only feasible way of doing it is to put an additional operator on both night shifts."

"The fire house has been operated under the same conditions for a long time," declared Commissioner Edwards. "I do not see the necessity of making this change."

"It seems to be most essential," answered Commissioner Jackson. "If this one man on duty should go to sleep, or get hurt, or become otherwise incapacitated it would block the whole system and make worthless all the equipment for which we have paid so much and all the firemen whom he employs. This is only $1200 a year and I would like to see it go through."

CHIEF FAVORS CHANGE.

Chief Whitehead also appeared and explained the necessity of the change.

"Well, you have three men on three shifts now, haven't you?" asked Edwards. "What are you going to do with this extra man, put him on the night shift?"

It was stated that this would be the course taken.

"I think that is a right plan," said Mayor Davie.

"Well, it has been the other way for two years and there has been no complaint," said Edwards. "I don't like the extra expense."

"Let the motion be put for the first and second reading of the ordinance," interposed the Mayor, cutting further discussion short. The ordinance was given its first and second reading.

ASK "KEY" EXTENSION.

Petitions were received from the Allendale Civic club and the Brookdale Citizens' club requesting that arrangement be made to have the Key Route Twelfth street trains run out to Melrose via Twelfth street and East Fourteenth. The matter was laid over until August 20, when the matter of permitting Key Route trains in Twelfth street will be taken under consideration. The city clerk was instructed to notify each of the clubs that a committee of one will be welcomed by the city council to represent the organization at the discussion.

Allendale and Brookdale are the same place, but there has been a controversy among the residents as to which name shall be used. There is also some difference of opinion politically between the Allendale Civic club and the Brookdale Citizens' club. When the petition from the Brookdale Citizens' Club was read, Mayor Davie signified his preference for the other organization with the following somewhat jocular query.

"Where is this Brookdale at? I would like to know where it is located."

CHANGES PETITIONED.

The petitions were as follows:

"Whereas, The Key Route system is desirous of establishing a through service from its ferry pier terminus to Melrose, via Twelfth street and East Fourteenth street, and

"Whereas, Such through service would be of material benefit to the entire east of Lake Merritt, both by the added stimulus of competition between two parallel transportation lines and by the saving of time and added facility of actual passage without transfer, now, therefore, be it

Resolved, That the Allendale Civic club hereby requests and urges the Oakland City Council to take such action as will make possible said through service of the Key Route system to East Oakland.

(Signed)

"FRANCIS ST. JAMES FOX,
"President"
"K. BERGENDAHL, Secretary."

SECOND PETITION.

"Whereas, We believe that the population east of Broadway is sufficient to justify the City of Oakland in granting the San Francisco-Oakland Terminal Railways a permit for running through passenger trains from the Key Route pier to Melrose, (Forty-sixth avenue and East Fourteenth street), and

"Whereas, We believe that it will be necessary for the opening of East Fourteenth street from the intersection of East Fourteenth street and First avenue to the Lakeshore boulevard, in order to make possible the running of these trains, as we have reason to believe that the Key Route trains will not take more than the 30-degree curve.

"Therefore be it resolved that we ask your honorable body to immediately take the necessary steps to open East Fourteenth street to the Lakeshore boulevard so that the necessary track can be laid for the use of the Key Route trains, as it was done on Washington street from Fourteenth street to San Pablo avenue to accommodate the Oakland Traction Company cars:

"And be it further resolved, that the S. F. O. T. be given a permit to run its cars or trains from Melrose to the Key Route pier by way of East Fourteenth street and East Twelfth street, provided, however, that local passengers be accepted on its cars or trains at the following designated stops with transfer privileges to all lines of the S. F. O. T. at the stops as designated, viz:

"Melrose, or Forty-sixth avenue and East Fourteenth street; and the following other stops along Fourteenth street: Forty-first avenue, Thirty-eighth avenue, Fruitvale or Thirty-second avenue, Twenty-third avenue, Thirteenth avenue, and First avenue, Broadway and West Twelfth, and such other stops as your honorable body may see fit to designate.

"BROOKDALE CITIZENS' CLUB.
"G. W. Ferris, president.
"H. Vander Haar, secretary."

Mayor Davie protested today against his peace of mind being disturbed by street venders calling their wares. "I think they ought to be cut out," declared the Mayor. "They are a nuisance."

The matter was referred to Commissioner of Public Health and Safety Jackson.

Mrs. J. B. McMath, county president of the W. C. T. U., appeared before the council this morning and asked that an appropriation of $200 be made for the entertainment of delegates and visitors to the state convention of the organization to be held in the municipal auditorium for five days beginning September 27. Mrs. McMath said that the money had been promised by Mayor Mott prior to July 1. The matter was referred to Mayor Davie who said he would take it up with the City Attorney's office to learn whether or not the city was conforming with the charter in making such appropriations.

ELLA FLAGG YOUNG HERE FOR SESSION

Chicago's Famous Superintendent to Attend N. E. A.

Ella Flagg Young, superintendent of the Chicago Public Schools, and one of the most noted women in educational work in the world, arrived at the Hotel Oakland on the Overland Limited this morning, and will make her headquarters at the hotel until the end of the convention. Miss Young, on her arrival, retired to her rooms, being fatigued from her long journey. She would not discuss her plans for the convention nor comment on Oakland's educational system at the present time.

Bringing with him valuable data on the open air schools and on vocational training in schools, besides other educational features perfected in New York, Thomas E. Finegan, of Albany, N. Y., assistant state superintendent of schools in New York state, arrived this morning. He will speak on a number of the important developments in the New York situation.

OPEN AIR SCHOOLS.

"The open air school is one of the greatest features of modern educational work," he declared. "New York has them on the roofs, now, and wherever possible. There is a small army—or rather a big army—of children inclined toward tuberculosis, to be cared for in the United States, and the open air school is the solution to the problem. We use them in the coldest weather—dressing the children for such classes. Of course, means are taken for protection from rain and snow."

In regard to military training in schools, Finegan declared that this was a matter left to the option of the different schools, the state making no appropriation for the work. Free textbooks, too, are handled by schools individually, there being no state law to cover the matter.

OTHER ARRIVALS.

"In the case of a state doing this text book work," he said, "there is always the need for scrupulous care, that the state may not find itself with a great number of undesirable text books on hand. The state plan, however, has its advantages."

A. W. Clancy, one of the oldest members of the N. E. A. and an educator from Minneapolis, is also at the hotel. With the exception of one man he has attended more N. E. A. conventions than any man living.

Secretary D. W. Springer was busy in his headquarters in the Commercial Club rooms this morning outlining final plans and receiving the arrivals. From now on steady arrivals are expected, many having already telegraphed that they are on the way to California already.

Robert Aley, president of the University of Maine, is also in Oakland awaiting the opening of the convention.

BLOW AT BALTIC REGION EXPECTED

Allies Seek to Anticipate Next Move of the Kaiser's Forces.

By Associated Press

PETROGRAD, Aug. 11, via London.—is expected to fall in the Baltic region. The next serious blow the German forces Since the capture of Warsaw the German operations in that district have been of chief interest here. Apparently the invaders are not anxious to crowd the Russians out of Poland, but rather are expending their efforts in strengthening their extending wings.

The naval attempt to gain control of the Gulf of Riga, simultaneous with the pressing eastward of the land forces toward Friedrichstadt, forty-six miles southeast of Riga, and the only railroad outlet from that port, has convinced military authorities that the Germans contemplate early resumption of the campaign in this region. The swampy nature of the country immediately to the south of Riga renders control of the approaches from the east difficult. The Russians in force are opposing stubbornly the advance of the Germans in this direction.

On the other hand the advance of the Germans toward Vilkomir on roads leading in the direction of Vilna in the government of Kovno, has given rise to the belief in some quarters that the invaders will attempt to press on to Vilna.

Riga is being bombarded by aeroplanes almost daily. A civil guard of 3000 men, similar to that organized in Warsaw before its capture, is ready to take over police duties should evacuation of the city become necessary.

TO INVESTIGATE PLAN FOR LAW SCHOOL HERE

The Oakland Merchants' Exchange is to investigate the plausibility of a law school being established in this city. Last evening W. G. Herrine of San Francisco appeared before a meeting of the Exchange and after stating that many Oakland people attended a San Francisco law school asked that the body co-operate with him and with local attorneys in the establishment of a like institution here.

A committee was appointed by the Exchange to look into the proposition. This committee, made up of E. Van Der Naillen, chairman; Robert Robertson, W. Davidson and W. Walker, will report at the next meeting.

Members of the Merchants' Exchange anticipate a big attendance to the Mt. Diablo excursion which will be participated in by them on Sunday. The special train will leave over the Antioch and Eastern road from Thirtieth and Shafter streets at 8:40 a. m. All Exchange members and families expect to make the trip.

PANTAGES ENTERPRISE BEATS N. Y. MANAGERS

In the production of the Holbrook Blinn thriller "Fear" at Pantages this week Manager Alexander Pantages has beaten the New York theatrical managers to the latest wrinkle in vaudeville by over a month. "Fear" is the second offering of a vaudeville stock company organized by Milton Stallard for the purpose of presenting the best vaudeville material available. The company has been operating between San Francisco and Oakland and later will be taken on tour.

In New York, however, Arthur Hopkins, the man who produced "The Poor Little Rich Girl," is just waking up to the possibilities of the idea and he is contemplating such a feature for the Palace and other big New York variety houses, according to press reports from New York yesterday. He explains, however, in interviews, that the experiment will probably lose money, though in the end it will elevate the vaudeville standards.

SUSPECT BUSINESSMEN CONDUCT ARSON TRUST

LOS ANGELES, Aug. 11.—Astounding revelations which emphatically point to the detailed operations of a systematic and organized arson trust in Los Angeles have been laid bare by the police, following the burning of an East Ninth street block by incendiaries. The arrest of two men charged with the offense came as an important stimulus to a complete investigation which has been secretly under way for three weeks.

Additional arrests, including men of prominence, adjusters, merchants and lawyers, are scheduled to occur in the developments of the next few days.

More than [illegible] incendiary fires since January 1 are under investigation, and approximately [illegible] for the last year are under inquiry. According to the police, approximately $500,000 has been secured from insurance companies here through arson in the last 18 months.

ROTARIANS WILL HEAR SPEAKERS

Head of Shredded Wheat Co. to Tell What His Concern Plans in Oakland.

Sidney M. Ehrman, president of the Pacific Coast Shredded Wheat Company, will tell members of the Oakland Rotary Club what his company expected to do in Oakland in an address to be delivered at the weekly luncheon of the organization at the Hotel Oakland tomorrow noon. Ehrman's company is spending more than a quarter of a million dollars in the erection of a building and the equipment of a plant at Twelfth and Poplar streets.

Another speaker at tomorrow's luncheon will be J. B. Davis, treasurer of the Grand Rapids Rotary Club and vocation director of the schools of Grand Rapids. He will speak on "Vocational Training." The program for tomorrow's luncheon was arranged by George Randolph of the United Iron Works.

President V. O. Lawrence of the local Rotarians, has received the following letter from Charles H. Victor, president of the San Francisco organization:

"At a meeting of the board of directors of the San Francisco Rotary Club yesterday, the following resolution was unanimously adopted.

"'Resolved, that we extend to the Oakland Rotary Club our sincere and heartfelt thanks for the splendid spirit of co-operation shown by them in assisting us in entertaining the 1915 convention of the International Association of Rotary Clubs. Not alone do we appreciate the spirit of co-operation that was shown at and during the convention, but also the splendid manner in which all problems leading up to the convention were approached by the representatives of the Oakland club in discussion with the representatives of our own club. We appreciate their spirit of fairness and desire to do everything in their power to make California hospitality mean much to our friends from the east. Further be it resoled that a copy of these resolutions be sent to the Oakland Rotary Club and also spread upon the minutes of the meeting of this club.'

"It certainly gives me great pleasure to advise you of this action of our board of directors and also to convey to you my personal appreciation of the way in which you and all of the members of the Oakland Rotary Club have assisted us in this connection."

What to Use and Avoid on Faces That Perspire

Skin, to be healthy, must breathe. It also must perspire—must expel, through the pores, its share of the body's waste material. Certain creams and powders clog the pores, interfering both with elimination and breathing, especially during the heated period. If more women understood this, there would be fewer self-ruined complexions. If they would use ordinary mercolized wax they would have healthy complexions. This remarkable substance actually absorbs a bad skin, also unclogging the pores. Result: The fresher, younger under-skin is permitted to breathe and to show itself. The exquisite new complexion gradually peeps out, one free from any appearance of artificiality. Obtain an ounce of mercolized wax from your druggist and try it. Apply nightly like cold cream, for a week or two, washing it off mornings.

To remove wrinkles, here's a marvelously effective treatment, which also acts naturally and harmlessly. Dissolve 1 oz. powdered saxolite in ½ pt. witch hazel and use as a wash lotion.—Advertisement.

Canners Export 80,000 Cases

Fruitvale Concern Is Relieving Hold-Up

FRUITVALE, Aug. 11.—Eighty thousand cases of canned fruit and vegetables forms the consignment of a local cannery to European countries. Large quantities have also been shipped back by other canneries between here and Hayward, thus relieving in a measure the threatened hold-up of cannery products as a result of the almost complete closing of foreign markets. Even with this outlet the canneries still complain of a big falling off in their usual foreign orders, for which a fairly good demand in the home markets has been unable to compensate. With considerable quantities of hold-over goods from last season several of the canneries anticipate difficulty in clearing up their stocks.

STATE SEEKING BIDS ON MUCH NEW WORK

SACRAMENTO, Aug. 11.—Money for building purposes, made available by the last Legislature, soon will be placed in circulation by the State Engineering Department. The advisory board today ordered a call for bids on several jobs throughout the State, the most important being that of the completion of the cell house at the Folsom prison for $57,000, giving accommodations for [illegible] more cells. Other jobs include.

Repairing and improving of the Governor's mansion, Sacramento, $1,750.

Constructing an addition to San Quentin prison, $5700.

Constructing a manual arts building for the Los Angeles High School, $2500.

Construction of temporary buildings for the Humboldt State Normal School at Arcata, $17,500.

For the perfection of an artesian water system at the Deaf and Dumb School in Berkeley, $4000.

New boilers and electrical wiring for the Stockton State Hospital, $17,500.

Repairing the San Diego State Normal School, $14,000.

Improving the grounds of the San Diego State Normal School, $5000.

Painting the State printing office, $1700.

Cottages for the Southern California Hospital at Patton, $47,000.

Gymnasium and repairs in the Home for the Adult Blind at Oakland, $2750.

About $2,000,000 in structural work was provided for by the Legislature. This is the beginning, the other jobs following as the plans are completed.

CRUISER ASAMA STILL ON TURTLE BAY ROCKS

SAN FRANCISCO, Aug. 11.—The Japanese cruiser Asama, which foundered on a rock at the entrance to Turtle bay, Lower California, several months ago, is still in its old position, with two Japanese cruisers and a couple of supply ships standing by, according to the passengers and crew of the Grace Dollar, which passed within a couple of miles of Turtle Bay, and arrived here yesterday from Mexican waters.

DIABETES CURE FOUND, PHYSICIANS BELIEVE

NEW YORK, Aug. 11.—The primary cause of diabetes—a mystery that has baffled medical science for centuries and increased enormously the death rate of every country—has been discovered by two Rockefeller Institute investigators, Dr. Samuel J. Meltzer and Dr. I. S. Kleiner.

Announcement of the discovery has just been made through the National Academy of Sciences at Washington.

WOULD NOT REMOVE UTILITIES' TAXES

National Conference Hears Argument Against New System.

SAN FRANCISCO, Aug. 11.—The question whether public utilities should be assessed for taxation by public service commissions occupied some of the attention of the National Conference on Taxation here today. F. N. Fletcher of Reno, Nevada, a former member of the Nevada State Tax Commission, [illegible] the development of the public utilities, alluding to "the startling efficiency now shown as compared with the previous wasteful individual effort," and said that this efficiency was carrying with it enormous profits to which the public had paid little attention.

He dismissed the suggestion that public utilities under strict regulation should not be taxed at all by noting that in such case a part of the public would be benefited at the expense of a larger part not served by the utility and the loss in taxes would have to be made up by other property on a wholly unfair proportion. The same reasoning, he contended, would apply to municipal ownership under which a cheapening of rates to a small portion of the community would give them an unfair advantage over the taxpayers generally. "No one is injured by keeping the tax on," he said, "but always the many are injured for the benefit of the few, by taking it off.

"Assuming then that the public utilities should be taxed, the question arises as to the amount of the tax and whether the valuation should be the same for tax as for rate purposes. No difficulty arises in the trained mind in ascribing a different value for each purpose, as rates are largely based on what is put into the property as investment while taxes are assessed on what is taken out as income. One is an investment value, the other an income or market value. Under constant and proper regulation the two would tend to come together as the fixing of rates is the chief factor in the market value of a utility."

He held that as the questions require expert analysis of facts and as the same set of facts must be used for both rate and tax purposes, the same expert body of public service commissioners could well determine both issues.

MISSIONS GET BULK OF $1,050,000 ESTATE

By Associated Press.

CHICAGO, Aug. 11.—The bulk of $1,050,000 estate left by John R. Lindgren, late vice-president, of the State Bank of Chicago, goes to religious and educational institutions, according to his will, which was approved in court yesterday. Among the beneficiaries are Northwestern University, Evanston, Ill., the German Missionary Society and the Chicago Home Missionary and Church Extension Society. The widow, who renounced her dower right, and a daughter received annuities of $15,000 and $5000 respectively, and certain specific bequests.

TO HAVE ORIENTAL DEGREE.

RICHMOND, Aug. 11.—The next matter of interest in the Modern Woodmen of America will be the instituting of the Oriental degree by the lodge on August 31. At that time a class of 75 members will join the side degree of the lodge. A committee was appointed last night and arrangements made for a big time.

Those named to have charge of the evening are W. H. Mallory, chairman; Charles F. Washburn and E. W. Sroufe. All Woodmen are requested to be ready for the festivities. There will be a banquet served following the initiation. One application for admission into the lodge was received at the meeting last night.

NEW PAPERS IN COBURN PUZZLE

"Poor Old Rich Man" Has More Troubles From His Relatives.

REDWOOD CITY, Aug. 11.—Three new documents, pulling and tugging at the millions of Loren Coburn, the [illegible]-year-old poor rich man of Pescadero, came to light yesterday. They are:

A will disposing of every penny of his property to his wife, Sara Satira Coburn, and leaving not a cent to his only son, Wallace Coburn, who is regarded helpless.

A receipt for $5,000,000 which he acknowledges having received in payment for his rich holdings in San Mateo county.

A long, legal, riveted screed giving his wife, Sara Satira Coburn, power of attorney for him, and assigning to her every shred of authority now vested in him as a competent individual.

The three documents were produced by Carl Coburn, the adopted son of Joheil Coburn, who is a brother of the Pescadero millionaire. Where they came from is a mystery which Carl Coburn did not reveal. Their genuiness, also, is very doubtful. Carl Coburn merely stated that he obtained them from a friend, who got them from Mrs. Sara Satira Coburn.

Carl Coburn announced as he displayed the three pieces of paper that an action would soon be filed in Redwood City in connection with the documents by Azro Coburn, a nephew of Loren Coburn and himself.

"We will bring some action, not against Loren Coburn, but against his wife," said Carl. "I don't know what the nature of the suit will be, but we will have to take some steps toward annulling these papers. The legal action is under consideration now, and in the hands of our attorneys, Ross and Ross of Redwood City. We shall probably call in some firm of attorneys in San Francisco."

BEAR COBURN'S NAME.

All the documents are signed by Loren Coburn, or at least by someone who knew just how to immitate the old millionaire's handwriting, and that is not an easy task. The signatures look genuine.

The will is dated July 9, 1915, just one day before Mrs. Coburn filed a petition to have her husband declared incompetent. The receipt for the $5,000,000 is dated June 23, five days after the date on the promissory note for that sum, and curiously enough, one day before the huge note was due.

SON LEFT OUT.

A peculiar feature about the will is that Loren Coburn makes no provision for his son, Wallace, except that his wife is to keep him, and take care of him. There is no provision as to what shall become of him if his stepmother, Mrs. Coburn, dies before he does. As far as the will is concerned, she might leave him a pauper.

The will and the receipt for the $5,000,000 are written on the same typewriter. The letters and spacing appear to be exactly the same as was used on the four other mysterious documents which recently opened the fight for the millions of Loren Coburn.

CHANGES ANNOUNCED BY CURTAIN STORE

One of the most important changes in the business world of Oakland has taken place in the well-known Curtain Store, 520 Thirteenth street. G. F. Ochs, who for fourteen years has been actively interested in the firm as president, has retired. J. E. Mauerhan, formerly secretary, has succeeded to the presidency and general managership. The newcomer in this firm is A. E. Eggers. Mr. Eggers has come directly from the drapery and curtain department of one of San Francisco's leading stores, where his suggestions and advice in artistic, harmonious and distinctive home decoration has been sought after by the San Francisco public. Eggers, in an interview, said: "I consider myself most fortunate in being able to acquire an interest in the Curtain Store, a concern which has a reputation second to none in the bay counties, whose merchandise is exclusive and of a high order."

Mr. Mauerhan said:

"As manager of this store, of which we can feel justly proud, there will be no radical changes, simply a still greater desire to please every one whose home we decorate. There is one thing, however, that we wish to impress upon the public and that is we are not going out of business."

Upon Mr. Och's retirement a sale was inaugurated. The sale is now in progress.

PETERSEN RE-ELECTED A. O. U. W. GRAND MASTER

Acting Chief of Police Walter J. Petersen of Oakland has been re-elected grand master of the California grand lodge of the Ancient Order of United Workmen, now in session in San Francisco. Petersen has held this office for the past seven years and during his incumbency has paid out almost $1,000,000 for the organization in benefits and other similar expenditures. This is his third term in office.

The election of officers was held yesterday. The lodge will continue in session today, having much business to transact; and may continue a third day. The meetings are being held at the San Francisco Civic Auditorium. The important offices filled so far are as follows:

Grand master, W. J. Petersen of Oakland; past grand master, Percy S. King of Napa; grand foreman, James J. Fennetts of San Jose; grand overseer, J. S. Cox of Los Angeles; grand medical examiner, Dr. W. S. Browning of Hayward; grand receiver, A. H. McKown of Oakland; grand reporter, C. T. Spencer of San Francisco.

WOMEN ORGANIZE BRASS BAND FOR CONVENTION

A ladies' band is to be Oakland's contribution to the demonstration of the world's women voters in San Francisco next month. On September 17, after the speeches by ardent defenders of universal "Votes for Women" are all spoken, the organization from the Athens of the Pacific is to parade through the streets across the bay, invoking, as it goes, the aid of French horns and drums for the cause.

There are twenty-two members enrolled in the "Golden Gate Ladies' Band," as it is called. The director is Professor John Smith and the organizer is Miss Ruth White, former Omaha citizen, but now a resident of Berkeley.

The object of the convention is to decide how Congress is to be persuaded into passing the Susan B. Anthony amendment enfranchising all the women of the United States.

CHINESE IN TROUBLE.

Ulan W. Chu, a Chinese clerk, was arrested last night for creating a disturbance and using vulgar language in the presence of Mrs. E. Hall, a landlady, 915 Webster street. The arrest was made by Patrolmen J. K. Petersen and Bannaw, at the request of Mrs. Hall. He was also charged with having lottery tickets in his possession.

Recommends Chamberlain's Cough Remedy.

"Last winter I used a bottle of Chamberlain's Cough Remedy for a bad bronchial cough. I felt its beneficial effect immediately, and before I had finished the bottle I was cured. I never tire of recommending this remedy to my friends," writes Mrs. William Bright, Ft. Wayne, Ind. For sale by Osgood Bros. Drug Stores.—Advertisement.

SECTIONAL APPEALS AND NEGLECTS.

The leaders of the Democratic administration are engaged in many political projects in the realization of which they are so deeply interested as to become utterly unmindful of or indifferent to the disastrous effects which will be visited thereby upon the country as a whole. The ship purchase plan, introduced at the last session of Congress, is an instance. President Wilson and his supporters seem determined to have their experiment set in motion no matter at what cost. The La Follette Seamen's Bill, which now appears to have been so planned, is annihilating all privately operated American shipping on the seas. Unless the Seamen's bill is repealed there may not be a single vessel flying the American flag by the time the ship purchase plan is written into the national statutes. But neither the ethics nor the effects of this questionable procedure seem to concern the administration leaders in the least. The other day Mr. McAdoo sent a long letter to the Chamber of Commerce at Greensboro, Georgia, in which he stated that at the last session of Congress the administration submitted a bill for "the creation of an American merchant marine because it foresaw the serious injury that the cotton producers and other producers of the country would suffer because of the lack of American ships and the extortionate rates of freight charged by ship owners since the European war began.

Nothing could be more mischievous at this time or politically more fatuous than Mr. McAdoo's attempt to arouse Southern sentiment in support of the administration's ship purchase plan. If this kind of agitation is urged on in the name of the administration by sectional appeals, there is liable to be an awakening in both private enterprise and sound business principles which will determine the political destiny of those responsible for it. In bidding for the support of the South, Mr. McAdoo forgets entirely the interest of the West. Probably he has never thought about the effects of the withdrawal of all American owned and operated steamships from service in the Pacific. It is not likely that he would care to be informed about it. Nor would he or other administration leaders be willing to discuss the detrimental results such withdrawal will have upon the trade and the prosperity of the Philippines. However, those who read may know that the shipping interests of the country, both the shipowners and exporters and importers, believe that the probable effects of the withdrawal of the Pacific Mail steamers from the Pacific trade routes will have the immediate effect of producing a loss of over forty-six per cent of the ship tonnage from the Pacific coast and Oriental points and over sixty per cent of available tonnage between the Pacific coast and the Philippines. At the present time there is a large shortage of tonnage between these sections and when this is still further reduced by one-half, it will place the merchants of the Pacific coast, of Oakland, San Francisco and Seattle, in the position of having to refuse large and profitable orders and to forego the securing of a large and growing commerce with China, the Philippines, Siberia, India and other Asiatic countries. Japan has already set in motion comprehensive plans to capture the maritime trade of the Pacific basin. With the few American ships now running out of business, it will be easy for her to establish a monopoly. She is after the trade of the Philippines and obtaining trade in these islands will mean the establishment of Japanese influence that may subsequently result in political complications.

But Mr. McAdoo and Mr. Wilson apparently have no care for such consequences. Their ideas of constructive statesmanship and of conserving the nation's interests may be sufficiently served, it seems, by visiting Latin-American trade centers and "catching the vote of the South." Meantime the Pacific coast must suffer.

INTERLOCKING DIRECTORATES.

All of the national banks, state banks and trust companies of the country of more than $5,000,000 resources, have until October 15, 1916, to readjust their directorates to conform with the so-called Clayton act, passed by Congress in 1914. This is the substance of the opinion just rendered by the counsel of the Federal Reserve Board. The effects of the opinion may be summarized as follows:

> 1. That if a director of a national bank having deposits, capital, surplus and undivided profits aggregating more than $5,000,000 is elected at the annual meeting in January, 1916, he may not, without violating section 8 of the Clayton Act, continue to serve until January 1917, and at the same time serve as a director of another national bank.
>
> 2. That a director of a State bank or trust company having deposits, capital, surplus and undivided profits aggregating more than $5,000,000 may not serve after October 15, 1916, as a director of another State bank or trust company which is a member of a Federal reserve bank.

The Clayton act provides in terms that after two years from October 15, 1914, no person shall be at the same time a director of more than one bank organized or operating under the laws of the United States, any one of which banks has deposits, capital, surplus and undivided profits aggregating more than $5,000,000. This language is clear and free from ambiguity. It specifies what of the bank's resources shall be counted in adjudging whether it has reached the limit specified by the act. The two-year period allowed between the date of enactment and the date upon which the law shall become operative was designed to give bankers and bank officials sufficient time to comply with the law without seriously disarranging their administrative machinery. The theory underlying the enactment of the law was that through interlocking bank directorates, big industrial and business organizations manipulated monopolistic control of certain branches of industry. The law was a product of the "trust busting" policy and the attacks upon "big business." It is doubtful if bankers and financiers, holding the office of director in two or more financial institutions, each of which have resources of over $5,000,000, make a very substantial contribution to the organization and maintenance of monopolies. The Clayton act made this imputation, however. Unless something now unforeseen occurs to modify the judgment of the Federal Reserve Board, the larger banking institutions of the country have fourteen months in which to reorganize their directorates. At the next regular elections of officers and directors, it will be necessary then to pass upon the eligibility of the proposed directors under the law.

"THE REAL PIONEERS OF CALIFORNIA."

Noting a report that Mayor Davie of Oakland, some two or three weeks back, had ordered removal of a certain mural panel from the walls of the executive office on the theory that it "is not typical of California history," the Sacramento Bee speaks a plain mind upon the subject. We quote:

> Mayor Davie has shown himself either a poor student of California history—or one who, having eyes, will not see; and, having ears, will not hear. These panels were painted by Frank van Sloun, who endeavored to picture the more typical figures and events of California. With that plan in view, early California without the padres would be as ridiculous as "The Landing of the Pilgrims" without the Pilgrims.
>
> Davie plunged himself deeper into his mistake by suggesting the substitution of "Washington Crossing the Delaware" for the picture which roused his objections. "Washington Crossing the Delaware" is not typical of early California. For, before that event, the padres were in California, educating the natives, building missions and establishing in this then savage country the first outposts of civilization.

Regarding the incident from another angle the Bee proceeds:

> John F. Davie has been publicly charged with being one of those who participated with bitterness in the A. P. A. movement in California, which, many years ago, heated religious prejudice in this State.
>
> The Franciscan padres were the pioneers of pioneers, antedating nearly a hundred years those stalwart sons of '49 who braved the dangers of the desert and the storms of sea to enter the new-found El Dorado. Before the struggle for independence had begun in the thirteen colonies on the Atlantic seaboard, Junipero Serra, at the head of a stalwart little band, was painfully trudging on foot up the desert country of Baja California.

Further on the Bee pays this tribute to the "real pioneer of California:"

> Step backward beyond the days of gold; and there all history of California is tinged and dominated by the padres and their influence. To deny it is to boast of ignorance. To deny it through religious prejudice is a shame upon an American citizen and unworthy of a mayor representing citizens of all creeds.
>
> As the Pilgrim Fathers, regardless of their religion, are typical of the early history of the Atlantic coast, so are the Franciscan padres the dominating figures of the early history of California. As Eastern States honor the Pilgrim Fathers, regardless of religion, for their courage as pioneers, for their bravery of storm and famine and muderous savages, so does every true Californian, regardless of religion, honor the Franciscan padres for their sufferings, their labors and their accomplishments in the California of long ago. Panels of California history without the padres would be like a narrative of the Civil war without Lincoln.

Truly said and well said! We are glad to add that Mayor Davie has, upon consideration, thought better of his first intentions and that the panel as originally painted will stand upon the walls of the mayor's office.

"FACING THE DEFICIT."

Indications are that the Federal Government will have to go a-borrowing in peace time. The daily receipts of revenue are about $600,000 short of the daily expenditures. At the close of the last fiscal year, June 30th, the deficit in the treasury was $65,000,000. At the present rate of daily deficits the deficiency of revenue to meet the demands of running the national government will amount to about $115,000,000 for the present fiscal year. There is now a net balance of only $65,000,000 in the general fund, which includes $46,000,000 on deposit in national banks.

Other prospects are that Congress will have no ordinary session this winter. If President Wilson hearkens to the "voice of the people" and calls for increased expenditures in the interest of national preparedness, Congress will be face to face with the necessity of authorizing the selling of bonds. The Democratic leaders already are discussing the question as to whether it would be better politics to sell the remaining $200,000,000 of the Panama Canal bond issue or to authorize an altogether new issue and call it the "National Defense Bond Issue."

Both the Army and Navy will submit estimates that will call for a large increase in expenditures over previous years. The most moderate program for the army is to increase the regular forces from 90,000 to 125,000 men, strengthen the militia organization and materially increase the facilities for ammunition making. This may be considerably amplified.

Reports from Washington say that Secretary Daniels of the Navy has decided not to repeat the spectacle he enacted last year and has agreed with the Navy General Board upon one program, instead of submitting one additional for Daniels. The General Board last year recommended four battleships, sixteen destroyers, nineteen submarines and other subsidiaries, as well as $5,000,000 for an aerial service. The plan was in accordance with a general program mapped out by the General Board ten years ago. The board will not recommend less this year than it did in 1914.

Taken as a whole, it looks as if it would be a hard winter for the Democratic revenue raising system, and that the administration will resort to bond selling rather than revise its tariff ideas.

The Supervisors and Board of Police Commissioners of San Francisco adhere to a regular program. About every six months they issue orders that the Barbary Coast must be closed down. The police raid a few places, haul the employes and some of the patrons into the police court, where they are invariably given their liberty because the police have failed to gather convicting evidence. After this has been kept up for about thirty days, the Barbary Coast "joints" are permitted to reopen. The reopening season is now on. Caesar's resort, notorious rendezvous for Italian bunko men and other crooks, was granted a license to operate by the Police Commissioners last night.

The Secretary of the Treasury, William J. McAdoo, and the committee named for the purpose are busy arranging to send a commission of American business men to South America to return the visit to this country of the delegates to the recent Pan-American Financial Congress. They will visit all capitals and metropolii of the South and Central American republics. It has not yet been decided whether a special steamer will be chartered or an army transport assigned for the use of this commission. Mr. McAdoo carefully explains, however, that it will be nothing like a junketing trip.

"Amid a blaze of light and color beauty trips the light fantastic toe," reads the headline in a contemporary. Our education in anatomy has been neglected. "Light toe" and "fantastic toe" are strange terms. The tripping of a toe seems to be a new office to assign to beauty, too.

The New York Stock Exchange blames the excited speculation in war stocks upon human nature. The stock exchange, ex-Chief of Police Walter J. Petersen and the Buddhists consider human nature originally and normally sinful.

THE STATE PRESS

Pert Young Lady.

Give a woman an automobile and no telling where she will bring up even without the ballot. A lady 75 years young passed through Stockton last week on her way to the exposition, having driven her car, unaccompanied, all the way from Pennsylvania. Her name is Pratt, [illegible] is credited to the Stockton Mail.

After Thirty-five Years.

After thirty-five years, more or less, of preaching economy and acting as a "watchdog of the city strong box," Auditor Hanscom has fallen from grace. He is the first city official to adopt the innovation of having an "official chauffeur" and James W. Carpenter is to have the job. Carpenter is timekeeper for the street department but this is not a sonorous titled position. As the official chauffeur for the city auditor, Carpenter will take precedence over all subordinate department employes.—Berkeley Gazette.

Going Down.

That the Martinez city tax rate will drop four cents, was apparent this morning when the city trustees gathered as a board of equalization to talk over that most important of all questions. The rate is now $1.24 on each $100 and the new rate is expected to be $1.20.—Martinez Standard.

Anyone's Neighbor.

"Get acquainted with your neighbor—you might like him." This from the letterhead of a western village improvement association, is excellent advice. What fine things a large personal acquaintance can do for us, provided we are worthy of it. Let us put aside any petty dislike, engendered perhaps by fancied faults in other people, and go out and shake hands with neighbors whom we probably have never really known.—Salinas Index.

Gold-Ridden.

Ventura county will profit to the extent of $9354 in the rebate of the automobile tax. This is the proportion due the county from the state of the tax paid by the automobilists of the state for licenses granting them permission to run machines. This handsome sum of money, the tax on 1555 autos, exceeds that of last year by some $4000.—Ventura Free Press.

Wanted at Santa Barbara.

Strenuous efforts are being made by Assemblyman Ira E. Kramer and State Senator Mott to bring to Santa Barbara the committee of the federal rivers and harbors commission now on the coast. Santa Barbara is immensely interested on account of the plan to have the government build a breakwater here.—Santa Barbara Independent.

PICKED FROM PUCK.

A Tremendous Task.

Photographer: You are all right, now, except your expression—please look pleasant.

Jan Green: Gosh-gang it, I can't! I'm bow-legged, an' am tryin' to hold me knees together so's it won't show. When I smile I forgit all about my knees, an' when I pay attention to my knees I forgit to smile!

Etiquette.

Police Justice: Did you recognize your assailants?

Van Dusnap (indignantly). Most assuahedly not!—they hawdly belong to my set!

The chief trouble with the man who rides his hobby is that he won't let you out of his way.

Peace Congresses will sit, more or less vainly, as long as it is genuine fun for boys to kill a toad.

There may be as good fish in the sea as were ever caught, but that is no satisfaction to the man whose bait is gone.

A Worthy Object.

Jones: That seedy-looking individual is Professor Ragtag. He is working on a scheme that will make him rich if he can perfect it.

Smith: What is the scheme?

Jones: A plan to enable outsiders to make money in Wall street.

How to Attract Them.

Editor: I wish I could think of some plan of making the women read our "Ladies' Page."

One of the things a man has to be thankful for is the failure of some of the most ambitious efforts of his youth.

THE MAN AND THE TIDE.

It isn't the man who goes up with the tide
As it easily floats him along,
But the man against whom it has turned that deserves
The honor of wreath and song.
The man who still battles against the tide
And struggles to reach the goal,
Ah, he is the hero life greets with pride
Because of his dauntless soul.

The struggler there in the angry deep
That against him is rolling its flood.
Watch how he fights in the current's sweep
With the spirit of joy in his blood!
His battle is terrible all the while,
As the waters keep dashing him down.
But it's better than drifting with song and smile
On the tide that ripples to town.

The many ride in on the friendly wave
Of the river of life each day;
But the souls that are bright with the gift called brave
Are the men that are tossed in the spray.
The men that must battle from hour to hour
Against the tides that are strong;
And not the fellows with plenty of power
That drift with the stream along.

COOL FIRE CHIEF.

Fire Chief Joseph A. Brophy resigned from his municipal office at the request of Commissioner Wilson, thereby plunging the council into a debate over the predicted difference of opinion as to this office.

Brophy's resignation was a surprise to everyone, Wilson included, and was probably a surprise to himself as well.

Before the meeting Wilson asked for the resignation, and without considering, Brophy replied: "Sure," and signed the letter which automatically separates him from the job he has held since the commission form of government has been in effect.—Vallejo Times.

TWENTY YEARS AGO TODAY

The principals of the city's grammar schools met in the Board of Education chambers yesterday to discuss the course of study to be pursued in the primary and grammar schools. The study of arithmetic was fully discussed and the proposition for revising the present method of teaching it was suggested.

Committees from the council and the Board of Education met last night to take measures to secure the Wilmerding Trade School for Oakland. Professor Edwards of the Board of Education was appointed a committee of one to interview the regents of the State University and to offer them the old High school building at Twelfth and Market streets for the yearly rental.

Fall examinations for freshmen are in progress at Berkeley under Professors Bradley, Edwards and Hengstler. About 400 applicants are on hand to take the examinations.

THE NATIONAL DEFICIT.

A correspondent of the New York Sun writes that paper as follows.

"Sir: A special session of Congress is talked of to meet a deficit in the Treasury, but nothing is said about a special session to meet a far more important deficit in our army and navy. Are the American people to remain blind until a cataclysm of war opens our eyes too late to save the country? On all sides we hear that our army must be reorganized on a basis that will provide for proper protection—but when? On all sides we hear that our navy must be strengthened—but when? It is like waiting until the town is on fire and burning up before organizing a fire company and giving it suitable apparatus for fighting fire."

NOTABLE PERSONS.

William Boeing, wealthiest and most sought-after of Seattle's bachelors, left here last night for Los Angeles to enter either the Martin or Curtiss school and become an aviator.

Rumor that Governor Whitman was considering the removal of Warden Thomas Mott Osborne of Sing Sing were set at rest last night.

Colonel Charles Wain Morgan-Draper designated by General Funston as commander of the Second Military District of San Francisco at the time of the fire, has become a "movie" hero.

Takaaki Kato, who was foreign minister in the Japanese cabinet which retired last month, was appointed by the Emperor today a member of the House of Peers.

S. Benson, millionaire lumberman and philanthropist of Portland, announced today that he would continue his campaign to have Portland's commission form a charter changed to a managerial system, and would open every possible avenue to secure George W. Goethals to become manager.

Lieutenant Governor Theodore G. Bilbo was nominated for Governor of Mississippi by a majority of 1072 votes over his four opponents in the Democratic State primary.

FUTILE FRETTING.

Why mourn when the weather is hot?
Your mourning will not make it cool;
Why sigh for the days when you thought
Your moments were wasted in school?

Why grieve for the chance that was lost
Because you were timid or late?
Why worry concerning the cost
Of the meal that is gone from your plate?

Why scold when the weather is wet?
Your scolding will not make it dry,
And none of the blessings you get
Will come in response to your sigh.

ROBT. T. CHESTNUT DIES IN TACOMA

Athlete and Musician and Former Oakland Man Is Called.

News of the death of Robert T. Chesnut, son of the late Attorney James G. Chesnut and graduate of Oakland High school in the early nineties, has been received from Tacoma, where he died last Friday. The deceased was prominent in musical and athletic circles at the University of California and in Oakland before he left here in 1898 to go to Alaska, where he was the partner of Rex Beach and Eugene Trefethen.

Chesnut died after a short illness of typhoid-pneumonia. He leaves a wife and five children residing in Tacoma. His mother, Mrs. James G. Chesnut, lives on Orange street, where the family has resided for nearly thirty years. His brother James, is a prominent local bridge contractor.

The deacesd graduated from Oakland High schol in 1893 and attended the University of California with the class of 1897, where he was a member of the University Glee Club and represented the Blue and Gold track team in the sprints. Chesnut was also member of the Orpheus Club in Oakland.

With a party of young men from Oakland, Chesnut left Oakland in 1898 for Alaska and located in Nome, where he was made the first clerk of that city. In 1903 Chesnut returned from Alaska and located in the Puget Sound country. For several years he has lived with his family in Tacoma, where he has been in business.

Among the very close friends of Robert Chesnut was Robert Edgren, famous cartoonist and sporting writer, who is now in New York. Chesnut and Edgren were both members of the Oakland High school track team during the years 1890 to 1893.

EX-GOVERNOR FOLK TO APPEAR FOR COMMISSION

SAN FRANCISCO, Aug. 11.—Joseph Folk, former governor of Missouri, counsel for the Interstate Commerce Commission in the terminal rate case, will appear in the commission's behalf August 17 before Superior Judges Morris, Dooling and Bledsoe.

The order establishing San Francisco, Oakland, San Pedro, Wilmington and San Diego as the only terminal rate points in California went into effect July 14, in spite of an eleventh-hour order issued by Judge Sawtelle of Arizona.

On the eve of his departure for home Judge Sawtelle directed the commission to show cause why the elimination of four inland cities as terminal rate points should not be deferred. The matter will be heard by three United States judges en banc.

REV. BRADLEY TO LEAVE FOR CLEVELAND CHURCH

Rev. Dwight Bradley who has been assistant pastor of Plymouth church since his graduation from the Pacific Theological Seminary last year, will leave the last of this month to take charge of Highland Congregational church in Cleveland, Ohio. It is an important charge for the young clergyman, whose departure is regretted by many friends in Oakland. Mrs. Bradley, who was Miss Katherine Culver, a society belle of Oakland before her marriage last year, will accompany him.

He will preach his first sermon in Highland church on the first Sunday of September. Bradley's successor as assistant to Rev. Albert Palmer, has not been named.

FEDS GIVE UP PLAN; NOT TO INVADE BOSTON

By Associated Press.

BOSTON, Aug. 11.—The proposed Federal League invasion of Boston has been abandoned, President Gilmore announced here today.

"THE PUPPET CROWN" PHOTODRAMATIZED

CARLYLE BLACKWELL.

The picturization of Harold MacGrath's famous romance, "The Puppet Crown," with Ina Claire as the star and Carlyle Blackwell as the hero, is one of the most elaborate productions yet made by the Lasky Company. It is a modern romance, in that the events take place in a little mythical European kingdom supposed to be of the present day, but it is really in a world apart.

In these days when realism runs riot throughout the land, it is good, from time to time, to take a trip into the world of make-believe—into the land of beautiful princesses, of kings on tottering thrones, and brave American heroes who come to the rescue. In these days, when some authors seem bound to convince us that life is all sordid, it is good to hear the fine, clear note of the romance that never dies, and to drink of the clean, wholesome satisfaction to be found in such an offering as this.

"The Puppet Crown" is released on the Paramount program and will be seen at the Oakland Photo Theater for four days commencing today. On the same program will be Edward Connelly, who gained such fame in the recent attraction, "The Devil," in George Ade's Southern classic, "Marse Covington."—Advertisement.

OWNERS OF EASTLAND INDICTED FOR HORROR

Gross Negligence and Incompetency Alleged in Scathing True Bills

By Associated Press.

CHICAGO, Aug. 11.—Indictments charging manslaughter and criminal carelessness were returned before Judge Kersten in the criminal court today in connection with the Eastland disaster. The captain and engineer and four officers of the St. Joseph-Chicago Steamship Company, owners of the boat, were named.

Those indicted were George T. Arnold, president of the company; William H. Hull, vice-president and general manager; W. C. Steele, secretary-treasurer; Ray W. Davis, assistant secretary-treasurer; Harry Pedersen, captain of the Eastland; Joseph M. Erickson, engineer.

Bonds were fixed at $20,000 each for the company officials and $10,000 each for Pedersen and Erickson. The two last named are charged with criminal carelessness and the officials with manslaughter. Separate bills were returned against the captain and the engineer, while the four officials were named in a joint indictment.

ITEMS OF BILL.

The bill against the officials contained five counts, charging:

First—That they knew the Eastland was unseaworthy and had no stability.

Second—That they permitted 2500 passengers aboard the vessel, which is more than its carrying capacity.

Third—That they were negligent in hiring an incompetent engineer, who, because of his lack of skill, was unable to control the boat properly.

Fourth—That the crew did not number enough hands to manage and control the Eastland properly.

Fifth—That the ballast tanks were allowed to be out of repair and not filled with water.

CAPTAIN IS ACCUSED.

Against Captain Pedersen these charges were brought:

1. That he permitted aboard the boat a larger number of passengers than she could safely carry.
2. That he neglected to warn the passengers to leave the Eastland when it became apparent to him that she was about to turn over.
3. That he was negligent in not seeing that the ballast tanks were properly filled and in good repair.
4. That he was negligent in not seeing that the chalk holes and gangways were closed when the ship was loaded.

The counts in the indictment of Erickson are in essential similar to those against Pedersen.

Four great pumps had been at work on the Eastland for several hours today with the expectation of raising the hulk to even keel and recovering bodies and property on board, when it was discovered that water was re-entering the hull as fast as it was pumped out. Divers were sent below to search for leaks.

CAUSES OF HORROR.

The report of the grand jury finds that the disaster was caused by "instability under conditions of loading," and states that the instability was due to "one or three main causes, or any two, or all of them," as follows:

1. The overloading of the vessel with passengers.
2. The mishandling of water ballast.
3. The construction of the vessel.

The report says that the Eastland began loading passengers without water ballast, and belated efforts to fill the tanks failed of success.

"That the instability of the boat was not corrected years before we regard as indicating criminal carelessness or incompetence on the part of all persons connected with the design, construction, control, operation and inspection of the boat," says the report.

INSPECTORS NOT TRAINED.

It points out that federal inspectors had the right to refuse a permit to the boat, but that they are generally not trained men and failed to make stability tests.

"The handling of the ballast by the officers of the boat indicates an entire lack of understanding of the nature and proper uses of water ballast, and an absolute disregard of safety after repeated warnings and frequent indications of extreme stability," continues the report, which also criticises the system of water ballast employed as not preventing the shifting of the ballast.

The jury recommended that expert federal approval hereafter be required for the construction of steam vessels, and constant inspection and supervision when in service, and holds that water ballast shall be allowed only as supplementary to a more stable ballast and used only for trimming purposes.

"We recommend," the report goes on, "that the steamboat inspection service be reorganized in a manner to make all branches co-ordinate and thus eliminate the confusion caused by the statutes delegating special powers and authority to subordinate branches. Such service should be provided with technical, experienced inspectors, all under proper, systematic control."

It is further recommended that the inspection service be removed from control of the Department of Commerce to the Navy Department, and urges Illinois' representatives in Congress to endeavor to obtain legislation to this end.

OAKLAND MOVES REFERENCE BOOKS

Library Installed in New Quarters on First Floor of City Hall.

With several moving vans and a corps of library attaches impressed into service, work started this afternoon on the moving of the Oakland Reference Library, including municipal reference works, medical works and other books of value to city legislators and those interested in civic work, from their present place in the Oakland Free Library to the new library in the Oakland City Hall. Temporary furniture has been installed for the library, the furniture that will eventually be used in this new department having not yet come from the East. This furniture will probably be here in a month.

The new reference library of the city hall will be housed on the first floor at the left side, entering, of the main entrance on Washington street, across the aisle from the Grand Army headquarters. This room, originally used as the police booking office and assembly room, will be open to the public after a few days.

The bookshelves were installed last week. The new library includes a number of the most valuable books in the possession of the city. Its removal will aid considerably in relieving congestion in the Carnegie Library.

Details of the removal of this library, and plans for the new Melrose branch, were considered at this week's meeting of the library trustees, which convened to consider items for the annual report and other routine business. F. M. Parcells was appointed a committee of one to confer with Commissioner of Public Works Harry S. Anderson in regard to the plans for the new branch, it being desired to start this as soon as possible. Parcells will discuss plans and specifications with Commissioner Anderson, representing the library board in all matters, and will urge an early completion of this work.

RICE WILL YIELD 80 SACKS PER ACRE

COLUSA, Aug. 11.—The bumper rice crop in Colusa county is attracting wide attention and the interest shown means a largely increased acreage next season. The latest to visit the rice fields were M. Robinson and Y. Uramato of Vacaville. Robinson has a large orchard in the Vaca valley and Uramato is president of the A. B. C. Company, a Japanese corporation. Both of them were enthusiastic about the rice outlook, and if possible they will rent land for planting next season. Robinson stated that the California Rice company will harvest about eighty sacks per acre at the Belvins and Mallon plantation.

RECEIVER FOR BANK TO SUE TWO STOCKHOLDERS

Edward S. Munford, receiver of the defunct Union National Bank of Oakland which failed in April, 1909, has commenced suits in the superior court against George Roeth and J. H. Perine, stockholders, to collect an aggregate of $5766 claimed as due on an assessment levied upon stockholders under authority of the comptroller of the currency, January 26, 1914.

The sum of $60,000 was found necessary for the purpose of liquidation of the bank's affairs.

A. S. MacDonald, who purchased stock in the bank shortly before it failed, has been awarded judgment for approximately $15,000 against Roeth and other directors.

REBEKAHS TO ENTERTAIN.

HAYWARD, Aug. 11.—The members of the Hayward Rebekah Lodge No. 25 will go in a body to Niles August 20 as the guests of the Rebekah Lodge of that community. Niles lodge women are preparing an attractive entertainment for their visitors, which includes a spread. During the last week of September will commence the series of whist tournaments planned by the Hayward lodge, which will be held frequently during the fall and winter.

JOBS ARE SCARCE FOR HOP PICKERS

Growers Have Chosen Their Help; Warning Is Issued by State.

WHEATLAND, Aug. 11.—The State Immigratin and Housing Commission has issued a warning to hop pickers not to come to the Wheatland fields with the expectation of obtaining work, unless arrangements have previously been made for employment.

This warning is the result of an investigation made by S. J. Cunningham of the Commission into the cause of large numbers of pickers being refused employment after coming here.

Cunningham found that instead of hiring all applicants, postcards are sent out by growers to old pickers and other applicants, and upon return the cards are carefully examined. Only those having good records as pickers with the Dursts in previous years, or those coming recommended from other ranches, are hired. Preference is given to white families.

PICKERS SELECTED.

Already 900 of the 1000 pickers estimated to be necessary to pick this season's crop have been selected, and there are several hundred additional applications for work on file. Although picking will not begin until about August 29th, nearly 500 pickers are camped on the ranch at present.

Every train to Wheatland brings in foreign families, many of whom, ignorant of the new method of selection, arrive only to be refused employment. Many others have heard of, but do not understand the new method. Manager T. McCrea of the Durst Bros. ranch, cites one case, that of a man who had applied, and when asked for his recommendation, said: "One minute, I get 'um." In a few moments he returned with a Santa Rosa rent receipt, "paid in full."

SERVIANS REFUSED.

Among those refused employment were a "party of several Servians, who had come from the Santa Clara Valley. Another party who arrived Saturday and were turned away consisted of Fernin Barrero, wife and three little children, Ramon Bacheler and wife and two children, Bisente Sanchez with wife and three children, Augustine Fuste and two sons. These people, all Spaniards and recent arrivals from Hawaii, had spent $5.20 each in railroad fare from Sunnyvale.

Pickers have come from as far south as San Diego and as far north as the Oregon line.

NEW ORDER, CUBS, TO FOUNDS ITS FIRST DEN

SAN FRANCISCO, Aug. 11. Tribune Bureau, Panama-Pacific Exposition.—Den No. 1 of the Fraternal and Benevolent Order of Cubs will shortly be founded in San Francisco, Oakland and is also scheduled to have a den.

Frank Burt, director of concessions and amusements at the P. P. I. E.; Frederick McClellan, Frederick Swanton, James Young and Hugh St. John are giving it impetus. The new organization aims to include in its membership men prominent in theatrical, amusement and business circles. It hopes to be able to have a home in California for aged and ill men of the professions eligible to membership, to give medical attention and care to those in need of such. Burt is given the credit for its organization, and therefore named as president. Frederick McClellan has been designated as first vice-president; Bert St. John, second vice-president; James W. Young, treasurer; Harry Leavitt, national organizer; Frederick Swanton, sergeant-at-arms, and Edward A. Vaughn, secretary. Temporary headquarters have been established on the Zone at the exposition.

BUNDY IS REPRIEVED.

By Associated Press.

SACRAMENTO, Aug. 11.—Louis Bundy, convicted of the murder of a Los Angeles messenger boy, was reprieved yesterday by Governor Johnson. The execution, which had been set for August 13 at San Quentin, will be held October 15.

TEA CLUB MEETS.

HAYWARD, Aug. 11.—The Hayward Tea Club met this afternoon at the home of Mrs. I. B. Parsons. Fifteen members of the social set were guests at a luncheon and social time.

GOVERNMENT LIKE WILL-'O-THE-WISP

Mexico City Has Kaleidoscopic Shifting of States During 24 Hours.

MEXICO CITY, via Vera Cruz, July 31, via Vera Cruz, August 5, and via Laredo Texas, August 11. (Delayed in transmission.)—During the last twenty-four hours this capital has seen three changes of government. Such a kaleidoscopic shifting of the political status has alarmed even this city, accustomed as it has become to rapid changes of political leadership. Shortly after the noon hour yesterday the inhabitants were startled by the precipitate evacuation of the Zapata army before an invisible enemy. Two hours later the Villa contingent of the former army of occupation rallied and street fighting ensued with the invading Carranza forces.

At 5 o'clock the firing ceased and in its place was heard the clanging of bells. Offices and stores which had been in the line of fire were opened and the occupants emerged to learn that the city had been captured by Captain Manuel Sanchez and twenty men of Carranza's army. It is estimated that 2500 Zapata soldiers fled before this force, believing it to be much larger.

Captain Sanchez installed himself in the national palace and the Red Cross ambulance and cars gathered up the dead and wounded, numbering eleven, all of whom were civilians, the fighting having taken place in the main streets of the business section.

The city had settled down to the first breathing spell of the day when the Zapata troops, learning that they had been routd by a force of twenty men, returned. Sanchez, with his Carranza forces thereupon evacuated the palace which was taken possession of by General Castillo, who occupied it during the night.

Castillo, when morning broke, left the palace because of a rumored approach of hostile forces, and General Albama, claiming to be a Villa follower, occupied the government offices. Towards noon heavy firing on several streets leading to the national and municipal palaces announced a second approach of Carranza men. This firing lasted all forenoon and well into the afternoon and when it ceased the inhabitants were in doubt as to whether the forces of Villa, Zapata or Carranza held the capital of the republic.

Again Red Cross ambulances made their rounds and gathered up their toll of dead and wounded civilians. The soldiers of all factions escaped.

The American Red Cross headquarters, which is situated on the edge of the residential district, has been surrounded by crowds of miserably hungry people, piteously begging food which the Red Cross has been unable to give because military necessities render it impossible to have the many governments supply transportation for corn long since purchased, but detained by soldiers not fifty miles from the starving capital.

ST. JOSEPH SCHOOL FOR DEAF TO OPEN SEPT. 1

St. Joseph's school for the deaf, a boarding and day school for deaf mute boys and girls, conducted by the Sisters of St. Joseph at 4002 Telegraph avenue, Oakland, Cal., will re-open on Wednesday, September 1.

In connection with this institution excellent facilities are provided for students who desire to pursue any branch of music, practical or theoretical. Studies in this department will be resumed on September 1. Those who are anxious to secure such instruction and at the same time give practical proofs of their kindness will find this a favorable opportunity as the profits enable the sisters to carry on the noble work of educating and caring for the deaf children.

BROOKDALE IMPROVERS MEET.

FRUITVALE, Aug. 11.—The Brookdale Citizens' Improvement Association held its regular business and social meeting last evening in Brookdale hall. At a previous whist tournament held by the association prizes were won by Mrs. Henry [illegible] of Stockhurst and James Doyle. Floyd Menzel was chairman of the entertainment committee. Mrs. Jennie Gelston had charge of the disposing of refreshments.

AUTO BANDITS TO RECEIVE WELCOME

Residents and Police of Hayward Prepared for Daring Burglar Gang.

HAYWARD, Aug. 11.—With the daring gang of auto bandits who robbed five houses in one night still at large, families in this neighborhood and the police are taking precautions against future raids. Farmers in isolated localities where the burglars have largely operated are prepared to give nocturnal intruders a warm welcome. Many families in the Mt. Eden and San Lorenzo district where the series of robberies occurred are still on vacation and the authorities believe that their return home will reveal that other houses have been broken into by the thieves in their systematic search for jewelry.

While a posse led by Constable W. J. Ramage is still keeping up the search after the gang today, it is believed the men traveling rapidly round in an auto in turn to each house marked for robbing had later made their escape into one or other of the bay cities.

All the evidence goes to indicate that the burglaries were the work of one gang. In each case the bandits, after breaking in through windows, had made careful search for jewelry and other valuables. Silverware and bulky valuables were left untouched.

"The men were evidently old hands at the game and have left few clews upon which we can work," remarked Constable Ramage.

HAYWARD SCHOOLS TO WIDEN SCOPE

Trustees Considering Kindergarten Course, Domestic Science and Manual.

HAYWARD, Aug. 11.—Besides the proposed introduction of domestic science and manual training into the curriculum of the grammar school, the school board of trustees are considering a kindergarten course. Many requests to have kindergarten established in the public school have been received from the residents. The question of whether these subjects should be taught will probably be decided by the electorate at an early date, when it is proposed to hold a $35,000 bond election to cover the cost of a building to house domestic science and manual training departments.

A plea for extending the curriculum to include these branches of study has been made by Superintendent of Schools George W. Frick, who in a recent talk said, "Hayward has one of the finest grammar schools in the state, but it is drifting behind other schools in that it lacks facilities for teaching industrial subjects. This should not be. Scores of families in the valley who send their children here to be educated demand that the grammar school be placed on an equality with those of Oakland, Berkeley and Alameda by establishing domestic science and manual training. There should be no reason why the people of the Hayward school district should not back up the trustees in their effort to secure a vote for the necessary bonds."

DREDGING CANAL FOR NEW LINE.

RICHMOND, Aug. 11.—Dredging of the end of what is known as the Third street canal, a branch of the slough that runs from Cutting boulevard out to San Pablo bay, has been started by the big dredger of the Cutting interests. A boat will suck up the mud from a number of shallow spots. The new transportation company, which will operate a freight service between this city, Sausalito, California City, Petaluma and other county points, is ready to start business on August 15.

Characterizes Sex War as Ridiculous

Educate Against Strife, Leader Proposes

By Associated Press.

SACRAMENTO, Aug. 11.—Absurd, impracticable and ridiculous was the way Mrs. William I. Thomas, executive secretary of the Woman's National Peace party, today characterized the proposal of Marian Craig Wentworth that one million married women declare a sex strike and refuse to bear any more children until the war ceases.

Mrs. Thomas will speak here tonight.

"The way to prevent war is not to stop bearing children," said Mrs. Thomas, "but to educate them so that they may know the foolishness of war and prevent it in the future."

MINCE PIE, NIGHTMARE, SLEEP ATTACK, POLICE

BERKELEY, Aug. 11.—When Sergeant Charles A. Becker and a large proportion of the night detail dashed from the police station before daylight, they supposed themselves to be on the way to a murder or a riot, or some other terrible crime in the neighborhood of Dana and Dwightway. They arrived to find that L. W. Hicks and a mince pie were the reasons for the numerous calls for help which had been phoned simultaneously to the police headquarters. Hicks and Oscar Johnson occupy the same room at 2332 Dwightway. At about 2 a. m. Hicks leaped from his bed to Johnson's and proceeded with an attempt to throttle the latter. Johnson suddenly awakened, fought for his life and succeeded in delivering a strong uppercut upon Hick's jaw. Young Johnson sat upon Hicks' chest until the police arrived. Hicks explained that he had been unconscious of his attack, and blamed his nightmare upon the pie. Nothing was done about it.

11 ALLEGED CHINESE GAMBLERS GET FREEDOM

Eleven alleged Chinese gamblers who were arrested July 11 by Corporal Smith and a posse of police under directions from Chief of Police William Woods in carrying out the new policy of suppressing all vice in the city, were dismissed today by Judge George Samuels as the police had no evidence against the defendants. The Chinese were represented by Attorney Lynn S. Church.

E. W. Porter, who was arrested on a charge of selling lottery tickets and who had pleaded guilty and asked for probation, was placed on probation today until February 11, 1916, on the recommendation of Assistant Probation Officer Robert Tyson.

Charles C. Kennedy, another alleged agent who was arrested on a charge of selling lottery tickets, pleaded not guilty before Judge Mortimer Smith and had his case set for jury trial August 25.

KEITH ESTATE TO FIGHT CLAIMANTS

Attorneys Scoff at Story of Love, Marriage and Adventure in Alaska.

While attorneys on both sides of the bay are investigating one of the queerest stories of love, marriage and adventure that ever found its way into a legal complication, heirs to the estate of the late John M. Keith, Bakersfield oil magnate, have arrayed a long line of legal resistance to the claims of Dr. Sarah Tedford that her sister-in-law, Mrs. Louise Thomson, is a daughter of the late magnate.

Jules J. Mack, executor of the estate, declares that the estate will fight the contention, and both he and Amos Keith, brother of the dead man, scoff at the woman's claims.

"There is a man behind this somewhere," said Amos Keith. "Some one is cooking this up to get money out of the estate."

Several attorneys have been approached by Dr. Tedford with the case, most of them, after listening to the story, declining to take chances on handling the matter, which would involve enormous work. B. J. Griffins, an attorney of Alameda, finally consented to make an investigation of the woman's story, and is now engaged on this.

LIVED AMONG ESKIMOS.

Dr. Tedford and Mrs. Thomson are supposed now to be in Los Angeles. The story told by Dr. Tedford to the different attorneys is that Mrs. Thomson and her father, John Keith, were wrecked in Alaska, that she was rescued by Eskimos and that she lived for years among them, being practically risen from the dead to contest the estate.

Attorney Gavin McNab and Luke Davis say that Keith was never in Alaska and that in the year 1881, when Mrs. Thomson says she was wrecked with her father, Keith was in Bakersfield. According to Luke Davis, Keith's nephew, Keith married Lucy Goodwin of Kansas City in 1873 in San Jose. There were no children. This marriage, it is declared, was Keith's only one.

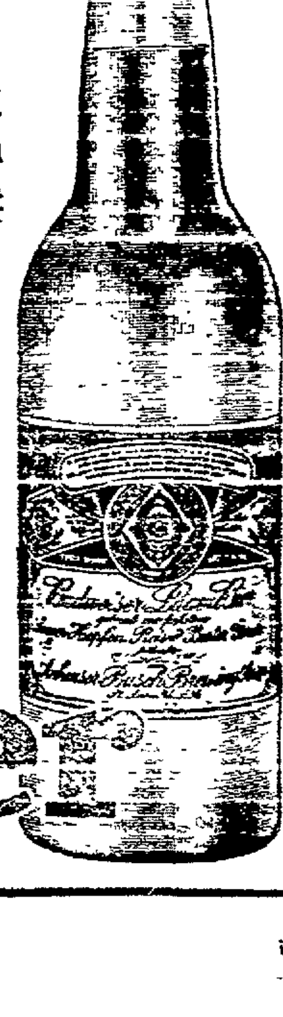
Attorney Nat Schmulowitz, associated with Gavin McNab in the Keith matter, states that, in his behalf, the entire action will be thrown out of court if it ever gets there. Amos Keith, brother of the dead man, now in Fresno, also states that there is no scintilla of evidence to bear out the woman's claims, that they are fraudulent and that Keith's whereabouts and life are an open book that cannot be questioned.

CROWDS ATTEND OPENING OF BIG BARGAIN SHOE STORE

Philadelphia Shoe Market, 1110 Washington Street, the Busiest Place in Town.

Souvenir Spoons Free to Customers.

OAKLAND, Aug. 11.—Throngs of delighted men and women visited the Philadelphia Shoe Market today. It was their opening day and the management offered some shoe values that, judging by the way the buying public took advantage of them, were something remarkable. Souvenir Spoons of California were given to all who made purchases. These souvenirs will be given away free tomorrow again. Everybody is welcome.—Advertisement.



"FRAMERS OF THE CONSTITUTION OF THE U.S.A." No. 10

Robert Morris—"Financier of the Revolution"

IT HAS BEEN SAID the three very great men of our War for Independence were Washington, Franklin and Morris. In the history of mankind no man ever had a more arduous commission than did Morris in financing the armies of Washington. The credit of the nation was practically valueless, and time after time it was the personal credit of Morris which brought forth the money. The financial means raised from his own private resources made the victory at Trenton possible. When Washington proposed the capture of Lord Cornwallis and his entire army, it was from Morris, the patriot and private citizen, and not from the treasury of the Confederated States from which the money came. Thus Washington's last great victory was made possible, and the long and bloody struggle for National Independence brought to an end. Morris was the first to suggest our present system of National banks—the best banking system that any nation has ever known. He was the first American to send a ship forth flying the Stars and Stripes. Like Franklin he signed both the Declaration of Independence and the Constitution of the United States. He was very hospitable, and whenever Washington visited Philadelphia he was the guest of Morris. He was ever a moderate user of light wines and barley brews, and opposed Prohibition Laws, which make the many suffer for the faults of the few. For 58 years Anheuser-Busch have been brewing the kind of honest barley-malt and Saazer hop brews which the wisdom of Morris knew make for real temperance. To-day at the home of BUDWEISER 7500 people are daily required to meet the natural public demand. BUDWEISER'S ever-increasing popularity comes from quality, purity, mildness and exquisite flavor. Its sales exceed any other beer by millions of bottles.

DESERT QUEEN COURTS DEATH

Slayer of Lover in Hunger Strike

SAN BERNARDINO, Aug. 11.—Praying that she may be allowed to die and join her lover, whom she killed Saturday, Juanita [illegible], the beautiful "Queen of the Desert," has begun a hunger strike in the county jail here and refuses to touch a single morsel of food or a drop of water.

She is being held for the murder of W. C. Morrison, assistant chief electrician for the Santa Fe railroad, at Barstow.

"I don't want to live! I want to be with Bill! I want to die!" sobbed the girl in her cell as food was handed her by the matron. She left it uneaten and resumed her prayer that she might die and thus more be near the man she killed. Pressed to her heart she continually holds a locket containing her dead lover's photograph.

That the desert queen's body is badly bruised, as if from a severe beating, was discovered today by the matron. Queries, however, brought no response from the girl. She would not say that Morrison, her dead lover, was responsible for the bruises; nor would she plead self-defense in killing him.

POLICE PUZZLED.

The strange attitude of the girl, who [illegible] body of her lover during an argument over another man, of whom Morrison is said to have been jealous, is puzzling the local authorities. They cannot understand why she does not attempt to defend herself, nor why she will not make public the name of the second man over whom the quarrel began.

Although Morrison's character is declared to have been beyond reproach, sympathy seems to be placing itself on the side of the desert girl, who is widely known and liked. Every effort is being made to get her to eat and drink, but each attempt is only met with the same response: "I want to die."

MAY CALL DOCTORS.

The bruises on the girl's body are being seriously considered by the authorities as a big point in her favor. It is known that a terrific struggle between the strong man and the agile girl took place just before the shooting. That this battle was for the possession of a revolver that was lying on a table in the girl's home is the assertion of neighbors. They remember also that the girl warned Morrison twice that she would shoot by crying, "I'll shoot! I'll shoot!" before the two shots were fired.

The desert queen will probably be taken into court to plead to the charge against hr. Physicians will probably be called before that time to see if they can force her to eat. Anothr day without eating, they say, will make her condition serious.

Y. M. C. A. TEACHERS ATTEND INSTITUTE

Oakland Instructors Are Speakers at Session in San Francisco.

At a teachers' institute for instructors employed by the affiliated Young Men's Christian Association schools of Oakland, Berkeley and San Francisco, held in the San Francisco Y. M. C. A. building today, several Oakland teachers made addresses. Some of the speakers were Attorney R. S. Gray, Dr. Geo. T. Pomeroy, Hugh Miller of this city, George C. Boardman and J. Gustav White of San Francisco. Round table discussions were held. Dr. C. C. Farnham, president of the affiliation, presided.

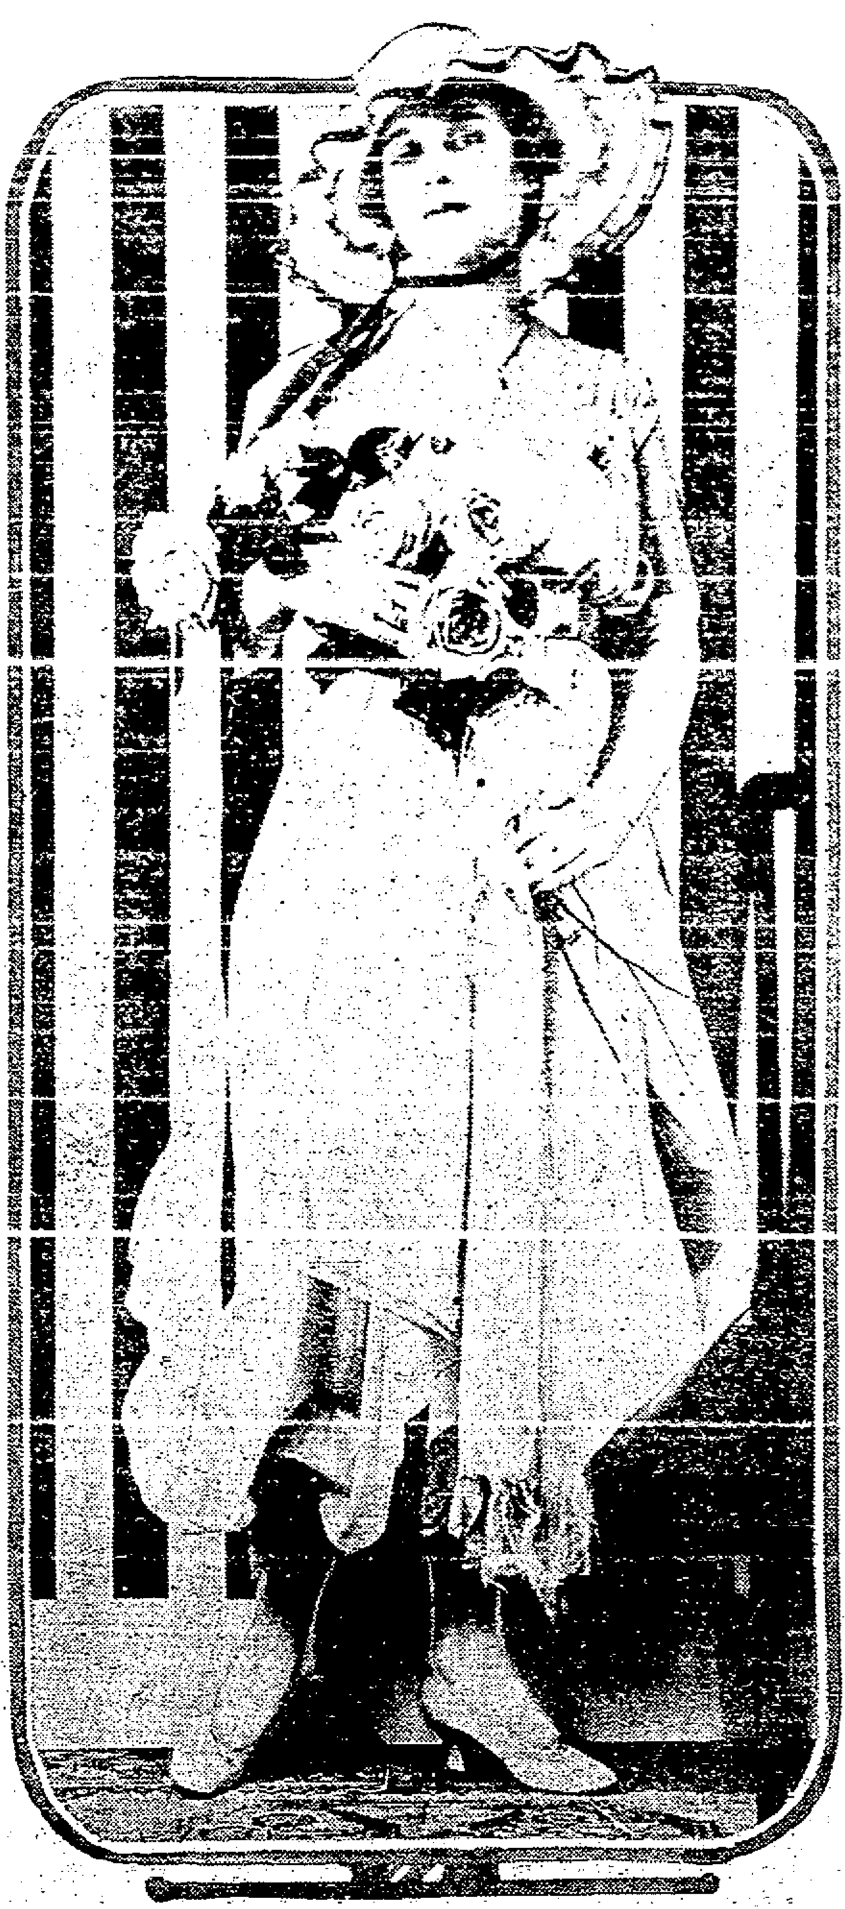
East Bay and San Francisco attorneys are uniting to build up a strong evening law college in the group of Y. M. C. A. affiliated schools. R. S. Gray and Geo. Hatfield of Oakland, Dan Hadsell and Warren Pillsbury of Berkeley have joined forces with the following San Francisco lawyers as members of the faculty; J. E. White, Samuel Spring, Hiram E. Casey, Robt. L. McWilliams, Herman H. Pfleger and Delger Trowbridge. Thomas E. Haven is dean of the College and J. Gustav White is secretary. Nearly all of the instructors are California, Stanford or Harvard graduates. The school is not conducted for profit.

Because the state legislature has recently granted graduates of this school the right to practice without taking the bar examination the faculty has increased the school year from thirty-six to forty weeks for each of the four years of evening work. Five subjects are now to be covered in the first year.

PLAN WATERMELON SOCIAL.

Plans are complete for the watermelon social to be held Friday evening by the Woman's Guild of St. Phillips' Church. The affair will take place at the choir room of the Fruitvale Church, at Nicol avenue and Capp street. A novel program has been prepared.

BLOOMERS? NOT QUITE! LATEST IN PANTALETTES



N. Y. H. SERVICE.

Bloomers? No, not quite! Merely the most delightful expression of the pantalette idea that has yet appeared. In spite of the season's predeliction for whirls of ruffles, this picturesque dancing frock strongly suggests the Oriental instead of the early Victorian. Of Nile green Georgette crepe over soft taffeta, the full but abbreviated skirt folds in and out with the complexity of a half-closed flower. Beneath the silver-bound edges—concluding ten inches or so above the floor—glimmer the new pantalettes of iridescent green and silver beads embroidered on net. This novel skirt is attached to a simple bodice trimmed with iridescent passementerie. The elbow sleeves are of sheer silver net.

TO DISCUSS APPRAISEMENTS.

WASHINGTON, Aug. 11.—Zinc importers and customs officials from St. Louis, Kansas City, Chicago and New York will confer at the Treasury Department Monday over methods of appraisement of zinc ores.

BEGIN WORK ON F-4.

HONOLULU, Aug. 11.—The preliminary work of raising F-4, the United States submarine which foundered on March 26 with its crew of 21 men, has begun. The salvors have succeeded in passing a four-inch cable under the derelict's hull.

Women in the News

LOS ANGELES, Aug. 11.—Within three days after becoming possessed of a fortune, estimated at $125,000, Miss Marjory P. Holyoke, 21-year-old niece of the late Frank H. Holyoke, was quietly married today to Harold J. Blackmore, 21, of San Diego. The couple left immediately for the east, accompanied by the bride's mother. Blackmore is a business man of San Diego.

Miss Holyoke was a twin sister of Miss Madeline Holyoke of Bangor, Me., and the two were the chief beneficiaries in the will of Frank H. Holyoke, wealthy Maine lumberman, who passed away in October, 1911, at the Hotel Maryland in Pasadena.

His estate was estimated to be worth more than $500,000. The will cut off a widow and two sons with small amounts and a contest was instigated shortly after the document was filed.

It was one of the most bitter contests in the local courts and closed Wednesday of this week, when a compromise was approved by Superior Judge Houser. Under the terms of the compromise each of the twin sisters received one-fifth of the estate after several bequests for charitable and educational institutions at Bangor were paid.

DO NOT HAVE TO PROMISE TO OBEY

LOS ANGELES, Aug. 11.—Judge Grant Jackson, after pondering deeply upon the solemnity of the marriage ceremony, women's rights and the cry for world peace, today, at his chambers in the courthouse, wrote a new marriage vow, in which "obey" is supplanted by "cherish," and man and woman take the same vow.

The ceremony is simple, brief, ane, Judge Jackson declared, just as binding and effective as the longest and most elaborately phrased ritual.

If John Doe is the man and Mary Roe the young woman who desire to marry, the ceremony put in the form of question and answer is as follows, with the judge asking the questions:

Q. (To the man)—John Doe, do you promise to take Mary Roe as your lawful wife to love, honor and cherish her until death doth you part?

A.—I do.

Q. (To the woman)—Mary Roe, do you promise to take John Doe as your lawful husband, to love, honor and cherish him until death doth you part?

A.—I do.

Judge Jackson.—Then in view of your mutual promises and the authority vested in me by this license and by the state of California, I pronounce you husband and wife.

The judge then shakes hands with the bride and bridegroom and the witnesses who attend the ceremony do the same.

The marriage certificate is then signed and the ceremony is at an end.

"I think," said Judge Jackson, "that if both husband and wife will promise to 'cherish' each other, both will be much happier than if one alone is compelled to promise to obey."

GRANT WINS NEW WIFE IN LIVERPOOL

SAN FRANCISCO, Aug. 11.—Douglas Grant, son of Joseph D. Grant, and formerly one of San Francisco's richest young men, whose wedding to and divorce from the former Miss Edith Goodrich, a blonde beauty of Minneapolis, provided a coast-to-coast sensation, is going to try matrimony again.

Young Grant is to wed Miss Elizabeth Rutherford, daughter of William Watson Rutherford, a member of Parliament and at one time lord mayor of Liverpool, according to cable advices received here yesterday. The nuptials will take place August 25 at the Liverpool Presbyterian church.

Since he left this city in 1911, spirited away by his relatives, the former Mrs. Grant alleged in her complaint for divorce on the ground of desertion, Grant has been living quietly in London.

WOMAN IS HURT IN AUTO ACCIDENT

SAN FRANCISCO, Aug. 11.—Mme. Pierre Gregoire, wife of the secretary of the French exposition commission, is in a Guerneville hospital recovering from serious injuries received in an automobile accident near Cazadero Saturday night. Mrs. Gregorie is suffering from two fractured ribs, a broken collar bone and possible internal injuries.

In addition to Mrs. Gregorie and her husband, the occupants of the automobile were Arthur Legallet, president of the French-American bank, owner of the machine; Mrs. Legallet and Prof. Louis Delamare, who is giving a series of lectures at the French pavilion, and his wife. With the exception of the chauffeur, Jules Lemoine, who received a broken nose, and Mrs. Gregorie, all escaped uninjured.

The party was returned from an automobile trip to Cazadero when the chauffeur lost control of the car after it struck a stump in the road, and the big machine plunged over a bank into a canyon. It rolled down the steep and rocky side until its course was stayed by a tree seventy feet below the road.

WOMEN, CHILDREN DIE IN FLAMES

FRESNO, Aug. 11.—Mrs. Rose Giomi, her 7-months-old baby and 10-year-old sister, Alice Pierini, were burned to death late last night when they attempted to escape from their burning home on the Christian ranch near Dos Palos. The charred bodies were found by neighbors, who did not know that the family had been trapped until the husband returned from Dos Palos an hour later. It was evident that the woman was asleep when the fire broke out, as the babe was found clutched in the mother's arms a few feet from the door.

CIVIL WAR VETERAN SUMMONED BY DEATH

Succumbing to a lingering illness, Charles Wesley Sutherland, a veteran of the Civil war, passed away last Monday evening at his home, 2227 Twenty-third street. He was 82 years of age.

The first half of his life was spent in Greenville, Mo., where he was born December 25, 1833. In 1882 he went to Texas and in 1886 ventured west to California, settling in Tulare county until 1906. Since that date he has made his residence in Oakland.

During the Civil War the deceased served three years in the army of the Cumberland as a member of Company A, Thirty-first and Thirty-second Missouri Volunteers Consolidated. After serving under Grant during the Vicksburg campaign and in Sherman's march to the sea, he was honorably discharged in Washington, D. C., at the close of the war.

He acted at one time as assessor of Wayne County, Mo., and at another served as deputy sheriff. He was also once the owner of the Greenville newspaper called the Greenville Journal. In his native town Sutherland had been Noble Grand of the Greenville lodge of Odd Fellows and in California became a member of the Modesto Grand Army of the Republic, but later transferred to the Lookout Mountain Post, G. A. R. of Berkeley.

Sutherland is survived by a wife, Mrs. M. E. Sutherland; a son, Robert M. Sutherland of East Oakland, and three daughters, Mrs. J. F. Mitchell of Woodlake, Cal.; Mrs. T. B. Gross of Fresno, Mrs. F. W. Goble of Tulare. The body was sent to Modesto for interment this morning.

ONE HABIT

(By LILLIAN RUSSELL)

(Copyright, 1915, by Lillian Russell)

THERE is a wide difference between a sense of criticism and a sense of humor, when odd-looking people appear before you.

There is often much to be found that appeals to one's sense of humor without calling for criticism of any kind. A person's appearance may seem peculiar. That is a condition of environment entirely.

What appeals to one part of the world as grotesque and amusing affects another part of the world as fashionable and tasteful.

People from large cities, where the latest fashions are available, are inclined to look forward to much entertainment from the natives of the summer resorts, and in a totally unguarded manner ridicule and make fun of them. They are not always considerate enough to speak in whispers nor refrain from ribald laughter in their presence.

These city people would probably become incensed were they to realize how much fun and ridicule they furnished for the country people. Their appearance is just as peculiar and ridiculous to the unsophisticated farmer and his family as the farmer's family is to them.

I had this forcibly brought home to me years ago, while attending a fair. I was inspecting a lot of farming machinery. It all looked wonderful to me, but I did not know what each machine was to be used for. I foolishly asked a man in charge to inform me. Then I heard much laughter from the long-whiskered farmers and the families. One of them pointed to me and said: "Look at the yap." They were perfectly right. In that situation I was the yap.

In just that same situation the city people are the yaps. They may know all about the latest fashions in clothes and the most recent of newspaper scandals, but they are absolutely ignorant of which waving grain they see in the fields is to furnish them bread, oatmeal, or their much-loved pancakes.

They will wonder why the country people allow strawberries, raspberries and blackberries to grow outside of their fences and why they are smaller and sweeter than the store berries they buy in cities. If you tell them that those are wild berries growing there for anyone to gather at will, they will probably think you are joking with them.

City people should keep their latest creations for cities, where the people are accustomed to seeing them and do not look upon them as freaks.

The study of "the fitness of things" is a wonderful and effective one.

It is a waste of ammunition to use all your frills upon unsophisticated eyes. What is the summer resort intended for but rest from all the affectation of city life?

To be sure, there are people who have no society in town. They drudge and work all winter and save up to make a showing for two weeks in the summer. Those are not in the majority.

It is well to learn respect for the country people. To them you should respectfully uncover your heads. To their hard work and untiring labors you own your sustenance. The staff of life is daily bread.

Any person who finds anything to make fun of in the self-denying farming people should look carefully to themselves, examine their thoughts and find the microbes of ignorance and irreverence and kill them.

You have but to go quietly to a country railroad station half an hour before train time. Remain half an hour after the arrival of the guests from the cities to learn what estimate the wise country people have of them. All conceit of your fine clothes and fine appearance will be taken out of you. It will not matter to you whether your dress is cotton or silk or whether your hat is finest leghorn or linen when they finish their criticism of you or some one like you.

LILLIAN RUSSELL.

Bear in mind, while you are looking for something ridiculous to laugh at in the country, that the farmers do not have to look for it. They have it always before them in het summer.

Lillian Russell

CUPID AWAKES—If you will send me a stamped, self-addressed envelope I will send you formulas, including one of diet, which will help you to fill out the hollows which trouble you. I will also send you a formula for a hair tonic which will be of great benefit to you.

LILLIE B. C.—Witch-hazel is an excellent astringent for reducing enlarged pores. The following will eradicate blackheads.

I ounce tincture of green soap.
30 drops of peroxide of hydrogen.

Mix and apply with absorbent cotton, rubbing thoroughly. Leave on half an hour, then wash off with cold water. Do this four times a day.

HELEN D.—Reduction of flesh is usually a difficult matter, and to get results one must exercise systematically and avoid rich foods of all kinds. This dietary will help you: For breakfast, any fruit, except peaches or bananas, but it must be eaten without sugar; weak tea, with half a lump of sugar and a dash of lemon juice; rye or whole wheat bread toasted, eaten with salt instead of butter; one soft-boiled egg, with salt.

For luncheon, any vegetable that grows on top of the ground (except peas and corn), weak tea with lemon and a lean chop or a bit of steak.

For dinner, lean beef, lamb or the white meat of chicken; any vegetable that grows above ground (except peas and corn). No sweets, no pastry, no malt liquor; a little sour wine can be drunk at dinner if preferred to tea. Milk, butter, oil, nuts, potatoes and chocolate are taboo.

Sleep only seven hours at night; take no naps during the day, and walk at least three mile every twenty-four hours, and a five-mile walk is better.

Every morning take at least five minutes of deep breathing.

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa.—"When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. [illegible] BEDTIME STORIES

UNCLE WIGGILY PLAYS TENNIS

(Copyright, 1915, by McClure Newspaper Syndicate.)

(By Howard R. Garis.)

Uncle Wiggily Longears, the rabbit gentleman, hopped slowly down the steps of his hollow stump bungalow, and started off for a walk in the woods one day.

"Shall you be gone very long?" asked Nurse Jane Fuzzy Wuzzy, the muskrat lady housekeeper.

"No, not very long," replied the rabbit.

On and on he went, over the hills and through the woods, until he heard some voices talking.

"Now, it's your turn," some one said. "Knock the ball over the net to me."

"All right, I will," some one answered. "Then you knock it back to me."

Uncle Wiggily heard some sort of ping-pong sounds, and laughter.

"Ha! That sounds jolly enough!" thought the rabbit gentleman. "I guess there is no bad fox, or no babboon with a funny story, waiting to get me. I'll see what it is."

Around the bushes he went, and there he saw Johnnie and Billy Bushytail, the two squirrel boys, and Jackie and Peetie Bow Wow, the puppy dog boys, playing a queer game. They had an old fish net, stretched between two trees, and they were knocking rubber balls back and forth to one another over the net; with broad sticks, made from barrel staves, for bats.

"Ha!" cried Uncle Wiggily, "that is a fine game. What do you call it?"

"That is wood tennis," said Johnnie Bushytail. "Wouldn't you like to play?"

"Very much indeed," Uncle Wiggily answered. So he took the place of Billie Bushytail, while that little squirrel boy rested.

But Uncle Wiggily was an old gentleman rabbit, and he had never played wood tennis before. Besides he had the rheumatism, so that the squirrel chap and the doggie boys won the game and Uncle Wiggily lost.

"Never mind, Uncle Wiggily," said Jackie. "You'll learn how to play some day."

"Perhaps," said the rabbit gentleman. And when he went home that afternoon he made up his mind that he would learn the tennis game of knocking balls over a fish net, until he could play better than any one else.

So, without telling any one about it, Uncle Wiggily got a tennis ball and a bat and he went off alone in the woods to practice by himself. But he could not do very well. The ball he had did not bounce very well, and the harder Uncle Wiggily hit it the less it would jump up and down on the ground and over the net.

"Oh, dear!" cried the rabbit gentleman. "I'll never be able to play tennis so I can beat those squirrel chaps and the doggie boys! Oh, dear! It's too bad!"

"What's too bad?" asked a little voice on the ground.

"I'll never be able to play tennis!" said Uncle Wiggily. "I can't make the ball bounce enough and that's too bad!"

"Well, perhaps, I can help you," the voice said, and out from under a stone came Hippy, the hoptoad boy.

"How can you help me?" asked Uncle Wiggily.

"Well, I'm a good hopper and jumper," said Hippy, the hoptoad boy. "I could get inside your tennis ball, as I am so small. And you could sew me up inside, leaving a little hole so I could breathe. Then when you knock the ball with me inside over the fish net I could bounce up and down by pumping inside the ball so no one on the other side of the net could hit the ball. Then you would win."

"That would be fine and dandy—if we could do it," said Uncle Wiggily.

"Oh, we can do it!" cried Hippy, the hoptoad boy. "Just let me get inside one of the tennis balls and I'll show you."

Uncle Wiggily cut one of the tennis balls open. Hippy, who was a very little chap, but a good jumper, got inside. Then the rabbit gentleman whistled for a tailor bird, who can sew, and the tailor bird, with a thorn for a needle and corn silk for thread, sewed up the ball with Hippy inside, leaving a little hole so the little hoptoad boy could breathe.

"Now bounce the ball, and see if you can't knock it over the net," said Hippy. And his voice inside the ball sounded as if it came from down cellar.

"But won't I hurt you?" asked Uncle Wiggily.

"Not in the least," answered Hippy, happy like.

Uncle Wiggily tossed the ball up in the air, and knocked it over the net with his barrel stave. My! how the ball, with the hoptoad chap inside, bounced up and down. Forty'leven times it went, and if there had been any one on the other side of the fish net they never could have hit the ball back to the rabbit gentleman.

"Oh, that's fine!" cried Uncle Wiggily. "Now I can play the game with the squirrels and puppies, and I'm sure to win. How long can you stay inside the ball, Happy?"

"Oh, long enough for you to win the game, Uncle Wiggily."

The rabbit gentleman, taking the bouncy-ouncy tennis ball, with Happy inside, hurried back to his bungalow. He saw Johnnie and Billie Bushytail and Jackie and Peetie Bow Wow.

"Wil you play me a game of wood tennis?" asked Uncle Wiggily.

"Yes," they said, and they winked their eyes one to another to think how easily they could beat Uncle Wiggily, but only just in fun, you know.

"Biffo! Bango!" Uncle Wiggily knocked the ball, with Hippie inside, over the net.

Jackie, Peetie, Johnnie and Billie all tried to reach it to bat it back to the rabbit again. But do you 'spose they could?

Of course not. Up and down bounced the ball. Now high, now low. Now to this side, now to the other. Jackie, Peetie, Johnnie and Billie hopped and ran all over, trying to bat the ball back. But Hippy inside peeked out through the air hole and jumped the wrong way every time. The squirrels and puppies could not bat the ball back across the net to the rabbit.

"Ha! Ha!" laughed Uncle Wiggily. "I thought you boys could play tennis!"

"Oh, Uncle Wiggily!" they cried, "how did you do it? How did you get to be such a good player? And where did you get such a fine bouncing ball that we cannot hit?"

"Ha! Ha!" laughed Uncle Wiggily. "Come out and tell them, Hippy!" Then he opened the tennis ball, and out came Hippy, the hoptoad boy, laughing at the little trick.

"Oh, Uncle Wiggily!" cried Jackie and Peetie and Billie and Johnnie, "that wasn't fair!"

"No, I guess it wasn't exactly fair to put a hoptoad in a tennis ball," said the rabbit gentleman. "But it was only a joke. Now I'll buy you each an ice cream cone, and after this I'll play tennis just as you do, with plain balls."

And Uncle Wiggily did, and soon he was able to play as well as any one without the help of Hippy. But wasn't it a good trick, though, just for fun?

So this teaches us that hoptoads are good for something else besides churning butter, and if the nice doll, Ethel Browneyes Prettygirl, doesn't wear a Fourth of July paper shooting cap when she goes bathing in the ocean at Asbury Grove and forget to take it off, I'll tell you next about Uncle Wiggily boiling an egg.

GOLD SHIP IS SAFE FROM DIVERS

Greatest Treasure Shipment Reaches New York From Britain.

By Associated Press.

NEW YORK, Aug. 11.—A special train carrying $52,000,000 worth of gold and securities, which had been shipped by the Bank of England from London, by the way of Halifax, N. S., to this city, arrived here today. The train was composed of several steel cars and was guarded by 40 armed men.

Of the total shipment, $25,000,000 was in gold, and was believed to be in the form of American double eagles. The weight of the gold shipment was about 75 tons. It was said to be the largest single shipment of gold ever sent across the Atlantic ocean in one vessel.

It was brought over in a British battleship, which was convoyed through the war zone and across the ocean by a cruiser and a flotilla of torpedo boat destroyers to guard against an attack of German submarines. The cost of transferring it from London to New York was estimated today to have been $250,000.

It was said that the British battleship brought over not only the $52,000,000 in gold and securities for New York, but also a shipment of gold destined for Canada, whose treasury recently sent gold amounting to $135,000,000 to New York.

SECRECY MAINTAINED.

Secrecy was maintained in sending this great shipment of gold, and precautions were taken to prevent the German secret service from discovering the plan or route of forwarding it. At Halifax it was delivered into the custody of the American Express Company, and when the armed train left that city it was preceded by a pilot engine for the purpose of testing bridges and to frustrate any attempt to wreck the train by the use of dynamite. This precaution was suggested by the exploit of Werner Horn, the German reservist, who attempted to blow up the St. Croix river bridge on February 2 to stop shipments of munitions to the allies. The route over which the train proceeded from Bangor, Me., to New York was kept secret. Robert E. M. Cowie, vice-president and general manager of the American Express Company, said that the transfer was the greatest risk ever taken by an express company.

Eight policemen were sent to meet the train here and guard the gold until it was delivered at the subtreasury.

J. P. Morgan & Co. of this city were the consignees. The purpose of the transfer of gold was understood to be to reinforce British credit here and to improve the exchange situation, as the English pound sterling has depreciated of late. The securities are presumed to be American bonds, to be used as the basis for further advances to the British government.

STAMP COLLECTORS TO MEET.

Stamps of the little country of Honduras, and their history, will be discussed at the regular meeting of the members of the Western Philatelic Association, an organization of stamp collectors, tomorrow evening. The meeting will be held at 1010 Broadway. Henry Loeb is president and Oliver Beardslee secretary of the organization.

Aged Woman Is Burned to Death

Mrs. Mary Houche Falls With Lighted Lamp

VALLEJO, Aug. 11. — Mrs. Mary Houche, an aged woman and a pioneer resident of this city, was burned to death at an early hour this morning in her home at 227 Pennsylvania street. The aged woman was alone in the house at the time and is believed to have fallen while carrying a lighted lamp down a stairway. Her body was burned to an unrecognizable mass. The house was not destroyed by the flames. Only the room in which the tragedy occurred was burned.

Mrs. Houche had lived in Vallejo for the past two score years and was one of the best known of the pioneer women of this part of the state. She was the mother-in-law of John Hancock, a prominent merchant of Vallejo.

Two Men Killed by Big Blast in Mine

By Associated Press.

BUTTE, Mont., Aug. 11.—Alex. Herrill, 43, and Harry Nachtweigh, 42, were killed last night on the 2000-foot level of the Tramway mine by a premature blast. They were buried under rock and earth, which took a force of men more than an hour to remove.

AID TO MRS. PANKHURST IS TO JOIN EDUCATORS

Mrs. Philip Snowden, known as the Jane Addams of England, will arrive here tomorrow morning from London to participate in the International Congress on Education, to be held in Oakland, August 16 to 28, under the auspices of the National Education Association. Prior to the war Mrs. Snowden was an active worker in Mrs. Pankhurst's suffragette corps. Since the war she has put forth her energies in the interests of the world-wide peace movement. Her husband is a member of parliament. Mrs. Snowden takes the place on the program of Jane Addams, who is unable to attend the congress. Her subject will be "Women and War."

Ella Flagg Young, one of the noted educators of the East, now superintendent of the Chicago schools, is in Oakland. She will take active part in the congress.

Asgley V. Storm, dean of the University of Minnesota's agricultural department, arrived late yesterday.

Robert J. Aley, president of the University of Maine, made his presence known this morning. The headquarters for the Maine delegates will be Hotel Menlo. Professor Aley expects a delegation of 50. He is on the N. E. A. board of trustees.

Miss Myra Winchester of Washington, D. C., secretary of the N. E. A. kindergarten section, registered at Hotel Oakland yesterday. She looks forward to a very large attendance of her division.

TO OPEN HEADQUARTERS.

W. A. Alexander, publicity manager of the N. E. A., and a corps of assistants will arrive here Friday evening from Swarthmore, Pa., and will have headquarters at Hotel Oakland.

The oldest active member of the N. E. A. is now en route to Oakland from his home in Stouts Mills, West Virginia. He is Marcellus Marshall, who has not missed attending a convention since 1872.

The next in line for continuous attendance is Major Clancy of Minneapolis, who appeared at headquarters this morning.

Registration of delegates opens tomorrow morning. Full information can be obtained at headquarters, Hotel Oakland. Plans for registration will be completed late this afternoon.

The government will install a special N. E. A. postoffice in the Commercial Club's business department, ground floor, Hotel Oakland building.

This will be the first educational congress which is to draw a large delegation from New England states. Assurances of at least 250 New Englanders attending has been given.

As to the admission of the general public to the lectures of the various sections, no definite announcement can be made at this time. The committee in charge desires to review the situation. There are so many active and honorary members that seating capacity will first be considered. However, it is believed that provision will be made for those desiring to attend.

BERKELEY TO ENTERTAIN VISITING PEDAGOGUES

BERKELEY, Aug. 11. — Delegates to the convention of the National Educational Association, which is expected to be one of the biggest gatherings of the exposition period and which will be held later this month in Oakland, are to be entertained during at least a portion of one day in this city, according to plans which were formulated at a meeting of a Berkeley entertainment committee last evening.

The committee is composed of representatives of the Board of Education, City Council, Chamber of Commerce and other bodies, those named including Mayor S. C. Irving, Mrs. Elvina T. Beals, Wells Drury, Superintendent Morris C. James and Professor William B. Herms.

Further announcement of plans is to be made by the committee after a meeting to be held later this week.

Girl, on Stand, Tells How She Killed Man

By Associated Press.

VAN BUREN, Ark., Aug. 11. — Ethel Dixon, 14 years old, last night told a coroner's jury how she shot and killed Frank Holliday on a fruit farm near here, using Holliday's shotgun. She shot when Holliday attempted to assault her, she said. The coroner's jury returned a verdict finding her blameless.

Women Struck by Train; Both Killed

By Associated Press.

LOS ANGELES, Aug. 11.—Anna T. Ruiz and Rolita Martinez, two young Mexican women, were instantly killed last night when struck by a Santa Ana electric train at Watts Station, near here. The young women were talking and evidently failed to hear the train.

ATTACKED BY RATTLER IN HILLS OF MELROSE

MELROSE, Aug. 11.—Wriggling from under a forked stick which pinned it to the ground, a large rattlesnake attacked its captor, James Armor of Chicago, who came across the reptile in an old quarry in the hills here. The snake struck its fangs into his clothing and they grazed the skin of Armor's leg without, however, inflicting a punctured wound. Armor, who is a guest of J. C. Burgess of the Boulevard, underwent the usual precautions against possible poisoning.

The two men had gone into the quarry for the purpose of looking for rattlers, the Easterner having expressed a curiosity to see one of the California species. Armed with a forked stick he waited beside a likely looking pile of rocks until a big rattler appeared.

He attempted to scotch the snake with the stick, but was not quick enough, and the rattler, angered, and its tail buzzing a loud warning, coiled rapidly and sprang at its tormentor, sinking its teeth in his trouser leg. Before it could attack again the startled Chicagoan broke its back with his stick. Armor so far has experienced no ill effects and it is not believed that any of the poison entered his system, being absorbed by his clothing.

OAKLAND WOMAN HELD AS FORGER

On Eve of Emergency Voyage, She Falls Under Arrest.

Mrs. Edith Johns, formerly Mrs. Edith Higgs, wife of an Oakland grocer, arrested late last night and held by the San Francisco police for forgery, flirted with the fickle goddess of chance in an effort to determine whither she would flee. It was just a few hours prior to her capture and when she knew that the detectives were close on her trail that the woman, accompanied by her 13-year-old son, entered the San Francisco offices of the West Coast Steamship Company and asked to buy a ticket.

She didn't know where she wanted to go and jocularly tossed up a coin to decide whether it would be Los Angeles or Seattle. Fate decided it would be Seattle and she purchased a ticket on the steamer Nome City, reserving an upper deck stateroom. Then Detective Ryan intervened and she was locked up.

"I did not intend to commit any crime," declared the woman today in the city prison. "I expected a legacy from England from the estate of a friend who died. I believe I will be able to clear myself of this charge."

The woman is held in detinue accused of forging the name of Mrs. Ada Drummond for a draft for $320, and cashed it at the Union Trust Co. She claims that her maiden name was Ada Drummond.

Value of Eyesight Doubled

Recent Invention of Vast Importance.

The value of eyesight has really been doubled on account of a new invention in glasses. These newly patented lenses, called "Caltex Onepiece" Bifocals, do the work of two pairs of glasses, for they permit the wearer to use them for both reading and distance. These wonderful lenses are ground from one piece of clear white optical glass and have none of the disadvantages of the old style double vision glasses. Any one requiring two pairs of glasses can now make one pair do the work of two with entire satisfaction. Ground only at the three establishments of the California Optical Co., 1221 Broadway, Oakland, and 181 Post St. and 2508 Mission St., San Francisco—Advertisement.

BANK LOOTER CONFESSES RUSE

Paying Teller Admits Theft of $20,700 From Cedar Rapids Institution.

By Associated Press.

CEDAR RAPIDS, Ia., Aug. 11.—Officials of the Cedar Rapids National Bank, which was robbed a week ago of $20,700, and the police announced today that the mystery of the robbery had been cleared by the confession of Leo Perrin, paying teller, that he had taken the money to settle debts incurred in land speculation. Perrin has not been arrested, and unless the Baltimore company which furnished his bond decides on prosecution he may not be arrested. The bank officials have not indicated any intention of taking action, and on their course depends the course of the police.

Of the $20,700 taken from the bank $10,000 has been recovered. The police say that $8000 was found sealed in a sofa pillow at the home of Perrin's mother, and that $2000 was turned over by an attorney to whom the paying teller had given it as a retainer. No explanation has been made of the whereabouts of the other $10,700.

According to the announcement of the bank officials and the police, a final attempt was made last night to break Perrin's story that he was confronted by a lone robber in the bank last Wednesday, forced to hand over the money at the point of a revolver and then locked in the vault.

It was said that after Perrin had been confronted with new evidence he broke down and confessed.

He is said to have explained that his salary amounted to but $1500 a year, while the interest on his debts, amounting to about $21,000, reached $1200.

It was rumored here today that an out-of-town man, a banker in a small Iowa city, had been implicated by Perrin.

PREDICTS UPRISING IN MEXICAN CITY

Oakland Visitor Fears for Lives of Americans in Vera Cruz.

E. L. D. Camp of Mexico City, at Hotel Oakland, today made the following predictions:

"Within three days there will be an attack on Americans and foreigners in Vera Cruz.

"Within fifteen days the United States will have invaded Mexico and will have had a mighty fight there."

Deeming it an absolute impossibility to transact business in Mexico, E. D. L. Camp is now autoing trough California. He spent today at the Hotel Oakland. Camp, who has land interests in Mexico, has lived there for ten years. He has followed political questions of the turbulent country and stated today that the conference now being held in Washington would precipitate an outbreak that has been smouldering for months.

SITUATION IS SERIOUS.

He stated that up to two years ago the Americans who attended strictly to their own business affairs and who did not mix in politics, had no trouble with any faction. The last two years has seen a change which daily has grown more serious until now, according to Camp, it is at the point where lives in numbers are to be taken.

"Vera Cruz today is a hotbed of anti-American sentiment," said Camp. "The United States will certainly have to fight Mexico. I am of the earnest opinion that within three days there will be a massacre of Americans and others in and about Vera Cruz. Within fifteen days the United States will have invaded Mexico and will have had a mighty fight there.

FACTIONS WILL UNITE.

"All of the Mexican factions now at war with each other will unite. The United States will be able to overcome them all and will push them back from desired territory. To fight them in certain sections of Mexico will mean months of warfare."

Camp does not intend to return until Mexico is once and for all time placed in a settled condition. He believes that the United States has been indifferent to the treatment accorded Americans in Mexico, but that present conditions and what is to happen, according to his predictions, will force President Wilson to take action.

SUNDAY BACK IN FIGHTING TOGS

Heeds Aked No More Than Dive Keeper, Tells Reporters.

SAN FRANCISCO, Aug. 11.—Fresh from new conquests in the south and burning with a feverish desire to confound his opponents and win new victories here, Billy Sunday arrived in San Francisco this morning with his fighting togs on. The ever-present smile was playing about the corners of the expressive mouth of the revivalist as he stepped from the Limited at the Southern Pacific depot and was whisked along toward the St. Francis hotel. That he did not reach the hostelry immediately was due to the fact that the butchers' parade blocked the streets and his automobile was delayed.

It is expected that Sunday will get back at the Rev. Charles F. Aked, pastor of the First Congregational church, whose resignation from the Committee of One Hundred started the ministerial storm which has centered about the head of the Rev. William Sunday. Twice today the evangelist will have an opportunity of counter-charging on the assault of Dr. Aked and those who know him best believe he will have some hot shots to deliver.

Doctor H. H. Bell, chairman of the Committee of One Hundred, who started tabernacle work on Van Ness avenue, and Rev. Paul Smith, as well as many other clergymen, have stood sponsor for Billy Sunday and have taken up the cudgels in his behalf. They were responsible for his coming here and the notoriety caused by Dr. Aked's repudiation of the revivalist's methods led to an enormous gathering at the first meeting at 3 o'clock this afternoon.

In greeting the newspaper men at Los Angeles Wednesday, he was asked if he would reply to Dr. Aked upon his arrival at San Francisco.

"I'll pay as much attention to Dr. Aked as I would to a saloon-keeper or a dive owner," he said.

Private Car Owners Plan Repair Shop

By Associated Press.

PITTSBURG, Pa., Aug. 11. — A meeting of private car owners will be held in Pittsburg next month, when plans will be discussed which may result in a renewal of an organization which they had from 1907 to 1910, but which was disintegrated by a decision of the State Intercommerce Commission. The proposed reorganization, it was said, contemplates the formation of a company with $150,000,000 capital, which will own and operate a railroad, buy and operate and lease private cars, own shops and build and repair cars. Robert J. Bailey, who was secretary of the old association, today announced details of the plan.

SERVICES HELD FOR MRS. JOHN NICHOLLS

BERKELEY, Aug. 11. — Funeral services were conducted this afternoon for Mrs. John Nicholls, a prominent member of east bay social and club circles, whose death occurred suddenly at her home at 2720 Elmwood avenue. The services were conducted there in simple manner, and interment was private.

Mrs. Nicholls expired of heart disease while seated with members of her family. Physicians were summoned, but her death preceded even their being called.

In this city, where she had resided for fifteen years, Mrs. Nicholls had taken a prominent part in many social and charitable affairs, being a member of the Ebell Club of Oakland, the Eastern Star of Berkeley and other organizations. She formerly resided at Dutch Flat, where her husband had been engaged in mining.

Besides him, she is survived by three sons, J. Carroll Nicholls, a mining engineer; Dr. Robert Nicholls, San Francisco, and S. Walton Nicholls of this city, and by a daughter, Miss Jean Nicholls of Berkeley.

FACES DOUBLE CHARGE.

Steve Ucello, 523 Fifty-second street, attempted to throw Sergeant Michael Byrne out of his home last night when Byrne went to investigate the disturbance raised by the man, who had come home drunk, according to the police. Neighbors had complained that Ucello was mistreating his family. The man was placed under arrest for battery and drunkenness.

PREFERS EAST BAY RESIDENCE.

FRUITVALE, Aug. 11.—Mrs. Hulda Indig, who gave up her home here to live across the bay, finds the east bay the more attractive place and has returned here. She occupies her old home, 2038 Thirty-eighth avenue. Mrs. Indig is prominent in musical circles.

MARKSMEN OF '76 TO FACE TARGETS IN COMPETITION

Los Angeles Shooters Win Second and Third Cups; Hubner Still Leads.

A shooting match between the three living members of the rifle team which represented California in the Centennial Exposition in Philadelphia in 1876, is the latest feature planned for the Panama-Pacific Shooting festival now being held at Shellmound Park. The team was then hailed as the greatest ever got together in California, and in those days there were many good rifle shots in the Golden State. The three living members of the Centennial team are Alfred Ehrenfordt, Thillo Jacoby and Al Rhwyler.

In yesterday's shoot, goblets were won in the point target matches by Otto Pachmayr and H. H. Hinde, both of Los Angeles. The marksmen from the south have been carrying off all the honors during the past few days, and with the arrival of the famous Dr. Tabor of Los Angeles, which is expected today, added honors will probably go to the southern competitors.

PACHMAYR WINS CUP.

Otto Pachmayr won the second point target goblet and H. H. Hinde the third. Both shooters are from Los Angeles. Ad. Hubner is still highest with 65 points in the target of honor. Of the newcomers Franz Kern, Los Angeles; Max Rosenthal, Milwaukee Sharpshooters' Club; Jacob Adloff, Los Angeles, and F. L. Pape, San Rafael, showed to advantage. Today's participants in the shoot are: Mr. and Mrs. Chr. Krempel, Los Angeles; H. H. Hinde, Otto Pachmayr, Joseph Singer, Franz Kern, Jacob Adloff, all of Los Angeles; J. F. Mues, D. W. McLaughlin, H. L. Hirsch, B. Jonas, S. McPherson, all from San Francisco. Shooting will continue every day this week and a large number of shooters have registered to enter the contest on Thursday.

The officials are only waiting for the arrival of about 350 shooters from Eastern points to set the date for Shooters' Day at the Exposition.

Following are the scores to date:

POINT TARGET.

August 8—W. F. Blasse 21:22, O. A. Bremer 15:16, A. R. Podenscratz 20:21, A. Hubner 5, L. S. Hawxhurst 19:22, M. W. Housner 13:15, J. Holdener 9:11, H. H. Hinde 11:14, M. Knudsen 15:16, H. Oaklanders First to Don Moleskins for Practice

Starting American football practice for the Oakland Commercial club squad. George Incell, Chris Hampton and Gil Thomas (above) and Bill Moir, Gibon and Smiley running with the ball in loose formation.

Determined to hold ther place as leaders of American football in California, even though Rugby is gone, and the old game will present more competition than ever, the Oakland Commercial Club team, formerly the Oakland Originals, have been the first to take the field. All the stars that made last year's team the unbeaten champions of Northern California have turned out for practice, and increased interest in the team has brought out several new candidates for positions.

George Incell, the Charley Brickley of the West, who has won many games with his accurate booting; "Butch" and "Ming" Bruzzoni, Bill Moir and Gibson are all out for positions.

The team is working two evenings and Sunday morning for a starter, but later on in the season practice will be called every night at Bay View park.

The team will probabl ystart its practice games as soon as the University of California opens, for several club teams are being formed among the University of California students, and they will probably start play as soon as registration is over.

CHARLEY GRANDE TO BOX JACK DILLON

VALLEJO, Aug. 11. — Charles Grande, the local middleweight scrapper, is to meet Jack Dillon in Philadelphia on Labor Day, according to the latest information received in Vallejo from the Italian boxer. Grande is now spending a well earned vacation at one of the Atlantic coast resorts in company with "Young" Rubido, a clever lightweight. Grande says that he is in great shape at the present time and expects to hand Dillon a good lacing when they swap punches next month.

LUSCHER AND TAVAS MEET TONIGHT AT WEST OAKLAND

Frank Luscher and Pete Tavas meet tonight in the main event of the West Oakland club's boxing show. Tavas holds the distinction of being the only contender for the lightweight honors of the bay cities who has not been defeated. Luscher has been beaten by only two lightweights, Tavas and Denny. He afterward reversed the decision on Denny, so that leaves only Tavas for him to beat. The two have met twice before, both decisions going to Tavas by a small margin, but since their last meeting, Luscher has been coming to the front, and it would not surprise many of the fans if he would beat the West Oakland champion.

In his first battle with Willie Byrne Tavas showed strain under the latter's bombardment, and with the punch Luscher has developed in the last two months, he may be able to put the champion away. There is one thing almost certain. Tavas is not capable of knocking out Luscher, that is, not unless he has improved his hitting powers a great deal since they last met.

In both their other battles, Tavas hit Luscher almost at will, and never once staggered him. The East Oakland boy is a regular "Bat" Nelson at taking them, and no matter how hard Tavas hits him, Frank always has the chance to come back with a knockout.

A battle for the featherweight championship of the bay cities is on the bill in the bout between Tony Freitas, the rushing East Oaklander, and Jimmy Dundee the Oakland newsboy, and defeated featherweight champion. Dundee and Freitas have met once before, but the battle was not a very decisive victory for the champion, and Tommy Simpson is giving Freitas another chance to make good.

Whitie Smith came back from the country this morning, where he has been training for his battle tonight with "Kid" Williams of San Francisco. Williams beat Willie Fyne at the last West Oakland show, and as Whitie has about the same grade of a decision over Pyne, the bout tonight should be a pretty even battle. Whitie is about the classiest of the lot when he is right, but it is hard to figure when Smith is going to get his right-hand working. When he is pumping them in from the starb'rd, Whitie is about the best in the lot, but when he gets off on the wrong foot, he is very likely to get licked. Smith has been up in the country for two weeks, however, and figures to be in fine shape to meet Williams tonight.

Instead of the bouts being three rounds, as has been the practice in the past, all the goes will be four round affairs, and there will be but eight of them. Tommy Simpson figures that the fans want classy scraps, and do not care about the number of them. With only eight bouts to match, Tommy thinks that he can get classier battles, better matches, and more variety, than with ten goes on the card. The last show lasted until after eleven, which many of the fans claimed was too long, so the West Oakland promoter is figuring on eight four-rounders, and will devote his attention to quality instead of quantity.

Speedy Davis, and "Kid" Sheridan will head the preliminaries. The two boys boxed a hard draw at a recent Wheelmen club show, and a return bout looked good to Simpson. Freddie Graham, the laughing wonder, will interest the fans in a four-round encounter with Honey Davis. Jimmy Kelly vs. Danny Rosch, Jack Dugan vs. Johnny Lucas, and Danny Edwards vs. Young Thomas concludes the card.

With Johnson at Short, Oaks Lose Out in Ninth

Dillon's Men Come From Behind to Take Opener, 8-7

LOS ANGELES, Aug. 11.—The Oaks, with a Johnsonized infield, beat the barrier here yesterday afternoon, and raced for eight innings well in the lead, and then blew up in the stretch, finishing an 8 to 7 also-ran.

Their defeat prevented the Seals from dragging Los Angeles out of the lead, wherefore "Pop" Dillon magnanimously offered Rowdy Elliott a cigar after the game. Rowdy spurned it in high dudgeon.

Elliott's crew started the game with a rush that made the southern supporters sit up and look around, scoring one run in the second, and three in the fourth on bunched singles by Ness, Tobin, Litschi and Elliott and then brought in two more in the fifth following this with a run in the eighth.

BUSY IN THE SEVENTH.

And it was not until the seventh that the Angels commenced to get busy. It was then they put across two runs and banished the smile from the features of "Hippo" Ables. Not satisfied with this, they sent across four tallies in the eighth and then with a rush put across two more in the final frame, winning the game and causing consternation among the Oaks.

Wolter's double and Koerner's single in the ninth sent Remneas to the bench and Metzger a pinch hitter singled when Burns entered the box, scoring Wolter and tieing the count. The "Zeb" Terry produced a single that scored Koerner and incidently won the game.

Ables, Remneas and Burns were used in vain to stop the Los Angeles onslaught while Perrit, Scoggins, Williams and Love took the mound in hopes of stopping the early batting streak of the Oakls.

JOHNSON AT SHORT.

"Jimmie" Johnston appeared at short for the first time and made but one bobble out of three assists and one put out. His work will be closely watched by the management for, if he is able to hold down this position, Tobin will be put in the outfield and Art Guest saved for ability. Tobin gathered two safeties during yesterday's contest and Ness rounded out into old form with four out of four.

Terry was the fielding sensation, handling ten chances without an error and also getting the final hit, while Koerner seemed to take a delight in performing for his former team mates.

Manager Dillon's choice of "Poll" Perrit almost proved fatal and the "slim feller" came within a short space of putting the Oaks so far in front they would be unable to lose, which is now thought impossible. He had many a good wish on the ball but otherwise he was helpless and the count stood 6 to 0 before the Angels commenced.

Ables worked well up to the seventh but when the hits began to come with surprising regularity he forsook the mound in favor of Remneas who also proved to the Angel's liking and was quickly benched with "Big Bill" Burns taking the firing line, but the southerners only had started when he was elected to stop the rush and the game proved to be another of those stirring finished which the Dillon aggregation has been staging of late.

BAUM AND CORHAN THE WHOLE SHOW IN SEAL VICTORY

Charlie and Roy Blank Busy Bees by Great Defensive Work.

"Honkus" Baum and Roy Corhan were pretty much the whole show yesterday when the Seals brought joy to their constituents by whaling the Bees 5-0 in the opening game on the home lot. Baum's masterly twirling had the visitors handicapped throughout the game, while Corhan, in addtion to delivering a timely double with the bases full, put up a defensive game that was astounding.

Local fans have grown accustomed to seeing the Seal shortstop perform semi-miraculous fielding stunts, and we take them now in a matter of course sort of way, but yesterday even the Seal rotoers were electrified by Corhan's work. He made ten assists and three put outs, figured in two double plays and brought despair to the heart of the opposition.

Salt Lake was unfortunate in that it found it easy enough to get men to first base, but almost impossible to get them any further. Forced plays at the Seal keystone were the big features.

The Seals lost no time in sewing up the contest. Fitzgerald got on by Gideon's error, Schaller doubled and Bodie walked, crowding the pillows. Corhan drove a long fly to deep center, and Quinlan misjudged badly, the blow going for a double and clearing the sacks.

Downs scored in the third on a double steal and in the fourth Schaller homed over the r. f. f.

Quinlan and Brief made their first appearance here as Bees, but did not accomplish much for themselves. Brief had a bad day at third in a fielding line. He does not like to play the bag, and will take first just as soon as Tommy Tennant's day of grace expires. Blankenship's plan is to use Hallinan at third and Brief on first, with Willis Menges held in the utility role.

Fittery deserved better support than he got. The score:

BOWLING TOURNEY IS OPENED AT P. P. I. E.

The Exposition tournament of the Pacific Coast Bowling Association will begin on the Exposition alleys tonight. More than 400 expert bowlers from all the Coast States have entered the various championship classes, and, judging from the personnel of the entrants it is expected that records are endangered.

The games will continue every night until August 22d, including contests between five-men teams, two-men teams and individuals. Handsome prizes will be awarded in addition to Pacific Coast championship honors.

The following five-men teams will perform tonight:

San Franciscos, Old Timers, Jesse Moore Hunts, Anheuser-Busch, Expositions and Unknowns.

Vernon Beats Ducks by Heavy Clouting

PORTLAND, Ore., Aug. 11. — Vernon won the first game of the series by clouting Lush, Krause and Higginbotham for eight runs. Wilhoit's home run in the third with two on put the Tigers in the lead and they were never in danger. Bates' home run for Portland started a rally in the sixth, but Fromme managed to get into the game after three scores were over and from then on the Beavers did not have a chance. Risberg got a home run off Krause in the fifth.

OAKS SIGN McARDLE AND PITCHER

The Oaks have signed a young right-hand pitcher named D. L. Gage of Sacramento and ordered him to report next spring. He has been pitching successfully for the Woodland club.

Private advices from the south say that Johnston's appearance at short for Oakland yesterday was a failure. "Rowdy" Elliott has signed "Honus" McArdle for the job and the latter will appear in an Oakland uniform today.

BANNER MATCH SCHEDULED FOR CHICAGO TODAY

Johnston and Griffin Are Favorites to Challenge McLaughlin and Bundy.

CHICAGO, Aug. 11. — Second round matches in the preliminaries of the national doubles tennis championship and the challenge round of the western singles championship were scheduled today to determine which of the sectional title holders shall play McLoughlin and Bundy, the champions, for the national honors.

William M. Johnston and Clarence Griffin of San Francisco, Pacific coast doubles champions, were to clash with Dean Mathey and George M. Church, northwestern champions in doubles in the second round of the elimination play. The Pacific coast title holders won their way to the second round by defeating Williams and Washburn, eastern champions, in the first match of the tournament yesterday.

The match was one of the most brilliant and spectacular ever seen on a Chicago court. The Pacific coast champions fought an uphill battle from the start, but the easterners were unable to sustain the terrific pace of the first three sets.

It was by breaking through the service of National Champion Williams that the Californians forced an opportunity for victory when the easterners seemingly had the match well in hand.

Griffin was wild at times and it required all Johnston's steadiness and speed to extricate the winners from difficulties into which that wildness rushed them. However, Griffin's brilliant smashes and place shots more than compensated for his occasional lapse from accuracy.

PAINT this little picture on your mind, then beat it quick-cross-lots for some Prince Albert tobacco, because you need it in your smokings!

Talk about putting the hush on that tobacco hankering! Prince Albert just purrs pleasure on your tongue as you draw in the cool smoke from a jimmy pipe or makin's cigarette! The patented process *fixes that* and muffles the bite and parch!

So you cast past smoking memories into the discard and draw cards via Prince Albert, for you'll trump tricks on every show down when you fire up this national joy smoke!

Such jimmy pipe tobacco, such makin's tobacco, never did come into your taste-zone before! Such flavor, and coolness, and fragrance; such mellowness! Why, men, P. A.'s so good you call it by its first name like you were brought up in the same house!

And you just go on smoking Prince Albert day-in, day-out, because it's so good and friendly and cheerful to the tenderest tongue! And nail this: You will find P. A., jammed in a jimmy pipe or rolled into a makin's cigarette, *better* than the most cheerful word we ever printed about it!

Buy Prince Albert everywhere tobacco is sold. Toppy red bags (handy for cigarette smokers), 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and—that classy pound crystal-glass humidor with the sponge-moistener top that keeps the tobacco so slick!

RICHARDS EASY WINNER OF 1915 DECATHLON TITLE

Meredith, Under Handicap, Fails to Break His Mark in Quarter.

Alvah W. Richards, Illinois Athletic club member and United States star in the 1912 Olympic games at Stockholm, had little trouble in winning the 1915 national decathlon championship from Avery Brundage of the Chicago Athletic association, the 1914 champion. Richards, with the big lead he had piled up Monday, did not need to capture any first places to win. In the whole decathlon he scored 6858:81 points which is some 400 better than the number Brundage scored.

The decathlon events were disappointing in several ways. There were few spectators on hand, and furthermore, the efforts of the athletes in certain events were huge jokes. The time in the 110-meter run varied from 16 to 21 seconds, while the winner in almost every event won on a mark of which a high school boy would be ashamed.

Chester Fee of the Multnomah club of Portland finished third, a first place in the pole vault and another in the javelin throw piling up points and allowing him to beat out Goelitz of the University of Chicago for third place. Brundage won in the discus event with a throw of 126 feet 7½ inches, while his nearest competitor could only hurl the saucer 71 feet 7½ inches. No wonder the decathlon was a joke!

The Chicago A. A. quartet captured the half-mile relay event from the Olympic club after a thrilling race. The Chicago quartet, all 10 second men, ran a truly wonderful race, Joe Loomis winning the race for them after beating Fred Murray to the tape in the last lap by about three feet.

Hans Kohlemainen, the great Finn, had little trouble in winning the 15-mile marathon race when he closed with a sprint in the last mile of the race. Villar Kryonen, his team mate did most of the running throughout the stages of the grind, but "Koly" tackled him in the last mile and won with ease. Nick Giankopulos, Hugh Honohan and Charley Pores, all New Yorkers, finished in the order named.

J. E. (Ted) Meredith was the victim of some unfortunate circumstances yesterday when he attempted to break Maxey Long's standing record of 47 flat for the quarter-mile on the exposition straightaway yesterday morning. When John McHugh, the starter, sent the lads on, the pistol failed to show any smoke and thus the timers could not set their watches. Ted had run about 220-yards, and according to Abel Kiviat, who had timed him for that distance, he had covered the furlong in 21 1-5 seconds which was as good as the world's record time for that distance. Ted went through the whole quarter-mile, however, but he was timed in 48 3-5 seconds which is very respectable time, but not enough for Ted. He had Fred Stormer of the Cincinnati Athletic club pacing him, but Meredith ran away from him so easily that he looked as if he was running alone. Ted may try to establish a new record again, the date to be set by the A. A. U. officials.

The results of the closing events in the decathlon, which was captured by Richards, together with summary of the relay races and the modified marathon, are as follows:

110-meter hurdles—First heat, won by John Jacobs (Oklahoma university), Chester Fee (Multnomah A. C.) second, A. H. Hutchinson (Illinois A. C.) third, Alma Richards (Illinois A. C.) fourth. Time, 0:16 1-5.

Second heat—Won by C. Goelitz (Chicago A. A.), Fred Thomson (Los Angeles A. C.), second, James Lincoln (New York A. C.) third, James Lawlor (Boston Irish-American A. C.) fourth. Time, 0:16 1-5.

Third heat—Won by C. A. Brundage (Chicago A. A.), P. F. Connor (New York A. C.) second, James Tycer (New Orleans) third. Time, 0:16 3-5.

1500-meter run—First heat, won by C. Goelitz (Chicago A. A.), John Jacobs (Oklahoma university) second, C. A. Brundage (Chicago A. A.) third, Chester Fee (Multnomah A. C.) fourth, James Tycer (New Orleans) fifth.

Second heat—Won by P. F. O'Connor (New York A. C.), A. H. Hutchinson (Illinois A. C.) second, James Lawlor (Boston Irish-American A. C.) third, Alma Richards (Illinois A. C.) fourth.

Pole vault—Event won by Chester Fee of the Multnomah A. C. at 12 feet. The balance of the field qualified as follows: Alma Richards (Illinois A. C.), C. Goelitz (Chicago A. A.), Fred Thomson (Los Angeles A. C.), C. A. Brundage (Chicago A. A.), P. F. O'Connor (New York A. C.), A. H. Hutchinson (Illinois A. FAR WESTERN INDOOR MEET TO BE HELD IN OREGON

PORTLAND, Aug. 11. — The first far western indoor track and field championships will be held in February, 1916, at Corvallis, Oregon, where the Oregon Agricultural college is located it was announced today. The decision to hold the meet there was influenced partly by the large size of the armory at Corvallis, which affords space for such events as the hammer throw without danger.

Officials of the far western association who announced the decision said the meeting would be open to college and club teams.

Decision on the question of confining the meet to indoor events has been postponed.

MAURICE McLOUGHLIN AND DAWSON WIN

SEABRIGHT, N. J., Aug. 11.—Maurice E. McLoughlin and Ward Dawson, the Californians, won their matches in the singles of the Seabright tournament here yesterday. McLoughlin was never seriously extended by S. H. Voshell. The score was 6-1, 6-2. Dawson found S. B. Prentice a hard problem, and only the fine physical condition of the young Californian made it possible for him to win, 6-4, 5-7, 6-3.

FITCHBURG WINS AGAIN.

The Fitchburg Merchants added another to their list of wins by defeating the Planets of San Francisco, 8 to 3, although badly handicapped by the retirement of "Beany" Martin, their third baseman, who was spiked in the first frame. Busekist was brought in from right and played third. Sittman, filling the right garden, is a comer, getting two hits and scoring two runs, in four times at bat. The Merchants have lost a good man at second in Jule Toffelmier, who will be out of the game on account of business. Manager Sherbourne expects to fill the place with either Dreisbach or Conde, the scrappy little sewser. The Merchants are certainly attracting attention, as the attendance is increasing every Sunday. All the seats were occupied and the overflow was scattered over the field.

AMBROSE ATHLETES WIN

The Ambrose Tailors Athletic club walked away with the Rangers of Allendale by the score of 16 to 3. The features were the pitching of McCarthy and the hitting of the winners. Gerhow made a fine one-hand stab of Ecker's drive, robbing him of a three-bagger. Harley pitched well but was given ragged support. Score:

BAY POINT'S RALLY.

The Bay Point Junior baseball team still continues to do the cleaning up. In a hot game the Bay Points defeated the South San Francisco team by the score of 7 to 6. The score up to the seventh inning was 6 to 2 in favor of the Southerners when the Bay Points started a rally, scoring four two-baggers and a three-bagger. This clouting started the rally. McDonald of the Juniors did great work with the stick and it was due to him that his team won. Score:

NOTICE OF PUBLIC WORK.

Notice is hereby given, that on the 30th day of July, A. D. 1915, the City Council of the City of Oakland, passed Resolution of Intention No. 11143 N. S., to order the following street work to be done, to-wit: The closing up and abandoning of the following streets and portions of streets shown on and dedicated by that certain map entitled "Wyman's Subdivision of Park Place on the line of the California Railway, Brooklyn Township, Alameda County, Cal.," filed in the office of the County Recorder of Alameda County, State of California, April 20, 1892, in book of maps 13, page 39, to-wit: All of Plaza Street, Depot Street and Mountain View Street; all of that portion of Prospect Street that lies northeasterly of the northeastern line, and its production northwesterly, of Bay View Street; and all that portion of Bay View Street that lies southeasterly of the southeastern line, produced northeasterly, of Lot 17 of said Wyman's Subdivision of Park Place.

And said Council does hereby determine and declare that said proposed work and improvement is of more than local or ordinary public benefit, and will affect and benefit the lands and district hereinafter described, which said district is hereby declared to be the district affected and benefited by said work and improvement, and that therefore the entire damages, cost and expenses of said work and improvement shall be and are hereby made chargeable against and shall be assessed upon said lands and district, which district is within the City of Oakland, County of Alameda, State of California, and is more particularly bounded and described as follows, to-wit:

Bounded on the northwest, northeast, southeast and southwest by the northwestern, northeastern, southeastern and southwestern lines, respectively, of the hereinbefore mentioned "Wyman's Subdivision of Park Place": Saving, excepting and excluding from said district all public streets, avenues and roads therein included and contained.

All of the aforesaid improvement shall be done in accordance with the provisions of an act of the Legislature of the State of California entitled "An Act to provide for laying out, opening, extending, widening, straightening, or closing up in whole or in part any street, square, lane, alley, court, or place within municipalities, and to condemn and acquire any and all land and property necessary or convenient for that purpose," approved March 6, 1889, and the several acts amendatory thereof or supplementary thereto.

For further particulars reference is hereby made to Resolution of Intention No. 11143 N. S. for the above described work, on file in the office of the City Clerk of the City of Oakland. This notice shall be published for ten days in the Oakland Tribune, being the newspaper designated by said City Council for such publication.

DEATH SUMMONS JOSEPH A. WOODS

Leader in Fraternal Circles Passes Away at Hospital After Short Illness.

HAYWARD, Aug. 11.—Fraternal circles in the east bay cities have lost one of their leaders in the death of Joseph A. Woods of this city, which occurred suddenly at the Providence Hospital last evening, after a short illness. He had gone a few days before to Adams Springs, Lake county for the second time this season to regain strength so he could undergo an operation. Returning from that resort he entered Providence hospital, and was under the care of Dr. O. D. Hamlin. His condition rapidly became critical, death ensuing as the result of a clot of blood on the heart before he could be operated upon.

The decedent was an enthusiastic lodgeman and was a member of Eden Parlor, Native Sons of the Golden West; Knights of Columbus and other fraternal organizations. He was one of the upbuilders of several of the local lodges and participated in many of the principal fraternal events in the bay cities. He was a partner in the merchandise firm of Woods & Duarte and before that was in partnership in the same business with his brother, Jesse H. Woods, building up a successful business here. Several years ago he was employed in the Charles Heeseman store in Oakland.

He was 33 years of age and was unmarried. A native of San Leandro, Woods had made his home in Hayward for the past fifteen years. He is survived by his mother, Mrs. Mary Woods, and six brothers and sisters; Mrs. Mary Flores of Oakland, Mrs. A. V. Rogers, San Jose, Mrs. Charles Gibbons Danville; Richard Woods, San Leandro; Jessie H Woods, of Hayward and George Woods of San Jose.

The funeral will be held here Friday from the home of his brother, Jesse Woods.

EASTERNERS DEPART.

SAN LEANDRO, Aug. 11.—Mr. and Mrs. C. A. Dearborn of New York, who have been visiting here with Mrs. Charles H. Wilson of Cambridge avenue, returned east this week. They spent several weeks visiting the exposition and other places of interest.

LAWSON NOW MINING DEAN

Prof. Barneveld Joins U. C. Faculty to Help Administer Department.

BERKELEY, Aug. 11.—Provision for the department of mining at the University of California, the deanship of which has been vacant since the recent death of Professor Samuel B. Christy, was made by the regents yesterday when they appointed Professor Andrew C. Lawson, head of the department of zoology, to the position. Professor Lawson is to retain his position in the department of zoology, and will be assisted in administering the affairs of the mining college by Professor Charles Van Barneveld, now chief of the mines department at the exposition.

Numerous other appointments of interest were also made by the regents upon the recommendation of President Wheeler. The department of mechanical engineering is strengthened by the appointment of Professor Frederick B. Raber, formerly of the University of Nebraska. Several appointments are made to the department of agriculture faculty. New men are named in philosophy.

Resolutions were received from the California State Homeopathic Medical Society approving the union of the Hahnemann Medical College of the Pacific with the University of California Medical School. Several minor gifts were noted in a report of the president to the regents. The appointments of interest which were confirmed, were the following:

NEW FACULTY MEN.

Economical and Statistical Associations to Convene

PROFESSOR EMERITUS BERNARD MOSES, DEAN OF WESTERN ECONOMISTS, WHO WILL SPEAK AT ECONOMIC CONVENTION.

BERKELEY, Aug. 11.—Two correlated organizations, the American Economic association and the American Statistical association, will begin this evening sessions of much importance. Tomorrow the two organizations will convene on the University of California campus at different hours and on Thursday will adjourn to Palo Alto for sessions at Stanford University.

Both organizations have attracted to the coast a number of men of national importance in economic lines. Many of them are university professors of note, including Professor Bernard Moses, emeritus, dean of western economists and political scientists. Professor Walter F. Wilcox of Cornell University is president of the economic association, while E. Dana Durand, director of the United States census, heads the statisticians.

The opening joint session of the organizations will be held tonight at the exposition memorial auditorium in San Francisco when President Willcox will speak on "The Expansion of European Population" and Mr. Durand on "Statistics in Relation to War and Peace."

In the subsequent convention days in Berkeley and Palo Alto the sessions are arranged to permit attendance upon both; the economists convening in the mornings and the statisticians in the afternoons at the university here, at room 110, California hall. The program for tomorrow is as follows:

American Economic association, 10 a. m.—"Economic Aspects of the Panama Canal," Professor Grover C. Huebner, University of Pennsylvania; discussion by Professor Rockwell D. Hunt, University of Southern California; Professor William F. Ogburn, Reed college; Professor Charles A. Tuttle, Wesleyan university; Professor Phillip B. Kennedy, New York university; Professor Simon Litman, University of Illinois. "Some of the Economic Aspects of Japanese Immigration," Professor H. A. Mills, University of Kansas; discussion by Professor Ira B. Cross, University of California, and Robert New Lynch of the California Development board.

After the morning session a luncheon will be served at the Faculty club:

American Statistical Association, 2:30 p. m.—"Measures of the Co-relation of Tax Burdens," A. E. James of the Wisconsin Tax Commission; "Examination of the Methods of Forecasting Business Cycles by the Use of Statistics," Professor Warren M. Persons, Colorado college; "Some Population Statistics of the Pacific Coast States," Professor Walter F. Willcox, Cornell university.

Tomorrow evening the economic association will hold a joint meeting at the St. Francis hotel with the National Tax Association, when "Federal Income Taxation" will be discussed and E. R. A. Seligman, chairman of the tax association committee on the subject, will report.

At the Palo Alto session Professor Moses is to discuss the trade relations of North and South America and Professor Stuart Daggett will consider the transcontinental railroads and the canal in their economic interrelations. Vital statistical work in this state, the use of statistics in private business and other themes will be considered by the statisticians in their afternoon session in Palo Alto.

TECHNICAL CHANGES TO PLUMBERS' LAWS URGED

ALAMEDA, Aug. 11.—The board of health last evening held a special meeting and considered a report from its sanitary committee regarding a revision of the local plumbers' laws. The Master Plumbers' Association submitted a proposed ordinance to be adopted and this was perused by the committee. It was found that much of the present measure was included in the projected law and so the committee only recommended technical changes. The proposition of having a plumbing commission here, which would examine all plumbers and issue certificates, was laid on the table. The committee's recommendations of amendments to the existing ordinance will be referred to the city council.

BABE FOUND ON ROCKS.

BERKELEY, Aug. 11.—The body of a new born boy child was found on the rocks at the foot of Ashby avenue, late yesterday afternoon by two West Berkeley youths. The child had died from drowning, no marks being found on the body. There was no clew to the identity of its parents.

ON MOTORCYCLE TOUR.

MELROSE, Aug. 11.—Raymond J. Lavery, an employe of the Standard Oil Company, and Stanley Kalas, 5107 Foothill Boulevard, are on a motorcycle trip in the southern part of the state. They reached the Mexican border after a tour through Los Angeles and San Diego, and on one part of their trip accompanied a party of fifty motorcyclists.

ALAMEDA BALLOONIST MAKES MAIDEN VOYAGE

ALAMEDA, Aug. 11.—Eighteen hundred feet in the air was the altitude reached last Sunday by Roy A. Raymond, who was making his first trip in a balloon. Raymond, who is 21 years of age and the son of Mr. and Mrs. C. H. Raymond of 714 Twenty-first street, Oakland, is making ballooning his profession and his maiden trip was a great success.

When the balloon reached the great height Raymond dropped away in his parachute and landed on Central avenue, about a block and one-half away from where he started. The young aeronaut received the applause of the spectators. He formerly lived in Stockton, where he attended public school. Raymond will make another trip next Sunday.

LEAVES FOR VANCOUVER.

ALAMEDA, Aug. 11.—Mrs. James Pilling (Jennie Jehu) left yesterday with her little daughter for her home in Vancouver. Mrs. Pilling has been in Alameda for the past six weeks and has been greeted by many of the old friends of her girlhood days, when she was one of the leading contraltos on the east bay side. Since then she has had several seasons on the operatic stage. She married James Pilling, manager for one of the companies, and who is now with one of the big vaudeville circuits at Vancouver, where he is in charge of a popular playhouse.

ALAMEDA PERSONALS

ALAMEDA, Aug. 11.—Mrs. Timothy Fell of Chicago, who has been spending the past few months as the guest of her sister, Mrs. F. R. Anglemier, of Laurel street, has left for her home in the East.

Miss Nita Diamond left yesterday for a few weeks' visit on the Russian river, where she will be a guest of the W. E. Schwerins at their summer home, "Stag's Leap," [illegible].

Mrs. Frank Miller and daughters, the Misses Carrie, Florence and Daisy Miller, will leave Friday, accompanied by Mrs. Franz Collischonn and two children, Phyllis and Franz, for Hilton on the Russian river. They will spend two weeks at the cottage of Dr. Philip Collischonn.

Miss Margaret Shear of 1421 Caroline street has returned from a visit to Monte Rio, where she spent the month of July with the Misses Ida and Ala Butler of San Francisco.

Mr. and Mrs. George Rutherford of San Jose have taken the Young home at the corner of Central avenue and High street, and will make their home here for a year at least.

Mrs. J. P. Lindsay entertained informally for out-of-town guests, asking a few friends to meet two visitors from St. Louis, who were here to see the Exposition.

READY TO START U. C. BUILDING

Bids Received by Regents for Wheeler Hall; Contracts This Week.

BERKELEY, Aug. 11. — Bids received this week for the different portions of work on Benjamin Ide Wheeler hall, the magnificent new class building which is to rise on the University of California campus, are being classified in preparation for the awarding of the contracts. The bids were reviewed by the regents of the university at their meeting yesterday afternoon, but the final letting of contracts was delayed until a later day in this week.

The plans on which the contractors figured, as prepared by John Galen Howard, professor of architecture and supervising architect of the university, show the main facade of the building as facing south—toward the Sather gate.

A broad flight of granite steps will lead up from South drive to the imposing columned front of the building. From the entrance terrace, seven arched doors will admit the visitor to a lobby, ninety feet in length floored in cork tile and panelled and vaulted in Caen-stone plaster. From the lobby five doorways will admit into the handsome auditorium, which constitutes the central feature of the building. This auditorium, occupying an interior court, will have rising tiers of seats capable of accommodating 1019 people. It will be used for some of the larger university classes, such as those in history, botany, and hygiene, and for the great number of evening public lectures to which not only students but the general community throng throughout the university year. On this floor, also will be a large lecture room accommodating between 400 and 500 students, ten classrooms of varying size, and a commodious rest room for the women students.

A LOWER STORY.

From the entrance lobby a staircase will descend to a lower story in which will be four classrooms, additional exits for the auditorium, and a large room devoted to the elaborate heating and ventilating equipment for the building.

The second floor of the building will contain seven large classrooms and eighteen classrooms of smaller size. On the third floor will be a faculty room sixty feet in length. It will take the place of the present faculty room in California hall, recently abandoned because with the growth of the faculty it had become totally incapable of accommodating meetings of the teaching staff. On this floor also will be five large and sixteen small classrooms.

In the four corners of the top floor of the building will be rooms which can be used as departmental libraries. On this floor, also, will be two smaller rooms available for library purposes, and forty-seven individual offices or studies for the members of the faculty. This is regarded as one of the most useful and valuable features of the building, since heretofore there has been great dearth of opportunity *for members of the faculty to pursue* their scholarly work on the campus itself, in close proximity to the other facilities of the university and in ready accessibility for conference with students.

MOST MODERN TYPE.

In construction the building is to be of the most modern fire-resistive type, with steel frame, reinforced in concrete, floors and roof of concrete, and interior partitions of metal-lath and fireproof plaster. The exterior of the building will be of white California granite and of the red earthen roof-tile traditional in California architecture. Copper will be used for the exterior metal work. In its broad classic lines and in its chaste and beautiful ornamentation, of classical origin, Wheeler hall is thoroughly in accord with the other great granite buildings of the Hearst plan, but in its suggestion of the traditions of American colonial architecture, as exemplified in early American college and public buildings, it has, also, a strong and delightful individuality all its own.

It is hoped by the university that ground for the classroom building will be broken in a few weeks, and that it will be ready for use when this year's freshmen have become sophomores.

The erection of Benjamin Ide Wheeler hall marks the beginning of the expenditure of $1,800,000 of university building bonds money, as voted by the people of California last November, through their approval of an initiative measure proposed by the alumni of the university.

ALAMEDA EAGLES TO PARTICIPATE IN DANCE

ALAMEDA, Aug. 11.—Thursday and Sunday are to be big days for Alameda Aerie of Eagles, as the National Eagles day will be held at the Exposition Thursday and the local lodge's annual picnic will be held at Grand Canyon Park, near Richmond, Sunday next.

There will be a great assemblage of Eagles at the fair. An automobile parade will be held at 11 a. m. and at 1:30 the Eagles will march through the Exposition grounds to Festival Hall. Members of Alameda Aerie will assemble at the Van Ness entrance at 1:15 o'clock. At 8:30 p. m. there will be a reception and ball in the California building.

ALAMEDA GIRL TELLS OF COMING WEDDING

ALAMEDA, Aug. 11.—Announcement is made of the engagement of Miss Gladys Whaley, daughter of Mrs. William Whaley, to J. H. Cain, a former student at St. Mary's college. It will be a brilliant wedding which will unite the young couple and will take place at St. Joseph's Catholic church, with the sister of the bride-elect, the blind musician, playing the wedding march and other selections appropriate to the occasion. The date of the wedding has not yet been made known, but it will be the advent of the near future and fill follow the return of the sister of the bride from an outing in the Santa Cruz mountains.

DARKEN GRAY HAIR, LOOK YOUNG

By Applying Q-Ban—Not a Dye—Harmless—Changes All Your Gray Hair to a Soft, Beautiful Dark Shade.

Don't look old—look young—so if your hair is wispy, thin, falling, gray, streaked with gray, faded, dry, prematurely gray, to restore to original dark color simply shampoo hair and scalp a few times with Q-Ban Hair Color Restorer. All your gray hair will then become beautifully darkened, lustrous, soft, fresh, wavy, with that dark lustrous gloss, making entire head of hair evenly darkened fascinating and attractive. Also stops itching scalp, dandruff and falling hair. Q-Ban is not a dye, but acts on the roots, making hair healthy, so the gray hair naturally turns beautifully dark, so evenly that no one can tell it has been used. Q-Ban is not sticky or messy; harmless and is guaranteed to darken gray hair. Big 7-oz. bottle only 50 cents. At Normal Pharmacy, Eighth and Washington Sts., Oakland, Cal. (Phone Oak 2550.) Out-of-town folks supplied by mail.—Advertisement.

JOHNS HOPKINS MAN NAMED TO FACULTY

Successor to Dr. Slemmons Begins Duties With This Semester.

BERKELEY, Aug. 11.—In the person of Dr. F. W. Lynch of Rush Medical School, the regents of the University of California have found a successor to Dr. Slemmons as professor of obstetrics and gynecology in the medical school, and his appointment was verified at their meeting yesterday afternoon. Dr. Lynch is to take up his new duties with the beginning of the next semester.

Dr. Slemmons resigned recently to enter the faculty of the medical school of Yale University.

Dr. Lynch was graduated from Adelbert College in 1895 and from Johns Hopkins University four years later. He was assistant resident and resident obstetrician and chief of the obstetric clinic at Johns Hopkins in turn during the succeeding four years, after which he became assistant professor of obstetrics and gynecology at Rush Medical school. He has been also attendant obstetrician and gynecologist at the Presbyterian Hospital and editor of the Chicago Gynecological Society. The position to which he is appointed carries a salary of $5000 per year.

Another new man named to the faculty is Dr. F. Hinman, who becomes instructor in urology at a salary of $1200.

TEXANS TO CONCLUDE VISIT TO ALAMEDA

ALAMEDA, Aug. 10. — Mrs. O. A. Bennett and daughter, Miss Dorothy Bennett, who have been enjoying a stay of two months in California, and have been the guests of Mrs. T. W. Leydecker at her home on Laurel street, will leave this evening for their home in Texas. They will go by way of Yellowstone park and will make a five days' tour of the great national reserve, after which they will go on to Salt Lake city and then to the northern part of Texas for a visit with friends before going to their home in Fort Worth.

While in Alameda, they have devoted much time to sight-seeing and the exposition.

REMOVE TO SEATTLE.

ALAMEDA, Aug. 11.—The Charles Sargents have changed their residence place to Seattle, where Mr. Sargent was called by business interests, shortly after the purchase of the Tapley home, 1220 Chestnut street, which they renovated and remodeled, with the expectation of permanent residence in Alameda. Mr. Sargent was joined later by his wife and child.

PROBATION TO BROCK.

ALAMEDA, Aug. 11.—Police Judge L. R. Weinmann intimated this morning when Charles C. Brock, also known as C. C. La Croix, appeared before him for sentence on a charge of having stolen an automobile from W. H. Miller, that he would place the youth on four months' probation. Miller was not in court, so the case was continued until Saturday morning.

JIMMY WAY INTO HOMES.

BERKELEY, Aug. 11.—The residences of Charles H. Ehlert of 1330 Bonita avenue, and D. T. Blathroad, 1732 Milvia street, were entered by a burglar last night, who in each instance jimmied a front door during the absence of the respective families. At the Blathroad home he obtained valuables to the extent of $40.

Level New Drive At Deadly Fever

University Names Man to Aid Dr. Gay

BERKELEY, Aug. 11.—A head-on drive at the dread forces of typhoid fever has been decreed by the regents of the University of California, and it will be led by Dr. Frederick P. Gay of the department of pathology, one of the best known immunologists in the country. To render his work more effective the regents yesterday appointed as his assistant Dr. Harry Chickering, an Eastern investigator, who has been conducting noteworthy work.

Dr. Chickering's appointment is of effect at once. The laboratories at the university will be occupied by Dr. Gay and Dr. Chickering from now on in pushing their investigations.

In investigations extending over several years, Dr. Gay has achieved notable results in attacks upon this disease. Through the use of a sensitized vaccine the period of the disease has been reduced from six to two weeks in two out of every five cases under examination.

The discovery of the sensitized vaccine and Dr. Gay's techniqque in its administration have aroused wide interest among members of the medical profession. It is expected the increase to Dr. Gay's force will result in further valuable development of his method.

ALAMEDA BELLE WEDS SAN FRANCISCO MAN

ALAMEDA, Aug. 11.—Miss Ottilie J. Bertelsen of this city, daughter of Mr. and Mrs. Adolph F. Bertelsen of 465 Santa Clara avenue, was married to Paul Hartman, a business man of San Francisco. The simple wedding ceremony was performed by the Rev. Henry Feix, former pastor of Christ Lutheran church of this city, at his home across the bay. The only witnesses were Miss Frieda Bertelsen, sister of the bride, and George Sullivan, a friend of the bridegroom, who were the attendants. Mrs. Hartman wore a handsome tailored suit of blue cloth with big black velvet hat, ornamented with a white aigrette. The newlyweds are on their honeymoon trip of ten days or more and will take apartments in San Francisco after their return.

TO CONSIDER PLAN FOR BUYING SCHOOL LAND

ALAMEDA, Aug. 11.—The buildings and grounds committee of the Board of Education is now holding sessions and considering the acquisition of additional school lands. Considerable property is to be purchased in various sections of the city and the committee is now obtaining figures from the various property owners. Should exorbitant prices be asked the matter will be taken to the courts on condemnation proceedings.

EDWARD B. HORE DIES AT HOME IN ALAMEDA

ALAMEDA, Aug. 11.—Edward B. Hore, for many years a resident of this city, died this morning at his home, following an extended illness. Hore was the husband of the late Mrs. Ruth L. Hore and was father of Charles H. and Evelyn R. Hore. He was a native of England and 74 years of age.

The funeral will be held Friday morning at the chapel of Smiley & Gallagher, and will be under the direction of C. H. Wever. Interment will be in Evergreen cemetery.

ALAMEDA SCHOOLS SHOW BIG GROWTH

Enrollment Totals Compiled by School Board Are Completed.

ALAMEDA, Aug. 11.—The enrollment of the Alameda schools is steadily climbing, the latest report showing an increase of 151 over a week ago. The schools will close Friday for a two weeks' vacation, the result of the convention of the National Educational Association in Oakland. It is expected that following this second vacation, on September 1, the attendance at the schools will show an increase of several hundred more.

The latest report shows the following figures:

Lincoln school	549
Everett school	119
Porter school	533
Haight school	667
Mastick school	482
Longfellow school	348
Washington school	414
Total elementary	[illegible]

PLANS COMPLETED FOR VISIT OF EDUCATORS

ALAMEDA, Aug. 11. — The delegates of the National Educational association who will be guests of the Alameda Chamber of Commerce Thursday, August 18, will be taken on an automobile tour of Alameda before going to the beaches, where they will be entertained with aquatic stunts and be permitted to enjoy a swim in the surf or in the tanks of Surf Beach, Palm Beach or Sunny Cove. Arrangements are being made for obtaining about 50 automobiles from local residents. This is in charge of Superintendent of Schools C. J. Du Four and Secretary E. J. Silver of the Chamber of Commerce.

The automobiles will assemble at Webster street and Santa Clara avenue and will take the guests along Santa Clara avenue, stopping at the Elks' club for refreshments. They will then be taken to High street, south to San Jose avenue and west to the beaches. This will give all a fair idea of Alameda's facilities.

It is expected that there will be several hundred delegates who will avail themselves of Alameda's hospitality.

WOMAN MINISTER TO SPEAK IN ALAMEDA

ALAMEDA, Aug. 11.—Rev. Lucy C. McGee of Boston, Mass., will speak this evening at the Home of Truth, Alameda avenue and Grand street, her topic being "Concentration." Rev. McGee is minister of the Church of the Higher Life in Boston and is a scholar and authoress. She has a large following in the eastern city, where she has been pastor of the church for some years. This evening's service will start at 8 o'clock and everybody is invited to attend.

WEDDED TO OAKLANDER.

ALAMEDA, Aug. 11.—Miss Martha Wood of this city and Clyde R. Robinson of Oakland were united in marriage at simple services performed by Rev. Herbert Thomson of the First Presbyterian church at the home of Mr. and Mrs. William L. Lewis, 807 Pacific avenue. The couple will reside at 727 Madison street, Oakland.

VALLEJO NOTES

VALLEJO, Aug. 11.—Within the next few days Prof. Charles Brown of the Vallejo High School will have the Rugby fifteen which is to represent the Red and White this season out for practice and it is expected that before many weeks Vallejo High will have a team which will prove capable of holding its own with any of the "prep" school aggregations in this vicinity.

Justice of the Peace John A. Browne yesterday tied the knot which united in marriage Louis A. Maehler, of Oakland, and Miss Louise Krausch.

Past State President Frank Brew of the Eagles returned yesterday from Spokane, Wash., where he attended the Grand Aerie session last week, in company with Past State President J. W. Kavanagh and delegate Richard Ryall of Vallejo Aerie, No. 71, F. O. E.

The long hoped for improvement of Sonoma street, from Alabama street to the northerly city limits, is at last under way this week.

In line with his pre-election promise to conduct the affairs of the municipality as economically as possible, Mayor James Roney is conducting an experiment with the electrolier systems in Virginia and Georgia streets in an effort to ascertain if the streets can be adequately lighted without having all of the lights burning.

Kenneth Dick writes to relatives in this city that he had a most enjoyable trip to the east coast on the tanker Kanawha.

George Dampa was painfully injured Monday when he stumbled and fell in his place of business, his left arm going through a show case with the result that it was badly cut by the broken glass.

J. J. Connolly, A. J. Blanco, and O. W. Hilton will represent Vallejo Council No. 13, Y. M. I., at the thirty-first grand council of the Y. M. I. to be held in San Francisco next week.

Word has been received that the 14-year-old son of Mr. and Mrs. Henry W. Oppermen may lose his left eye as the result of an accident which happened at Glen Cove Sunday when a soda water bottle exploded.

The Ohio, Commander J. T. Tompkins, U. S. N., commanding, has the honor of being the first battleship in the United States navy to enter a drydock at Mare Island. The vessel in company with the gunboat Newport, the New York state training ship, were both placed in cradle No. 2 at the local naval station.

MARKET ERRATIC; PRICES DECLINE

Improvement in Properties Fail to Advance Quotations.

SAN FRANCISCO, Aug. 11.—The mining shares market was featureless this morning and drifted along with a downward tendency to prices, although there was no marked selling effort. Of late reports from active properties in Goldfield have been infrequent and rather vague in character, while in New York there have been vigorously circulated rumors of decreasing ore production.

The erratic tone of the market is shown by two instances. One of these is Great Bend, which was quoted at 12c and 14c when the shaft was filled with water, and was sold today at 4c, after the shaft had been cleaned out and the mine equipped with expensive machinery. Another example is Rochester Mines, where production has materially increased during the past month, and which had done well to hold firm at 27c and 28c in that time. It is believed that low levels have been reached, but that the anticipated revival of public interest will await some definite action with regard to the European war.

Jumbo Extension was in light demand at $1.47½ and sold later at $1.45. Merger Mines advanced to 21c and the buying of Atlanta appeared at an end at 30c. The best bid for Goldfield Consolidated was $1.20. Round Mountain was bought somewhat freely at 45c.

Mexican dropped from 49c to 47c, Union Union from 21c to 20c and Ophir from 26c to 24c. There were bids of 30c for Belcher.

Con. Virginia, for which 14c was asked, furnished an instance of the persistent trust placed in Comstocks. Out of 38,000 shares advertised as delinquent on the 5-cent assessment, there remained for sale yesterday but 100 shares.

LOCAL MARKET STRENGTHENS

FRUIT DEMAND STIFFENS PRICES

Unheralded Scarcity of Cantaloupes Send Up Quotations; Peaches Firm.

An unheralded scarcity of cantaloupes sent the market up decisively this morning. Demand held firm, stimulated by the warm weather, and the top stiffened 25 cents so that the best Standards were bringing from 90 cents to $1.25 per crate. The ponies on hand sold briskly at a range of 75 to 90 cents and lug boxes went at 5 to 85 cents. For tomorrow a drop is predicted as much heavier consignments are expected. In addition to the lively sales of melons the market for peaches and Bartlett pears strengthened and the stock moved far better than last week. Though clingstones have not yet met great demand, freestones sold rapidly today and at an improved price—a fact partially accounted for by the excellence of the fruit now coming into the street. Among the arrivals was a quantity of very fine freestones from the Turlock country, Campbell and Cupertino. The fanciest of the wrapped Bartlett pears commanded as high as $1.50 per box, and though the inferior grades are not selling so well, the best stock is wanted by the traders. The fact that the new state standardization law, specifying that in packed boxes of peaches, apricots, pears, prunes and plums none of the lower layers shall contain a large number of fruits than the top layers, is expected to have a tonic effect in stimulating demand for such boxes. Most of the packers and their associations had already set up such standards voluntarily but the certainty that it will apply to all will make buying less of a gamble. As yet, however, there is some doubt as to whether the law applies to fruit sold outside the state alone, or to that sold here as well. Grapes were also popular this morning and despite the plentiful supplies rolling in, there was no decline in the range of prices, which continues to be higher than the San Francisco market. No blacks appeared, but seedless of various kinds and Malagas were in the majority. Black figs today were offered in single layer crates at $1 and in double layer boxes at $1.25 to $1.50, selling early on account of the slight consignment. Very few nectarines were to be had and there was an utter absence of raspberries. Navel oranges too are now a thing of the past.

The influx of tomatoes continued again this morning with the result that the extreme top on San Leandros slipped down to 85 cents and at that price could scarcely find purchasers. Practically disposed of at anything dealers could get, the range extended as low as 15 cents for lugs from Stockton, and the heavy supply failed to clean up even at that ridiculous figure. Green corn was offered as low as 25 cents a sack for inferior grades, but could not be moved with any success and hung on the hands of the commission men. Otherwise the vegetable market showed no changes of moment.

WHEAT DECLINES AS HARVEST HASTENS

Favorable Conditions in Spring Crop States Cause Drop in Deliveries

By Associated Press.

CHICAGO, Aug. 11.—Rapid harvesting under favorable conditions in the spring crop states caused declines today in all deliveries of wheat except September. Opening prices, which ranged from a shade to ¾c lower, was followed by a moderate rally that carried September above last night's level.

After opening unchanged to ¼@⅜c higher, the corn market tended to harden a little in addition.

Delays to threshing gave strength to oats.

Packers' buying lifted provisions after a slow start.

Closing—Wheat: Sept., $1.09¾; Dec., $1.03¾.
Corn—Sept., 75¾c; Dec., 64c.
Oats—Sept., 41c; Dec., 40¾c.
Pork—Sept., $13.92; Oct., $13.92.
Lard—Sept., $8.02; Oct., $8.07.
Ribs—$9.15; Oct., $9.07.

CHICAGO, Aug. 11.—Corn—No. 2 yellow, 81½@82½c; others nominal.
Rye—No. 2, $1.05.
Barley—72@78c.
Timothy—$5.50@7.
Clover—$8.50@13.25.

SOCIETY WOMAN NEARLY KILLED

Live Wire Strikes Her in Bathtub; Rescued by Attendant.

SAN FRANCISCO, Aug. 11.—Mrs. Effie Van Tuyl, society woman and official hostess to the exposition from Kansas, barely escaped electrocution while bathing in her suite at the Kansas building yesterday morning. An electric wire from the ceiling, highly charged, dropped from a hook and struck her back.

Albert T. Reed, commissioner-general of the Kansas commission, who heard her cries, broke through the heavy door. Mrs. Van Tuyl lay unconscious in the water. Reed ran to the switch and turned off the current.

Dr. Dignan of the exposition emergency hospital said that if Reed had not found the woman she would have been dead.

Mrs. Van Tuyl is one of the most prominent society leaders at the exposition.

Sebastian Charges Plotted, Girl Tells Superior Judge

Edith Serkin Says Mayor Was Innocent

By Associated Press.

LOS ANGELES, Aug. 11.—Miss Edith Serkin, chief witness in the recent trial of Charles E. Sebastian, then candidate for mayor, and her sister, Mrs. Lillie Pratt, on a charge involving their moral conduct toward the girl, recently made a confession to four Superior Court judges that her testimony at the trial was false, it became known here last night.

The confession was made after Miss Serkin ran away from a country home near Los Angeles, where she had been placed by order of the juvenile court. Miss Serkin returned to the home of her sister, Mrs. Pratt, and is said to have stated that her conscience would not let her rest until she had told the truth.

County officials were notified and the Serkin girl was taken to the county hospital for observation as to her mental condition.

VISITED BY JUDGE.

Recently she was visited by Judges Perry N. Wood, Grant Jackson, Sidney Reeve and Paul J. McCormick of the Superior Court. Presiding Judge John M. York stated last night that the girl made a complete statement to the four judges, in which Mayor Sebastian and Mrs. Pratt were exonerated of any wrong doing.

The charges against Mayor Sebastian and Mrs. Pratt were filed during the campaign of Mr. Sebastian, then chief of police, for mayor. The trial created intense interest.

Edith Serkin's confession was the subject today of investigation by the criminal complaints committee of the county grand jury. The girl's confession that her charges against Sebastian and Mrs. Lillian Pratt were false is said to have involved several public officials in connection with the allegations, freely circulated before and during the trial, that the accusations were the outcome of a conspiracy to ruin Sebastian, who was then chief of police and candidate for the mayoralty.

EDITH SERKIN.

KEPT SECRET LONG.

The girl's statement was dictated at the county hospital more than two weeks ago, but no hint of it became public until yesterday, when the board of county supervisors debated the question of paying demands of the district attorney for $377.50 to liquidate board bills for witnesses who testified with Miss Serkin against Sebastian and Mrs. Pratt, who was tried and acquitted of immorality charges with the mayor.

Mrs. Pratt is a half-sister of Miss Serkin, whose statement came after she had pleaded to be allowed to return to Mrs. Pratt's home.

After the acquittal of Sebastian and Mrs. Pratt the Serkin girl, who had been the ward of the woman she accused, was removed to a retreat in Altadena, a suburb. She ran away from this refuge and made her way to the Pratt home. Mrs. Pratt reported to Judge Reeve of the juvenile court, who ordered the girl taken to the county hospital, where the statement was made.

According to persons who heard the girl's admissions she declared that her sworn statements on the witness stand that she had visited a hotel with Mrs. Pratt and there met Sebastian were false. This hotel was next to the Central police station, where Sebastian, as chief of police, had his headquarters. Miss Serkin is said to have flatly declared that she had never been in this hotel.

Two of my precious Van Dyck Cigars cost me 25 cents. Perhaps you may call me a spendthrift.

I call *you*—so complacent over cheap and poorly-made cigars — well let us rather say that I am sorry for you.

This princely pleasure of smoking I will not quibble over. It must ever *remain* a princely pleasure.

So I choose Van Dycks.

The filler is rolled with one ripe leaf within another. Each leaf is from that sunny land of Cuba, the Eden garden of tobacco. Each leaf is placed with its tender tip towards the lighting end of the cigar so that I may smoke *with the grain* of the tobacco. The yacht club trip will come to an end Sunday evening, the train leaving Tahoe at 9:05. William J. L'Herieux is in charge of the program. A vaudeville performance will also be given at the Tallac Casino by the Indoor troupe. Some of those to participate are Victor Doyle, Otto Wallfisch, Manuel Marks, Lee Lewis, Less Copeland, Dominic Draga, Al Jolson, Denny Jordan, Rube L. Goldberg, W. J. L'Herieux. A burlesque on this year's grove play will be staged under the direction of Judge Morris Oppenheim.

UNIVERSITY ATHLETE SUMMONED BY DEATH

SAN JOSE, Aug. 11. — Donald Walker, one of the most widely known young men in this city, passed away yesterday morning in a Columbia hospital. Although Walker has been seriously ill since an operation for appendicitis last Wednesday, his death was not expected and it comes as a great shock to his many friends.

Walker graduated from San Jose high school last June and was preparing to enter Stanford University this fall. He was keenly interested in outdoor sports and besides being a basketball and rugby star in high school, was tennis champion of Santa Clara county. He was also actively engaged in Y. M. C. A. athletics, and gave great promise as a referee.

The funeral was held this morning at Curry & Grippenstraw's at 10:30 o'clock, and interment was at Oak Hill cemetery.

Beside his mother, Walker left a sister, Marie, and a brother, Robert.

U. S. STEAMER LLAMA RELEASED BY GERMANY

WASHINGTON, Aug. 11.—The American steamer Llama, one of two Standard Oil ships taken by German submarines to Swinemuende, was released on August 6, according to a dispatch to the State Department from Ambassador Gerard at Berlin. The dispatch does not say whether the Llama's cargo of petroleum was detained and makes no mention of the steamer Wico, taken with her.

INJURED IN AUTO WRECK

Hugh Kimball and Party in Accident in Lundy Road.

SAN JOSE, Aug. 11.—Hugh Kimball, president of the Kimball Electric Motor Car Company of Oakland, and three companions, a man and two women, narrowly escaped death at midnight last night when their car turned over in Lundy Road, near Berryessa road, two miles north of this city.

The two women of the party are now at the Columbia Hospital, where they are being treated by Dr. K. C. Park, city physician, but Dr. Park refuses to discuss the case. One of the women is said to be a trained nurse. Kimball and the other man, whose name is being kept a secret, received only superficial injuries. One of the women is known to have sustained a broken shoulder blade, but neither is dangerously hurt.

The authorities at the hospital refused to give out the names of the two women.

FORBIDDEN BY COURT TO DRIVE AN AUTO

SAN JOSE, Aug. 11.—"Thou shalt not drive an automobile," was the wholesome sentence imposed by Police Judge Dougherty on Delos H. Ross, who failed to stop his machine and render assistance to Miss Frances Reed after he had run the young lady down. The accident occurred several weeks ago at the corner of Second and Reed streets.

Ross, who is a carriage painter, is now forbidden by court order to drive a machine within the jurisdiction for the next year. A violation of the sentence will land the offender in jail for a term of 100 days.

TEACHERS APPOINTED TO SAN JOSE HIGH SCHOOL

SAN JOSE, Aug. 11.—Two appointments were made to the teaching staff of the San Jose high school at last evening's meeting of the school board. Miss Elizabeth McSwain was made a member of the English department succeeding Miss Ethel Swain, who resigned. A salary of $1300 is attached to the position. Miss Mary Carroll was the other appointee to the high school faculty with a salary of $1000 a year.

Miss Virginia McKnight received appointment as a kindergarten teacher with a salary of $840.

NO DOUBT THAT RESINOL DOES HEAL SICK SKIN

When you know physicians have prescribed Resinol for 20 years in the treatment of eczema and other itching, burning, unsightly skin eruptions, and have written thousands of reports saying: "It is my regular prescription for itching." MORGAN HILL MEETING SPLITS ON COMMITTEES

SAN JOSE, Aug. 11. — With only one claimant to the president's chair, the meeting of the Morgan Hill trustees yesterday was a peaceable affair. W. J. Morrison, the regularly elected chairman, was in the saddle and when he called the roll three out of five members were present and one of these withdrew immediately after the roll call.

Trouble arose in the board over the reappointing of committees. Thereupon a cabal of three of the members met at a specially called session, declared the chair vacant and elected Trustee G. F. Pentell to fill it. On the arrival of Morrison there were two contenders for the chair, each claiming he was legally elected. The matter is expected to come to a head at the next meeting of the board.

SUES TO FORECLOSE AGAINST REALTY UNION

Following on the heels of the bankruptcy proceedings against the Realty Union of San Francisco, suit has been commenced in the Superior Court by Clyde P. Heidinger to foreclose on the concern's holdings in this county to the extent of $4200. The amount represents monies invested in the Realty Union by the late Virginia Spurgeon, it is claimed, and her executor seeks to protect the estate.

The Realty Union has been in financial difficulties for some time past. Recently the organizer and manager, Roosevelt Johnson, retired from the management to a sanitarium.
